TWO RAILWAY WRECKS AT OMEEMEE

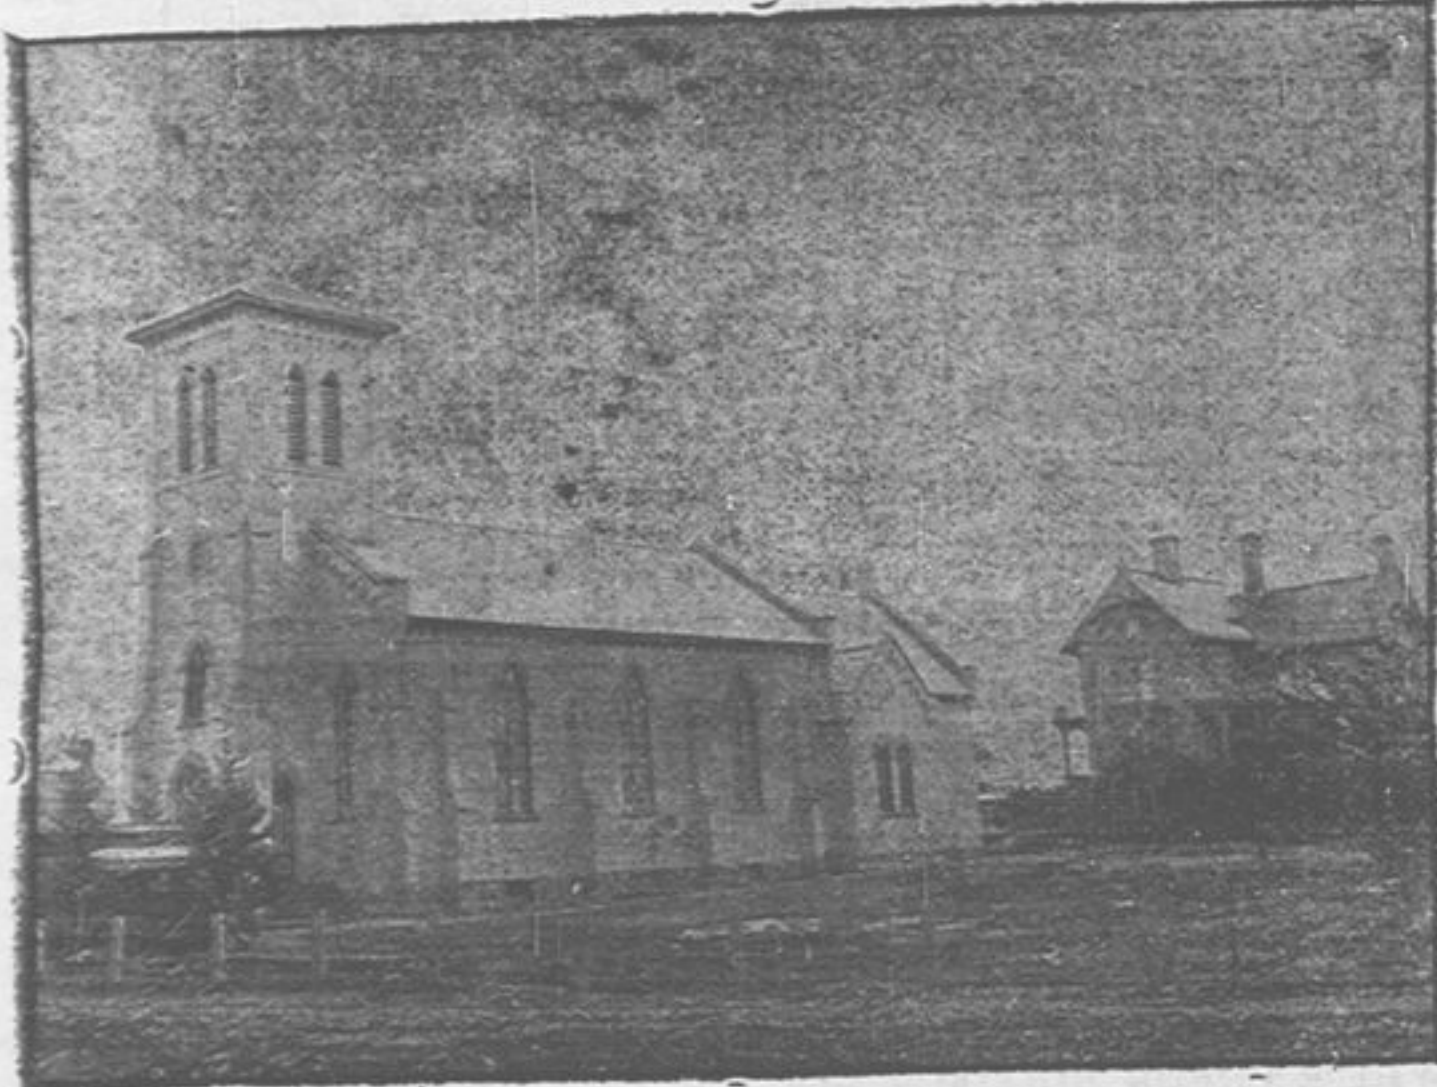

Several Cars Attached to an Early Train Left the Track Saturday Morning, and When the East-Bound Toronto Train Came Along It Plunged Into an Open Switch—Engineer and Fireman Seriously Injured, but Passengers Escaped.

