Miss M. Mitchell, the youngest daughter of Christopher Mitchell, was called away last Thursday, after having been ill for two weeks with typhoid fever. It was a hard stroke on the parents, as she was a favorite and held in esteem by all who knew her. It is a great source of relief to the parents to know that she was a pure living girl. We assure them the utmost sympathy of our citizens. Their daughter is improving nicely. The young folks of our town are busy preparing for the Christmas concert. A treat may be expected,

MR. NEWTON SMALE CHOSEN

AN IMPORTANT APPOINTMENT RECENTLY MADE.

Mr. Newton Smale enters the service of the Victoria Loan & Savings Company. We have been informed that Mr. Newton Smale has been appointed to the position of Assistant Manager of the Victoria Loan & Savings Company, and we have great pleasure in congratulating Mr. Smale and also the Company on the appointment. Mr. Smale will find in the service of the Company a large scope for the exercise of his acknowledged ability, and the Company will find Mr. Smale's extensive acquaintance throughout the whole county, and also his thorough knowledge of farm lands, exceedingly valuable. This will be especially so, as the Company's chief investments are in first mortgages on farm lands in the County of Victoria, and there is no man so well suited to look after investments in farm property than a man who has a thoroughly practical knowledge of farm lands and farming conditions, and we believe that there is no younger farmer in the Province better equipped for work of this kind than Mr. Smale. When he addressed the Tariff Commission on behalf of the farmers of the County of Victoria, a year ago, his thorough knowledge of agricultural conditions was commended upon by the Cabinet Ministers present. This Company always adheres to the principle that thoroughly good men are the most important assets that any institution can have, and we do not think that there are two men in the County of Victoria who will command public confidence to a greater degree than Mr. Low, the Manager, and Mr. Smale, his assistant. The Company has been making very substantial growth and progress every year since it was originally organized under the presidency of the late Mr. Magwood, who has left us a splendid start along the lines of caution and economy. The policy that he inaugurated has been faithfully carried out by Mr. Low, but the business has grown so large that it has become necessary to procure for Mr. Low a capable assistant. The directors have had this in contemplation for some time, and finally settled their minds on Mr. Smale, and tendered him the appointment without any application from him. This was certainly very complimentary for Mr. Smale, and will, we are sure, be exceedingly gratifying to all those who are associated with the Company. It is also worth remarking, and a matter of interest to the people here to know that this Company has made much better progress, and has given better results to its shareholders, than any other Loan Corporation in Ontario of its size. It shows the wisdom, also, of what the Post has always advocated—that the people place their money and their investments in home concerns, in the charge of men whom they know to be honest and capable. We expect the growth of the Company will be accelerated hereafter, and it will eventually become one of the largest financial institutions of Canada. This can be accomplished from the town of Lindsay as well as any other place, and we think the character and ability of the president, directorate and management of this Company will insure a very high degree of success.

as the young folks are sparing no time to make the concert a success. Miss Rowan, trained nurse of Toronto, has been engaged to attend to Mr. Jas. Blower this winter. Mrs. James St. John, of Sunderland, was the guest of her daughter, Mrs. C. H. Lapp, a few days this week. The market is steadily increasing, and it is hoped that it will continue so. We intend holding a market fair this year. Rev. Elder Percy, of Stouffville, occupied the pulpit of Christ's church last Sunday morning and delivered a fine sermon, which was appreciated by all. Mr. Maryann Rodman, of Uxbridge, is home to spend a few days under the parental roof. (From our own Correspondent.) If you want to save money on dry goods, women's and children's ready-to-wear garments, furs and millinery, attend Ford's Selling Out Sale, Lindsay. Temporary premises a few doors east of the market.—w1. Mr. Richard Simpson, who lives on lot 1, con. 9, of Fenelon, is going to have a sale of farm stock and implements on Dec. 3rd. Most farmers are done ploughing for this year. We are sorry to hear that Mr. Wilbert Greer is on the sick list. Where is the man who said we were to have an early winter? We are glad to hear that Miss M. Woods, of Lindsay, is engaged here for another year as teacher. A pretty wedding took place at Mr. Wm. McCarroll's, when his daughter, Miss F. McCarroll, was married to Mr. Geo. English, of Dunsford. Congratulations. (Too late for last week.) We are having wintery weather at present. Mr. and Mrs. W. G. Wright, of Riverview Farm, are visiting friends at Lindsay. Miss Ella M. Brien spent Sunday under the parental roof. The river is once more frozen over. Mrs. F. Brien, of Pleasant Point, is spending a few days in Lindsay. Our tax collector, Mr. Fittal, has gathered the taxes here once more. We are glad to hear that British Columbia, have returned after spending several weeks with Mr. Wm. Hays.

