

Your Ideal Cracker

Think of all the good kinds of crackers you ever tasted. The creamy whiteness of the first—the crispness of the second—the appetizing appearance of another—the delicious eating of the fifth. Then see how we've combined all these five points into one cracker.

Mooney's Perfection Cream Sodas

Conjure up your ideal—you'll find it in Mooney's Perfection Cream Sodas.

TOWN TO LOSE GOOD CITIZEN

MR. L. NEWTON AND FAMILY ABOUT TO REMOVE TO VANCOUVER.

Has Disposed of His Extensive Property Holdings at Good Figures.

The more thoughtful of our citizens, and his immediate friends, unite in recognizing that the decision of Mr. Leonard Newton to leave Lindsay, where he has spent many years of his life, and transfer his family and future activities to Vancouver, B. C., means a very serious loss to this town in many ways.

Mr. Newton, who began with nothing, has worked for years at the trade of painting with untiring energy that commanded the respect of all who commanded the admiration of all who realized that his object was to secure his family's future. As he made money he invested it in the erection of substantial dwellings in the north and south wards, and in that way became a great deal to build up and beautify our town and add to its assessed value.

Some months ago he made up his mind to remove to the Pacific Coast for the benefit of his son's health, he being troubled slightly with asthma. Since then Mr. Newton has been gradually disposing of his property, and the following sales recently effected closed out the last of his extensive holdings: Two residences on Russell-st., corner of Lindsay-st., J. M. Squires, purchaser; three dwellings on Peel-st., sold to Mrs. Free, Mrs. Ashley, Mr. A. Moore; store and blacksmith shop, Whitford, to the late John Wilson; terrace of five dwellings, William-st., Mr. Fred Knowlton; three dwellings on Glenelg-st., Mr. S. Ferguson; Simpson, to the late Gilbert Micholls; dwelling on north side of Russell-st., west, Mr. W. J. Huxley.

Our citizens will join The Post in wishing Mr. and Mrs. Newton and family a pleasant journey across Canada and every happiness in their new home, in our ambitious and favored Pacific Coast province.

Boys, Think This Over.

"It worried his father." How many boys care whether their fathers are worried or not. Many boys not only do not care, but are the cause of a great deal of worry on the part of their fathers. But little Arthur Ormerod, of Toronto, was so worried because his father was worried that he gave all he had, \$500, which had saved up as a telephone messenger boy, to relieve his father of that worry. The father ought to be proud of that boy, and no doubt he is. Most boys read tales of battle, of brave deeds and wonderful achievements, filled with a desire to emulate them. But here is a fit example for emulation which any boy might aspire to.

Newspapers and Magazines

With a most attractive cover and a varied list of contents, including the latest news of the fashions and literary and domestic features of the greatest interest, the Dominion for January is an altogether excellent number. The regular fashion display is supplemented by a strikingly illustrated article on "The Stage as a School of Costume," showing the close relations that exist between the theatre and the world of style. Henry D. Ward and Sumner MacMahan's contributions of rare charm and under the pseudonym "Marie Columba," a very clever writer, describes the "smart set" of Washington society. For children there is a wealth of interesting matter. Among the domestic topics, in addition to the regular features, is the first paper of "The Making of a Housewife," by Isabel Gordon Curtis. A new department, "Good Looks," supplements a series of papers along similar lines that appeared during the past year.

We often refer to the doctors. Why? Because we make medicines for them. We give them the formula for Ayer's Cherry Pectoral, and they prescribe it for coughs, colds, bronchitis, consumption. We trust them; you ask your own doctor about taking this medicine. J.C. Ayer & Co., Lowell, Mass.

WORDS OF WARNING TO YOUNG MEN

The Danger of Fast Living and Extravagant Expenditure. (Toronto Star.)

We don't know whether or not the number of young men who go astray is increasing, but it is a fact that the city is full of youths who are living on the brink of disaster, and who are a constant source of anxiety to their parents. Yesterday a typical case came before the Police Magistrate. A young man occupying a responsible position pleaded guilty to forging a check for \$30, five dollars of which went to buy a pair of boots. Before the anxious father could intercept the forged paper, it had fallen into the hands of the police and the magistrate had no alternative but to sentence the young man to three months' confinement, notwithstanding the pleading of father and son. Extravagance in dress and amusements is a prominent weakness in the young man of today. He dresses beyond his means and the expensive show-bill is more than he can withstand. Not a few of them get into deep water, and find it advisable to be connected with a respectable family in the Police Court before they know where they are. The modern young man is certainly a source of anxious concern to his relatives. If he will only keep out of jail as much as many parents dare to hope for from their sons these days. An examination into a number of cases leads to the conclusion that the downfall of many young men is, in a large measure, attributable to the facility with which they can borrow money and obtain goods on credit. There are money lenders who pay a bonus to anyone who will bring them a young man for a client, especially if the latter be connected with a respectable family. The tailors are very liberal with their credit, much more so than they ought to be for the good of their juvenile clients and the peace of families. Those who advance money or give credit, unduly to boys and young men must accept responsibilities for not a little of the distress that is caused by the shortcomings of so many of the latter.

