HOCKEY

LINDSAY TEAM ORGANIZE.
Evening Post of Nov. 13
At a hockey meeting held last evening the prospects of a hockey team for the coming winter were thoroughly discussed. It was decided never to look brighter for a first-class, sure to win team.

The officers elected for the season were as follows:
Patrons—Col. Sam Hughes, J. D. Fawcett, R. J. McLaughlin, S. J. Fox.
Hon. Pres.—John Carow, Dr. White.
President—Lorne Campbell.
1st Vice-Pres.—Jos. B. Parkin.
2nd Vice-Pres.—Water Reesor.
Secy.—L. R. Knight.
Manager—"Dick" Butler.
Eard—H. Abercrombie.

As for a choice of players, the management is certainly well fixed. There are in town at present quite a number of really first-class men, and we certainly ought to have an all-star team. Among the names proposed are:

Newton, Stoddard, Sullivan, Sylvester, Taylor, Randall, Cole, Lane, Ryan, Riley, Kilien, Duffus, Cotton, Conway, Seymour, Green, Koyle, Burns and Beatoan.

Koyle and Stoddard are both spokesmen of as probable captains, but this will not be decided for some time yet. The team has already been entered in the Intermediate O.H.A., and arrangements have been completed with Mr. S. J. Sheridan for the use of the rink for practice three nights a week.

Practice will begin early in December, and if all goes well, Lindsay leads the championship list for the year. The boys feel confident of making a good showing, and all they ask is that citizens support them by coming to see the games during the season.

MEETING OF EXECUTIVE.

The following extracts from President Darrach's report, read at Saturday's meeting of the O.H.A. Executive in Toronto, will interest lovers of the game in Lindsay and district:

Lindsay and Belleville.

A representative mix-up arose at Lindsay in the return semi-final series with Belleville. Lindsay had won in Belleville, and with ranks of each team by penalties for rough play, a three a side, Referee Waghornes called the game. In conversation with Mr. Waghornes some time after I informed him he had made a serious mistake in calling the game, as he had no authority to do so. The

Bears the Signature of Dr. J. C. Watson

ing season were elected. Mr. Fred A. Clarke was re-elected President and the secretary-treasurer will be Mr. B. T. Huston. The league schedule will be drawn up about Dec. 15.

Brantford can't make up her mind whether she wants professional hockey or not. She still has memories of professional lacrosse and the cost thereof.

The challenge of the Manitoba Hockey League for the Stanley Cup has been accepted by Trustees Ross and Foran. This was the challenge forwarded when Kenora were in possession of the cup, and the Winnipeg team, which won the championship, may not come east to meet the Wanderers.

Guelph is to be the new pro league's headquarters, the presence of Secretary Irving contributing to the decision. An iron-bound schedule is to be drafted. It is said that Sandford, Deyman and Ouellette, of the old-time "Terrors of the North" team, of Fenelon Falls, are slated for positions on the team. An effort was made to secure Koyl, of this town, but without success.

Peterboro Daily Times: Things are looking bright for a successful season here this winter, as with Norwood, Keena and Lakefield in the City League there should be some great hockey this season. All the outside teams will be strong, and will no doubt put up a great fight for the league championship. All games will be played on Peterboro ice as usual. The season should be the best in the history of the league under these circumstances.

The Cobourg team reorganized on Friday, considerable enthusiasm being manifested by citizens and players; Hon. president, E. W. Hargraff; hon. vice-president, Charles E. Speer; hon. second vice-president, A. J. Gould; hon. third vice-president, Dr. Dunage; president, A. L. Tex; secretary, George F. Scott; treasurer, Percy Clarke; executive committee, Clifford J. Webster, L. Crossen, T. McIntosh, L. Wilson. It was decided to enter both intermediate and junior series.

Every day things grow brighter in O. H. A. circles, and the greatest season in the history of the big association is already assured. The wave of professionalism that seemed to be sweeping over the country last spring has subsided before the calmer reasoning time has brought to bear on the matter, and professional ideas are now confined to the three places so far committed that there is no drawing back, viz., Toronto, Berlin and Guelph. Of course Brantford is also being persuaded to sit in and make the game four-handed, but she is so coy and bashful as a country mill should be.

At the meeting held last Saturday to nominate officers of the Ontario Hockey Association, Mr. Dwight J. Turner, who was first vice-president last year, was elected by acclamation as president for 1907-8, as were the other principal officers; First vice-president, Louis Blake Duff, of Welland (acclamation); second vice-president, H. E. Wettlaufer, Berlin, (acclamation); secretary, W. A. Hewitt, Toronto (acclamation); treasurer, A. W. McPherson, Peterboro, (acclamation). Executive (four to be elected)—J. W. Chouven, Stratford, J. L. Crossen, Cobourg; A. M. Edwards, Galt, H. B. Housner, Paris, Dr. G. E. Gaffigan, Uxbridge, Bert Short, Toronto, Dr. F. A. Weismiller, Parkdale. The annual meeting will take place Saturday morning at 9 o'clock at the Temple Building. Delegates must be on hand half an hour earlier.

