The Establishment of God's Kingdom on Earth—Articles Bearing on Church Work at Home and Abroad—Carefully Selected Contributions Will be Received for Publication in this Column.

JAPANESE CHRISTIANS FEW

Mr. Arthur Stanhope Aldrich was registered at the Walker house yesterday with his two nieces. They were on the last stages of a trip around the world, being about to take the midnight train for North Bay on their way to Vancouver, where they will ship for New Zealand. Mr. Aldrich was for 25 years a resident of Japan, but has spent the past ten years in New Zealand, where he has been a Japanese consular agent. The missionaries, Mr. Aldrich thought, had done more harm than any other agency. The Japanese had always treated them well and accepted as much of their teaching as was considered worth while, but he did not believe there were 100 real Christians in Japan as a result of all the money that had been spent there. There were many that professed Christianity, but with over 30 sects engaged in promoting their own interests, how could the Japanese tell what was the right doctrine to believe. "This missionary business is the greatest fraud that ever was perpetrated on the public," he declared. "Mail and Empire."

Next year's meeting of the Archdeaconry of Peterborough will be held in Lindsay on the invitation of Rev. C. H. Marsh, of St. Paul's, who attended last week's meeting at Cobourg.

Minden Boho; Rev. F. H. B. Carey, who has been successfully engaged in mission work, in connection with the Clergy House staff, at Minden, has gone to Washago, where he has been appointed to take charge.

Dr. Peters, of New York, in Toronto, said nine-tenths of the people remain away from church because "they want practical, not theoretical religion."

THE INSURANCE MEN GATHER

Business Matters Were Discussed Around the Festive Board.

Evening Post of Oct. 30. An important meeting of the Life Underwriters' Association of Central Ontario, was held in town last night, in the Royal hotel dining room. The Association was formed early in the year, and comprises the Counties of Peterboro, Durham, Northumberland, Victoria and Ontario, with head office at Peterboro. The officers of the Association are: H. P. Lindsay, president; W. R. Widdess, vice-pres.; T. Marks, 2nd vice-pres.; W. F. Nelson, sec.-treas. The Executive committee consists of G. B. Stevenson, North America; H. P. Lindsay, Great West Life; W. R. Widdess, Canada Life; D. H. Moore, Sun Life; S. E. Soils, Canada Life; T. Marks, Manufacturers; W. F. Nelson, Mutual Life.

The objects are to promote good will, harmony and co-operation among the agents of all the life insurance companies doing business in said district, and to devise and give effect to measures for the protection of their common interests. Article 17 (a) reads as follows: "If the conduct of any member shall, in the opinion of the board of management, be injurious to the character and interests of the association, he shall be subject to expulsion by ballot." By this it is obvious that the members are desirous of elevating the moral, as well as financial, tone of life insurance.

Representative members were present from Peterboro, Midbuck, Orillia and Toronto. W. S. Milne, General Secretary of the Canadian Association, was present and enlightened his hearers on many points in connection with life work of the Association. Mr. Fox, M.P.P., for Victoria, was an honored guest and gave assurance that he was always a man of the people, and as such, would extend his sympathy to the work.

Mr. F. C. Taylor, being present, gave some history of his early work in insurance, which showed that, although the present work of life writers is hard and wearisome, yet it is nothing to earlier work.

After a sumptuous repast had been partaken of, supplied by the genial proprietor of the Royal, toasts were proposed to "Our King," "Our Association," "Dominion and Provincial Parliaments" and "Our Guests." The meeting adjourned, after good work being done in securing new members to the association. The association is on a sound basis, and anyone joining hands with same will assuredly reap benefits. The next regular meeting will be held in Peterboro on the 3rd Monday in November.

FOR THE EYE OF LADIES

Health and Beauty Hints Recommended for Times of Trouble.

Small white spots which often appear on the nails are caused from bruising.

Dip the fingers in coal oil and rub the throat to give relief from sore throat.

Court plaster is a good wrinkle remedy. Cut the plaster into triangles and strips to fit the wrinkle and paste on in the night. Remove in the morning and massage gently for five or ten minutes with a good cold cream. Use a strong plaster and one that will stick well. The black variety is best for this purpose.

Stretching exercises of the throat and neck will reduce a double chin permanently. Hold the chin as far up as it will go and with your fingers tip, massage it with a downward motion. Pushing the lower jaw in and out is also good. Once or twice a week is often enough for such home treatment.

The girl with unusual hips—the complexion of afflictions—may care for them, if she inelegantly be not too far advanced, by a ten-minute exercise daily. Bring the knee on the larger side up to the chest and lower it again, all the while standing as nearly erect as possible. Do this twenty or thirty times each day.

Ten minutes' manicuring does not promise very much. In that time, however, something may be done to keep the hands in good condition. The nails may be filed and the skin around the base pushed in with an orange-wood stick—never cut. Then a final polish may be given and a whitening and softening lotion rubbed into the hands.

So many women take short trips these days of easy travel that they should know how to care for their complexion while out and dust and dirt are getting in through windows and doors of fast-moving trains. The soap and water usually found in the dressing room of even the most luxurious sleeping coaches play havoc with the skin; the water is hard and the soap undiluted. Creams of some sort should always be carried; a little toilet vinegar, some sort of soap jelly, a simple powder; these will be found easily packed in a small tin case or a little box that will fit in the handbag.

SHAREHOLDERS OF ONTARIO BANK

Will Hold an Important Meeting on December 12th.

Toronto, Oct. 29. — A meeting of the shareholders of the Ontario Bank will be held on Dec. 12, "to receive a statement of the position of the affairs of the bank, and the report of the directors thereon; to elect directors; to change, if deemed advisable, the date of the annual meeting; to take such action with reference to the affairs of the bank, as far as in the power of the shareholders, as they may consider advisable, and for such other business arising out of the foregoing as may properly be brought before the meeting."

The statement from Curator Estavert will not be a final one, but more in the way of an interim statement as to the progress made in the liquidation of the bank, and a general report of the business of the year, which has been considerable. The curator will be kept busy for a couple of years yet.

KNIGHTS OF COLUMBUS

Convention at Belleville Made Splendid Appearance

Belleville, Nov. 1. (Special). — A Knights of Columbus convention for general business, attended by between 400 and 500 delegates, was held here yesterday. Visiting knights were present from Lindsay, Peterboro, Berlin, Toronto, and many points in this district. In the morning the knights attended mass at St. Michael's church, when an eloquent sermon was preached by Rev. Father Twomey, chaplain of the society.

The feature of the convention was a grand initiation, at which sixty new members were initiated. Mr. Thomas Hanley, chief knight of the local council, presided, assisted by Ald. Butler, grand district deputy. The visitors were a fine looking body of men, and made a splendid appearance. The order is growing rapidly in this district.

Farewell to Autumn Leaves.

Farewell bright leaves of autumn.

With all your radiant dyes, Like those that streak the floating clouds

In the glorious sunset skies. You have been our friends in summer, In fields, and wood, and dell,

You have filled the world with loveliness; Bright autumn leaves, farewell, farewell.

For autumn's golden splendor, Is fading from you now, And slowly falling one by one

You leave your parentough; The wild winds sadly sighing, Are sounding forth your knell,

And wattering you to every breeze; Bright autumn leaves, farewell, farewell.
