Robert Harpell dumped the bogus ballot boxes into the lake at Syden-ham. Detective Parkinson of the Do-minion police came down from Belle-Harrowsmith yesterday morning by train, and then drove two and a half miles to Sydenham. There he met Ruttan, who is out on bail, and the two proceeded to search Loborough

The ice had formed nearly three inches in thickness. With pike poles in their hands, the two started out, following as nearly as Ruttan could guess, the course taken by the boat in which he and Harpell had carried their load. The water is shallow for a considerable distance from the shore. After breaking through the ice with their poles for some time, they were successful and one after another they were hooked up. on an afternoon train, accompanied by his solicitor, J. McD. Mowat of Kingston, and gave himself up. W W. Cook of Montreal, a brother, also came yesterday, with another gentleman, to arrange for bail. A Disturbing Rumor,

A rumor is current here that B. O. Lott has been apprehended at the Soo, and that the telegram sent here from Syracuse was a false one. The Ontario, T. S. Carman's paper, last night had an article commending Mr. Porter for the course he has taken in trying to expose the ballot box frauds. It is said that the defence in the case of Porter v.