LESS MEAT EATING.

Americans Are Becoming Vegetarians of Late Years.

Vegetarians will find hope in the statistical comment in Collier's: The census shows that Americans are becoming addicted to less meat and more vegetables, cereals, and products of the dairy. It is figured out that in 1859 a hundred Americans ate 91 sheep, 118 hogs and 25 beefs, whereas, in 1900, they consumed but 59 sheep, 43 hogs and 20 beefs. Cheese has declined, but if eggs and poultry are included with butter and milk as belonging to the dairy class, the consumption of that kind of food has increased by 40 per cent. The total use of meat, reckoned by the price, is reduced to 36 per cent. In 1859 100 persons ate 420 bushels of wheat and 90 bushels of oats. In 1899 they ate 623 bushels of wheat and 386 bushels of oats, and in 1899 the breakfast food movement was small to what it is created about like wheat. The general gain in vegetable expense is 80 per cent. Meat still leads, however, although it apparently will not do so for long. In 1900 \$1,000,000,000 for meat and \$1,750,000,000 for vegetable diet. Among meats, beef leads by a long distance, with sheep second and eggs third. Americans are growing healthier in the last century, which has seen the change, probably, however, on account of more air and exercise and better cooking and sanitation. The general question of the best relation of meat to vegetable diet is still one on which the medical world is far from being in concord.

CHRISTMASIDE.

Sing me a song of the Winter time, When the blustering north winds blow, And the forest boughs are deep with snow, And the fields with drifting snow; Sing me a song of the frosty air, And the long nights white and still, When the great stars gleam and the Northern Bear, And the round moon rises cold and fair; Or the crest of the tamarack hill, Sing me a song of the Christmas time, And the morning of a blessed birth, When the resonant bells accordant to feasts, Their message of joy on earth; Of the bounteous hand benign, That brings us unasked, unthought, the best gift of some happy heart; With the gift of a grace divine, Sing me a song of the evergreen, And the holly berries red, On the festooned wall of the festive hall; And the mistletoe overhead, Sing me a song of the simple cheer, And the laughter running free, When the heart, unsoftened, forgets to forgive; Forgiving the faults of the waning year, And blessing the one to be—Angela.

Lindsay Public Library.

Librarian's report for month ending November, 1904; Circulation in detail—History 58, Biography 54, Voyages and Travels 73, General Literature 82, Juveniles, Boys 343, Girls 195, Little Ones 100, Bound Periodicals 78, Poetry 51, Science 108, Religion 11, Miscellaneous 16, Works of Reference 2, Fiction 1068. Total circulation for month, 2229. Number of new titles issued 27; total number of borrowers in end of month, 1781; cash receipts \$179.

SEED TIME

The experienced farmer has learned that some grains require far different soil than others; some crops need different handling than others. He knows that a great deal depends upon right planting at the right time, and that the soil must be kept enriched. No use of complaining in summer about a mistake made in the spring. Decide before the seed is planted. Get the best time to remedy wasting conditions in the human body is before the evil is too deep rooted. At the first evidence of loss of flesh Scott's Emulsion should be taken immediately. There is nothing that will repair wasted tissue more quickly or replace lost flesh more abundantly than Scott's Emulsion. It nourishes and builds up the body when ordinary foods absolutely fail.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Scott's Emulsion you buy.

SCOTT'S EMULSION CHEMISTS Toronto, Ont. See and Buy at all druggists

A Warning to Small Boys and Girls.

There is heaps of trouble ahead for the boy or girl who persists in running after delivery and farm sleighs, often getting mixed up among the horses' feet. The first mishap of this kind occurred one day recently, when a small boy—a son of Mr. J. Goettling—got under the runners of a sleigh and had his head probably bruised. The next little fellow was unable to walk for a time, but succeeded in reaching home after a fearful mauling. It should be a warning to parents to advise their children to abstain from hanging on sleighs.

Railway Notes.

London Engineer: In the Russian budget for 1904 the gross revenue from the State railways is estimated at 247,500,000 and expenditure on them, including working expenses, improvements and purchase of rolling stock, is estimated at 240,000,000, showing a net revenue of 7,500,000. But as the payment of interest on Government railway bonds absorbs annually a further sum of nearly 214,000,000, the total deficit on State railways alone would appear to be three millions sterling (£14,000,000—£20,500,000) exclusive of advances of guaranteed interest, etc., to private companies.

Shut Down of Peterboro Cereal Mills.