COMMUNICATIONS.

THE OMEME ROAD.

(To the Editor of The Post.) Dear Sir,—In answer to an item in your last week's issue, headed "Local Legal," re Township of Ops and the Omemee road, the facts are: The Council of Ops in the year 1905, at their last regular meeting on Dec. 15, passed a by-law asking said road against the wishes of the majority of ratepayers interested in said road, and about the last day of December the Council gathered together without notice of meeting, and without a Clerk, and without minutes being taken, and also not in the regular place of meeting, fixed the price and instructed Mr. Stewart to give deeds of road to parties owning adjoining lands for the nominal sum of expenses of closing the road, without also making them agree to pay the compensation that the township is liable for. If the Council had done this, that would have settled the matter. Now, I will leave it to the ratepayers to say whether they think that that was a legal meeting or not. The new Council either had to pay compensation to the parties whose ingress or egress, was interfered with, or open the road. The Council preferred the latter, and by hard work have been able to hold off legal proceedings till after the municipal elections, and if my vote will do it, the ratepayers of Ops will have a chance on election day to say whether they want the leading by-road closed or not, and if I am elected again I will carry out the will of the majority of the ratepayers.—Yours, etc. JAS. H. HOPKINS, Reeve.

WANTED—TRUE MEN FOR COUNCIL.

(To the Editor of The Post.) Sir,—Kindly spare me space for the following in your valuable journal: Probably one of the most important matters to come before next year's Council will be the question of a possible reduction of licenses. Those in a position to know make no bones about saying that there are two or more hotels that do not deserve to be classed—that they make no pretension to accommodate the travelling public with rooms that meals, that they cater only to the bar and of the business, and in fact are saloons in disguise. If such is the case it seems to me that they should be made keep hotel or be deprived of their licenses. Of course the Council cannot cut off any particular license—that is the duty of the Commissioners—but the Council have the power to say how many licenses shall be issued, and may stipulate that if any are to be out it will be the least desirable. It is no doubt true, as many claim, that Lindsay has not sufficient GOOD hotel accommodation for the travelling public—the town is growing, and with two lines of railway and an increasing tourist trade it is important that the lack, if it exists, should be supplied promptly. But cutting off the licenses referred to would lessen the present accommodation materially if the allegations made against them are true, and it might encourage the qualified men in the business to enlarge their premises and so furnish the accommodation required. At any rate, in the words of the Provincial Secretary, "these men must be made keep hotel," and it would do no harm if the Commissioners re-read their instructions now and then and debated among themselves if the law was being strictly conformed to in the matter of cutting windows and doors. We should give the liquor seller every right to which he is entitled under the law, but we should not by making that law elastic, tempt him into illicit selling. Citizens will thus see how necessary it is to get the right men out for Council, and it seems to me that the ladies—who, after all, are the backbone of every good work—should bestir themselves and sound the candidates as to what they are prepared to do on this question of liquor. I feel satisfied, after diligent enquiry, that our present Mayor feels strongly on this question, and I trust he will lead the forces for good order and temperance. Of the present Council most of them, I feel sure, are on the right side, and those that are not will be persuaded to stay where they are. It is the new candidates that will have to be seen to, and I would strongly advise the ladies, through the W. C. T. U. or some other organization, to take the matter up, and that at once, as time is short.—Yours, etc. TEMPERANCE.