Saturday was an eventful day for the local G.T.R. management, and for the people of Omeeme and neighborhood. Two wrecks occurred near the village, the first mishap occurring to an early eastbound train. Several flat cars were derailed, and the Lindsay auxiliary train was ordered to the spot to repair the track and replace a pair of broken wheels. A message was sent in to Lindsay to inform the driver and conductor of the express of the trouble and warn them to run slow when approaching the switch. This apparently was not done; it is stated that when the express reached the switch it was travelling at a rate of between 35 and 40 miles an hour. Just as the engine was going on to the switch it jumped the rails, taking with it the tender. Both toppled over into the ditch, the baggage car being

turned across the track. The engineer, Peter McCloskey, and Albert Bishop, the fireman, were both injured, the former being cut in the head and the latter suffering from a broken leg, received when the engine turned over on her side. They were taken to the Nicholas Hospital, where they are both reported to be doing well, their injuries being more or less of a minor nature. Word was despatched to Peterboro and the Lakeland train was despatched to the scene of the wreck to convey the passengers and mail to that city. This train proceeded to Port Hope, the destination of the wrecked train, and the Belleville train took the trip to Lakeland, and upon her return from that village went on the regular run to Belleville. The engine was considerably damaged by its flight from the rails, while the tender and baggage car were also shattered, and will have to enter the repair shop before they can be again placed on the road.

MEMBERS OF LINDSAY C. M. B. A. VISIT DOWNEYVILLE

Assisted at Initiation of 21 New Members—Visitors were Guests of Rev. Fr. McGuire, the Hospitable Parish Priest of St. Luke's.

ST. LUKE'S, DOWNEYVILLE.

The Lindsay members of C. M. B. A. Branch 77, who visited Downeyville last Friday night, where they initiated twenty-one new members, report one of the best of times and declare Rev. Father McGuire to be the most genial and hospitable of hosts. The Rev. Father, who is President of Downeyville Branch No. 288, has made the order very popular among his parishioners in a very short time, throwing himself into the work with energy and purpose.

The initiation took place in the comfortable Branch room near the church, and proved a pleasing affair. Father McGuire counselled the newly initiated members, and encouraging speeches were made by the visiting brethren from Lindsay, among whom were Messrs. John Rogers, J. Gillogly, J. O'Reilly, M. McGeough and J. R. Begley. After the initiation the visiting C. M. B. A. brethren were handsomely entertained at the commodious residence of Fr. McGuire. All speak highly of their short, but delightful visit, and hope the Downeyville brethren will repay the visit in the near future.

VICTORIA CO. SHROPSHIRE

AGAIN SWEEP THE FIELD AT CHICAGO INTERNATIONAL.

Mr. John Campbell, of Fairview, Captured 28 Prizes With 31 Exhibits, and Won Almost \$400 in Premiums.

The competition in Shropshire classes at Chicago was unusually keen, as the exhibits of that breed were about as numerous as those of all other breeds combined. The show was excellent in all sections, as might be expected with the many large and valuable importations from England last summer. So strong was the competition that one noted American importer with twenty-nine sheep, all, or nearly all from the other sides of the sea, had to rest content with winning one prize—and that a third ribbon. Another good lot of twenty from a different State never got a ribbon. Our country's representative in the Shropshire section, of the great exhibition, fared somewhat better. To the "Fairview" exhibits of thirty sheep and lambs the awards were 3 championships, 12 firsts, 1 second, 19 thirds and 2 fourth prizes. These winnings greatly increased the Americans' interest in the Canadian stock, as shown by the prices they were willing to pay for individual sheep. A Missouri breeder paid John Campbell \$125 for a shearing ram of his own breeding, while a short distance off, in the same

building, imported shearing rams were selling at auction at \$40 to \$50. Three months ago a Michigan customer purchased a ram lamb at \$50 cash with order, and delivery to be at the international. The lamb won first premium in the American breed class. Then a breeder from Ohio—a regular customer at "Fairview"—offered \$85 for the lamb, but failed in securing him. He then offered another buyer of a "Fairview" ram \$10 advance on price paid, and again failed. John Campbell wishes it to be known that to some of his neighbors is due a share of whatever credit there may be in the successful showing at Chicago. A pure-bred ram bought of Mr. John B. Halsey, a young breeder in Eldon township, won first in his class, while a grade lamb secured from a Mariposa neighbor—Mr. Colin Graham—stood first in medium-wooled grade class. The total cash winnings of near \$400, being more than the winnings of any other two flocks competing with the large number of awards made to the flock from Victoria County, goes to show that the good old province of Ontario stands first and foremost in having the soil, climate and general conditions, to produce sheep of the quality which win their way to the top in the keenest of contests.