The American Cereal mill, which has been doing a large oat milling business in Peterboro, has closed down. The cause of the close is the fact that oats are lower in price in the United States than they are here. Oats in Chicago are selling at about 5c below Ontario prices, and as a consequence of this, and advantages in freight rates, American oatmillers have been able to turn American oats into meal, pay the Canadian duty, and sell their finished product in Montreal at 1c below Canadian prices. The reason why oats are so much lower in the United States than here is found in the fact that the Ontario oat crop is seven and one-half million bushels and the corn crop nine million bushels less than in 1903, while in the Maritime Provinces there is something like a famine in all sorts of grain, the reduction in the yield here, and the still greater reduction in the Eastern Provinces with no reduction in the demand for oats and corn for feeding, has shown the American level—Weekly Sun, Toronto.

BIRTHS

OLIVER.—In Lindsay, on Dec. 14th, to Mr. and Mrs. Stephen Oliver, a son.

MARRIAGES

DAVIS—RUTHERFORD.—At the residence of the bride's parents, by Rev. B. G. H. Sinclair, B.A., on Wednesday, December 14th, Mr. Warren B. Davis, of the editorial staff of the Boston American, to Miss Victoria, youngest daughter of Mr. Robert Rutherford, of Fenelon Falls.

DEATHS

SCOTT.—At Lindsay, on Wednesday, December 14th, 1904, Beatrice, infant daughter of Joseph and Mabel Scott, aged 10 months, 7 days.

STOESSEL WOUNDED

General injured by a Rifle Shot But Not Seriously.

PORT ARTHUR DESPATCHES

Seven Russians Escape From Port Arthur and Reach Chefoo in An Open Boat—Made Quick Passage, and Went Immediately to Russian Consulate—Curious Details Between Japs and Russians.

London, Dec. 17.—Gen. Stoessel, the Russian military commander at Port Arthur, according to a despatch from the Foo to The Daily Telegraph, has again been wounded, this time by a rifle bullet. The correspondent adds that the wound is not serious. Early in November Gen. Stoessel was wounded in the head by a splinter from a shell while he was personally directing the repulse of a Japanese attack.

Russian Headquarters, Mukden.

Dec. 17.—There was considerable desultory firing on both sides yesterday. The Japanese made an advance, but it proved to be only a demonstration.

Night sorties continue. A curious melee resulted Thursday night from a simultaneous advance of both Russians and Japanese. The new columns of the darkness advanced on Russian positions, and at the same time a Russian column set out for the village of Nangai.

The Japanese re-entered the village, where they were greeted with a tremendous explosion, which killed many of them. In the meantime the two Japanese columns operating in the direction of the Russians heard the explosion and thought they had been outflanked whereupon they retired. The Japanese and Russians met at each side was returning.

Both were utterly surprised, a hand to hand struggle in the darkness ensued, but as it was impossible to distinguish friend from foe, probably little damage was done on either side. The Russian loss was only one.

On the night of Dec. 14 fourteen Russian scouts penetrated to the village of Fushou, where they destroyed a Japanese signal tower and carried off an old bell, which had been used by the Japanese to signal the approach of the Russian troops.

Escape From Port Arthur.—Seven Russians in civilian garb, but a military training obvious in their bearing, arrived yesterday in an open sailboat carrying despatches. They were unwilling to talk and went immediately to the Russian consulate. A high wind enabled them to make a quick passage from Port Arthur.

St. Petersburg, Dec. 17.—

Captain Caldo, who was detached from Admiral Rojessky's squadron, returned to the city yesterday. He was considered that his punishment for infraction of the regulations sufficient. It was rumored last night that he had declined to appear before the International Commission unless the first charge is officially vindicated, taking the ground that his credibility as a witness has been impaired by his arrest. Captain Caldo received a great ovation on his return at his residence after his release.

DISCUSSION STOPPED.

Council of St. Petersburg Denounce Minister of War for Mirsky.

St. Petersburg, Dec. 17.—An adjourned meeting of the St. Petersburg city council assembled last night for the purpose of discussing the advisability of endorsing the demand of the Moscow municipality for constitutional reforms. The president of the council, however, announced that owing to unforeseen circumstances, which he could not disclose, the debate could not proceed. The announcement then resulted in a noisy scene. Many councillors angrily protested and quit the chamber and later held a private meeting, where Minister of Interior Sviatopolk-Mirsky was denounced for prohibiting debate.

Finns Protest.

Helsingfors, Finland, Dec. 17.—A petition signed by a majority of the members of the Finnish Diet has been presented to the President of the Diet, protesting against numerous edicts and measures, such as the introduction of the Russian law of the press, the dismissal of Finnish functionaries, the new conscription law, etc., which have been enforced contrary to law and without the consent of the Diet, and which have created a condition of affairs resembling a state of siege, and urging that the Diet should, at the earliest possible date, bring forward measures for the re-establishment of legal administration and the restoration of legal order.

