

Canada Life's Reserves

Bear in mind that what the Canada Life has already accomplished in the way of increasing the reserves upon its old policies, must yet be done by the other companies.

GLANDINE.
(Special to The Post.)
Mr. L. B. Davidson has recently erected two new windmills, which adds greatly to the appearance of his buildings.
Mr. Wm. Smith has returned, after spending three months in the West. He looks well and says it is the place for young men.
Mrs. Hazelton is at present on the sick list. We all wish her a speedy recovery.
While cutting wood last week in the bush, Mr. Alf Woodman came in contact with what he thought was a bear, but turned out to be a raccoon, and after a hard fight he succeeded in killing it.
The Glandine Methodist church and Sunday school intend having a Christmas tree and entertainment in the church on Dec. 22nd, and an excellent program is being prepared by home and foreign talent.

FRANKLIN.
(From Our Own Correspondent.)
Rev. Dr. Marvin occupied the pulpit here on Sunday, after an absence of four or five Sundays.
Mr. T. Pritchard, of Toronto, is spending a few weeks with his mother, Mrs. T. Pritchard, of Franklin.
Mrs. T. Thompson spent last week with Ontario friends.
A number of our young people intend taking in the concert at Lifford on Wednesday evening.
Miss L. Veals is spending a few weeks with her sister at Midland.

Mr. R. Lytle, of Lindsay, paid us a flying visit last week.
Our worthy school trustees have engaged Mr. M. Nugent, of Omemeo, for the coming year.

OMEME.
Never was a better time approaching. Farmers have made enough from their stock, poultry, apples and cheese to have all their comforts and wants supplied and settled without touching their barn contents.
Local option is the rage just now and some of our local members are pretty busy, before they take their departure for parts unknown.
Lindsay and Peterboro on each side of us must show us the good example before it is carried out here.
We are having another grain buyer, who is to become proprietor of the Morrison warehouse, which will, of course, make a better market for farmers, as each of our churches could not do so well if not for the rivalry now existing in the lights, organs, paintings, cement walks, all to attract to a great extent here.
The doctors have not much to do here; no trouble yet on the old ladies and gents have deemed it wise to stay indoors and avoid broken limbs.
No skating or drowning accidents have occurred on the pond yet, which is extensively used as a rink.
Holiday entertainments and Methodist church anniversary are in full swing.
The managers of the Presbyterian church have started a congregational class under Prof. Forsythe, of Peterboro.

MOUNT PLEASANT.
(From Our Own Correspondent.)
Through your valuable paper, The Weekly Post, we were glad to hear that Mr. J. D. Thornton, of Omemeo, has been successful in disposing of the large quantity of apples he purchased in this locality. If he had been here earlier in the season his shipments would have been larger and more profitable for him, and for the company he represents, and we are hoping the company will visit this locality next apple season in good time.
The spoils system with a vengeance is the order of the day in our once peaceable Ontario, so that officials of good standing are hustled out of office without any consideration of their past faithfulness in the performance of their duties. Report says that one of our most efficient crown land agents of Magnetowan, Parry Sound district, has been removed from being crown land agent and another person appointed in his place. We have not heard of any reason given for his removal, nor do we hear of any pension given him as a reward for his past difficult labors in that once desolate region. In the early history of that rocky region Mr. Best used his means and influence to bring settlers into it, and he succeeded in bringing many good settlers; is the merit that the pro-

digal son would feign home filled his belly with the only provision made for those worthies, who have spent the best part of their lives in the interests of Ontario; they have no promise that an easy future is secured to them; Query, is this British fair play.
Opening for a good physician here.

SALEM.

Coone, of Manila, and Mrs. Cornish, of Little Britain, were in attendance.

The new Society commenced their practical work of preparing a missionary box, they are looking forward to success in their new work.

With more than ordinary interest in the community is the announcement of the anniversary services of the Methodist church, Sunday, Monday, Dec. 10 and 11th. Rev. J. B. McKervin, of the Manitoba conference, will preach the anniversary sermons. On Monday an excellent concert will be given in the auditorium of the church. The ladies of the congregation will give a fowl supper in the basement from 5 to 8 p. m. The great crowds that attend these services each year is a commendation in itself that the people are well repaid. Should the weather prove favorable many will drive miles from the neighboring country, and will be present.
