Day

From Mr. F. Sandford, Fenelon Falls, acknowledging receipt of Council's letter re locating his new factory in Lindsay, and promising to communicate with the town when he had formed a joint stock company. —Referred to Finance committee of new Council.

From G. H. Hopkins, secretary Water Commissioners, informing Council that a flush tank connected with Russell-st. sewer had been flowing continuously, and the waste of water should be stopped. —Town Commissioner Chalmers—"It is all right; the water was turned on only a few days ago to flush the sewer."

From J. R. McNeillie, County Clerk, enclosing copy of a resolution passed by the County Council on Nov. 20th, protesting against the maintenance of dangerous crossing signals on Lindsay-st. and Victoria-ave. — Referred to Board of Works for 1903, Clerk to notify Mr. McNeillie that the signals complained of had been removed.

From W. L. Herriman, town physician, expressing the opinion that the opening of the Ross Hospital would not materially lessen his duties and therefore he could not consent to any reduction in his salary. — Referred to 1903 Council. — Ald. Jackson—"We had an illustration the other evening of how the Hospital will benefit us in some ways. The charge per week for a patient sent by us is only \$2.50, but we paid a bill of \$10 the other night for a patient cared for in a private house."

From B. Cook, applying for the position of Town Commissioner. — Referred to 1903 Council.

From F. K. Begbie, Waterworks Superintendent, enclosing copy of resolution passed at last meeting of Water Commissioner relative to the neglect of the firemen to notify the pump-house to shut off pressure after a fire, the result being a serious waste of fuel and unnecessary strain on the mains. —The matter was discussed for a few minutes, Ald. McDiarmid pointing out that when the automatic electric system is installed in the fire hall the departure and the return of the hose wagon would transmit the required signals. In the meantime, in order to prevent a repetition of the blunders, Driver O'Neill will be held responsible for any failure to notify the pump-house staff.

From the secretary of the Fire Brigade, submitting a list of the year's fires and false alarms. —Ald. Burrows—"The report would be much more interesting and effective if it gave the hour at which the alarm was sent in, the time the team reached the scene, and the number of firemen present." —Referred to the new Council.

From the Board of Health, recommending that the salary of Sanitary Inspector Douglas be increased to the old figure, \$300. —Referred to new Council.

From Jas. Butler, submitting account for sleeping accommodation for Driver O'Neill and Fireman Cotter