Lawyers Demand Reform.

Koistama, Russia, Dec. 17.—The lawyers of this city have sent an address to the Minister of Justice in support of the Bar Association's demands for a reform of the laws.

Encouraged the Bikers.

Gomel, Russia, Dec. 17.—At the trial of the anti-Jewish rioters Thursday witnesses gave testimony to the effect that the inactivity of the troops and police encouraged the rioters to proceed with the destruction of property of Jews.

Japan Reduces Budget.

Tokio, Dec. 17.—The budget committee of the House of Representatives proposed to the House yesterday, for the purpose of reducing the budget, that the House should, by a vote of 200 to 100, reduce the budget for 1905 by 100 million yen.

Embassier Extradited.

London, Dec. 15.—James Wallace, accused of stealing stock certificates to the value of \$30,000 from a banker of Marquette, Mich., was yesterday committed for extradition.

MR. KRUGER'S FUNERAL

Two Thousand Burghers Attend Burial At Pretoria.

Pretoria, Dec. 17.—Two thousand Burghers attended an impressive religious service yesterday prior to the burial of the body of former President Kruger. Several ministers of the Dutch churches spoke eulogizing the ex-president for his exemplary religious life, and as a lover of his people, and exhorting the Boers while remaining loyal to the new flag never to forget the principles of their late leader or their own language.

An immense crowd filed through the death chamber throughout the morning. The coffin was draped with the Transvaal and Orange Free State flags, and on it were the tributes of Queen Wilhelmina, and the Queen Mother of Holland.

Unity Wins Races.

At Kruger's funeral yesterday Gen. Botha's speech strongly recommended the unification of the white races in South Africa, as that is the only means by which they can become a great people and realize Kruger's ideal.

\$50,000 GIFT FROM CARNEGIE.

Becomes Joint Founder With Benjamin Franklin of School.

New York, Dec. 17.—An announcement was made yesterday that Andrew Carnegie had given to the city of Boston the sum of \$50,000, and had become the joint founder with Benjamin Franklin of an institution for industrial training. The new enterprise is to be managed along the lines of the Cooper Institute in this city.

Witness Broke Down.

Government Scores On Bank in the Maritime Case.

Ottawa, Dec. 17.—Abundant Martineau broke down again yesterday while giving evidence in the case of the Dominion Government against the Bank of Montreal to recover the amount of Martineau's forgeries. The banks are trying to prove that if the amount was invested in real estate soon after the death of Franklin, which took place in 1790, and it was found on the termination of the trust that the bank had increased to \$270,000.

Big Cotton Merger.

Most Extensive Concentration of Capital Has Been Accomplished.

Montreal, Dec. 19.—The long-talked-of cotton amalgamation is now an accomplished fact. The deal in question is one of the most extensive concentrations of capital which has taken place in Canada for years.

Hereafter the Dominion Cotton Company, the Merchants Cotton Company, the Colonial Bleaching Company, and the Montgomery Cotton Company will be known as one industrial concern, with a capital of somewhere near \$10,000,000, the whole represented by bonds, preferred and common stock.

It appears that the consolidation of these respective interests has been brought about by a mutual desire to reduce rates and put an end to cutting throats.

Dominion Draught Horse Breeders.

Clinton, Dec. 17.—The eighteenth annual meeting of the Dominion Draught Horse Breeders' Society was held in the Town Council chamber. The secretary's report showed 17 new members added, the total now in good standing being 60 Entries receive during the year, 79; fees and annual dues, \$149. The balance now in Motion Bank, with no liabilities, was \$881. D. McNeil, V.S., Bruceville, was elected president, and James Mitchell, Goderich, secretary.

Billy Boyd's Case.

London, Dec. 17.—At yesterday's session before J. M. Kay argument was heard in connection with application for bail on behalf of Billy Boyd and Hugh Stevenson, charged with conspiracy to defraud £15,000 in London out of £15,000. The case was adjourned till this morning.

Money in Bees.

Berlin, Dec. 17.—The sugar beetle are all in at the Ontario Sugar Planters' Association. The total payments for beet delivered in October and November amounted to \$147,000. The output will reach between seven and eight million pounds. Farmers are already arranging for next year's acreage.

Will Have Surplus.

Mexico City, Dec. 17.—Finance Minister Llamas reports that for the ensuing fiscal year estimates the revenue at \$83,104,000 and expenses at \$85,474,000. The previous fiscal year showed the largest surplus on record, over ten millions.

Rescued Ralids Caravan.

Tanger, Morocco, Dec. 17.—Raided, the notorious brigand chief, who captured Ion Paricaris, an American citizen, and his step-son, Cromwell Varley, a British subject, in May last, boldly raided a caravan within the town of Tanger yesterday.