Lindsay Man Got The Gail.

Mr. Sam Howe, of this town, and a couple of assistants, have been at work for a couple of weeks at points along the Canadian Northern R. R. to save the Canadian Northern R. R. from the care-troving and other tin work on all stations between Beaverton and Farry Sound, about a dozen in number.

OUR CITY FATHERS

Committees and Council in Session Monday Night.

PRESENT IS A GOOD TIME TO ASK FOR NEW LIGHTS

No Business of Particular Importance Dealt With.

A meeting of committees of Council was held Monday, the mayor in the chair and Aldermen Maunder, Bez, Fisher, O'Reilly, Rea and Eyres present.

Before going into committee work Mr. D. B. Anderson was heard, read the placing of a new light on the corner of Bond and Albert-sts. When the lights were first put in one was hung on this corner, but when they were changed the second time it was removed altogether and the gleam of no other light helps this portion of the street. It is a very dark spot. There are lamps on the corner of Sussex, Victoria-ave. and Cambridge-st., short blocks, and no light at all from Sussex to Adelaide-sts., two long blocks. Mr. Anderson presented a petition signed by residents along this part of the street.—On motion of Messrs. Bez and Rea, the request was granted.

Ald. Bez then cleared the Police and Lighting rate, an item of \$28 payable to Constable John Short for assistant policemen bringing out a short discussion.

The report of the Truant Officer was then presented. It consisted of some thirteen pages, and Ald. Bez labored through one page in order to get the drift of the report. It was then referred to the 1907 Council.

Ald. Eyres brought up a matter at the request of a citizen. This citizen had been in the habit of paying the snowplow man \$1 a season to clean off his private walk during the winter. The Council decided that it would be a bad policy to establish, and the request will be refused.

The Town Property rate was then dealt with. Exception was taken to the bill of Mr. Williamson, for harness, etc., and the account was allowed to stand.

Chairman Maunder then read the report of the Lindsay Fire Department, which is as follows:

Lindsay, Dec. 1, 1906.

To the Mayor and Aldermen,—I beg to make my yearly report of fires, false alarms, practices, fines and meetings.

We had twenty-five runs, of which nine were for chimneys, some of which had not been cleaned out for years. It would be a good thing if the by-law re chimney sweeping, was dug up and published, to waken up the public to the fact that their chimneys need brushing out once a year at least.

We had thirteen fires, none of which were of any great size, \$300 would cover the largest; and the total loss by fire since last report would not exceed \$1,000.

Of false alarms we have only had three. This speaks well for the youths of the town—it shows they respect the laws.

Of practices, we had fourteen, of from one-half to three-quarters of an hour dry hose coupling. We ended the season of practice by a test on a good good, quick work was put up. The Chief presented all the men with a handsome souvenir for their good work and prompt attendance at all practices.

We have held twelve meetings since last report, all of which were well attended. We rehearsed the hose wagon at five of those meetings, so as to keep the hose in better condition.

There had been no fines imposed on account of the inefficiency of the fire alarm, but since that has been remedied there has been five for the year for this last quarter. Taking it on the whole, the men turn out exceptionally well.

There has been only one fire of suspicious origin, and as far as I know now the party has not received any insurance therefrom. One fire was caused by the insulation or the electric wires being defective; it was noticed in time and no bad results happened. The house was wired by a firm that was doing business in town some years ago. Two were from unknown causes and one from a lamp upsetting; the rest were from sundry causes such as carelessness, stove pipes, dirty chimneys and boys of tender years with matches.

We had four runs in the east ward for chimneys, three in the south ward and only two in the north ward. Out of the thirteen fires five were in the east ward, causing the greatest destruction; six were in the south ward—one caused by a defective chimney and the other by boys smoking.

The town's fire appliances are kept in first-class shape by their careful and tasty driver. There is in good repair about two thousand feet of hose, also one hose wagon and ladder truck. The two teams of horses are properly trained. W. A. MILLS, Sec.

Ald. O'Reilly enquired what became of the fines imposed upon the firemen when they missed a fire, and Clerk Knowlson explained that they were deducted from the annual allowance.