WALKING

STRENUOUS WALKS.

St. John Sun; An Ontario man of fifty-seven, who walked 138 miles in thirty-six hours is now being praised and admired by his neighbors. One Toronto newspaper says of the feat: "There is a great deal more in this feat than a mere record of physical power. There are plenty of ways of getting to Port Hope and back in less time than thirty-six hours. But the important thing is the general soundness, physical, mental and moral, that is required for a man of fifty-seven years to walk 138 miles in thirty-six hours, or to come anywhere near accomplishing the feat. The courage, the hopefulness, the power of endurance, are all parts of that soundness. A nation whose citizens were in that condition need have no fears about the future." There is no nation whose citizens are in that condition. Every nation under the sun could discover some men of thirty score who would be equal to this walking feat, but the average citizen of any nation who undertook it without preparation would collapse. The average man of fifty or sixty would be spoiled to try it; the risk of over exertion being great and the advantages to be gained being small. The average man of that age has too much sense to be strenuous. He is short of breath from lack of proper breathing exercise, and his endurance is good for about ten miles at a pinch, or twenty under exceptional circumstances. The exceptional man can do his 138 miles in 36 hours without

RINK MANAGERS.

The season again brought to the front the long known truth that it is not for the good of hockey to have rink managers connected with the executives of clubs. The professional trouble in Toronto, Guelph and Berlin, and the crooked dealing of Lindsay the year before, all arose directly from this thing. Rink managers are not scrupulous as to the 'herd' as long as they can show the 'pro' At a meeting of the executive board of the Northern Ohio Hockey League, held at Cleveland recently the rules of the Ontario Hockey Association were adopted.

WEST WILL PLAY PRO.

Reports from Winnipeg are to the effect that at least three teams will play pro hockey this season—Kenora, Portage la Prairie and Winnipeg. Brendon is wavering, but likely will stay in the game.

MIDLAND OFFICERS

The annual meeting of the Midland Hockey Club was held Tuesday evening and the following officers elected; Patrons, D. L. White, D. J. Turner, Digby Horrell, James Playfair, Wm. Finlayson, H. J. Craig, W. H. Bennett; Hon. President, Many Clem; President, John Henley; Vice-President, C. E. Akins; Secretary, F. C. Gould; Treasurer, Edward Switzer; Manager, R. White; Committee, John Gill, Fred Morgan, L. Tisdall, D. Brodriek and Ernest Lavano. John Henley was appointed delegate to the O. H. A.

The Peterboro City Hockey League held their organization meeting Tuesday night. The officers for the com-

ing season were elected. Mr. Fred A. Clarke was re-elected President and the secretary-treasurer will be Mr. B. T. Huston. The league schedule will be drawn up about Dec. 15.

Brantford can't make up her mind whether she wants professional hockey or not. She still has memories of professional lacrosse and the cost thereof.

Farmers may use our power mills at Mariposa, Sunderland, Blackwater, Sutton, Cresswell, etc. FREE OF CHARGE to clean their seed.

Arrangements are under way for an athletic meet in Peterborough skating rink in a couple of weeks, when it is hoped that Tom Longboat, Coley, O'Rourke, and other Irish-Canadian cranks, will be present and give exhibitions. If the presence of the top-notchers mentioned can be guaranteed the meet will draw a great crowd.

Speaking of the suspension of Tom Longboat, the Indian runner, Mr. Sullivan, president of the A. A. U., New York, said: "From the moment he started to run he was a professional. What does an amateur athlete need a manager for? Tom Longboat is suspended for life, and he will not be reinstated as long as I am in office."

Lacrosse at the forthcoming Olympic games in London is not likely to be high class. Only four teams will be asked to play one each from Canada, South Africa, the United States and England. The selection of the Canadian team has been left with Secretary Hall of the C. L. A., whose present intention is to name the Toronto Junction Club, holders of the Junior C. L. A. championship, and last year's intermediate champions. The Crescent team of Brooklyn will also be invited.

The gigantic Stadium, which is in course of construction at Shepherd's Bush for next year's Olympic games, is being rapidly advanced. There is every prospect of the preparation work being completed before Christmas. The running track, which is three faps to the mile, is finished, and it is already in fair condition. It is 25 feet wide. The swimming bath and glancing pit have been finished. The bath is 330 feet long and 50 feet wide, with cemented sides and bottom and the glancing or diving pit in the centre is the full width of the bath, a similar length and about 40 feet deep. The bath varies in depth from about 40 feet at depth and to