It was moved and seconded that the firemen be paid \$25 each and also the \$25 bonus, as in previous years.—Carried.

The Council decided to keep one new snow plow.

Mr. Theo. Stewart was heard relative to striking off the business tax on the Academy of Music or the Bradburn estate. The proprietor was unable to bring out a clear sheet. The matter was left over to the 1907 Council to deal with.

It was also moved and seconded that the amount of business tax on the property of Messrs. Chamberlain and Groszelle, shoemakers, be struck

of, the same as had been done in the case of Mr. Robinson.—Carried.

Chairman Rea took up the Board of Works rate.

On motion it was decided to pay Wilson & Wilson the half of an account of \$20 for repairing the granolithic walk in front of The Post's new building.

Several bills were read from the Board of Water Commissioners, the first amounting to \$40.34, the cost of putting in two goose-necks. Ald. O'Reilly thought this was an extraordinary bill. He thought the Commissioners should pay it.

Mayor Vrooman advised the Council not to push the Commissioners in this way—they had done lots of work for the town without charging, when they might have. Chairman Rea was instructed to look into the accounts with Mr. Ray, secretary of the Water Commissioners. The three or four bills amounted in all to \$76.63.

Ald. O'Reilly, chairman of the Finance committee, read a letter from W. M. Robson asking for a remission of taxes on one of his stores, which had been unoccupied.—Filed.

From Mrs. Hand asking for remission of taxes.—Left over till 1907.

Ald. Fisher said he had been requested by Mr. John Babcock to ask Council for the remittance of some of dogs taxes. He had been charged for three dogs instead of two. He will be remitted taxes on two.

THE COUNCIL MEETING.

Mr. John McDonald Files a Claim Against the Town.

The committees then adjourned and went into Council.

Clerk Knowlson read a communication from Mr. John Horg, tendering his resignation as fence viewer, which was accepted.

A registered letter was read from Mr. John McDonald. He informed the Mayor and Council that he would hold them responsible for the damage to the tile floor in the Benson house—caused, he claimed, by the flooding of York-st. He would charge the town \$20 a month, dating from Sept. 1, 1906, as the new floor was put in. It would be six weeks before the new floor could be put in.—Filed.

A tax bill served on Chung Sun for running the Lee Sing laundry was referred back.

Ald. O'Reilly tendered his resignation as deputy returning officer in the east ward, the same being accepted.

Mayor Vrooman referred to a case of charity. Some time ago Mr. R. M. Beal had forwarded a railway ticket to a man in Nova Scotia to Lindsay to work in the larrigan department. The man had arrived and now the family were on the town. They had left their home in Nova Scotia and had arrived in a worse place, being unable to make expenses. Mr. Beal was unable to furnish the man with enough work to keep the "wolf from the door" so to speak. The man is willing to return to his home, but has not the "necessaries."

Mr. Beal was criticized for bringing men to Lindsay and then not giving them enough work to keep a family together. The Council decided that it would be cheaper to buy a return ticket than to keep them in town.

The Clerk read a couple of amendments to by-laws dealing with the appointing of fence viewers and deputy returning officers.

Ald. O'Reilly referred to the pig-gery by-law, and Mayor Vrooman replied that the by-law had been thoroughly discussed at the recent meeting of the Board of Health. There were three men from the east ward on that Board, and yet they didn't move or recommend a motion to the Council on which to act. Apparently only one of the three men, Mr. F. Crandell, was the only member making a strong kick against the pig-gery.

Ald. O'Reilly thought that the Council should make the by-law workable.

The Council then adjourned.

A GUARANTEED CURE FOR PILES
Itching, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

A Toast.
Here's to the cold and wintry blast,
Here's to the ice and snow,
Here's to the man who says with glee
A-shovelling I will go.

By order of the Board,
JAMES LOW,
MANAGER.

The Victoria Loan and Savings Company, OPPOSITE THE MARKET, LINDSAY.

Office Hours 9 a.m. to 4.30 p.m.
WM. FLAVELLE, JAS. LOW,
President. Manager.

COMMUNICATIONS.

THE OMEEMEE ROAD.

(To the Editor of The Post.)
Dear Sir,—In answer to Mr. Hopkins' letter, I may state that, with the consent of seven out of eight of the parties interested in said road a by-law was passed in or about the month of August, 1905, closing it. As there was a small error in the wording of the by-law the Council saw fit to rescind it and pass another, and thus save any litigation in the matter. The last by-law was passed on the 15th Dec., with instructions to give deeds to the parties requiring them. There was no price to fix at this so-called illegal meeting or any other meeting, but the Council asked us on the 15th of December to pay all costs connected with the passing of the by-law, which we did. Who is going to pay this year's costs for extra meeting, publishing by-law any guarantee of costs in connection with the re-opening of road?

The Council do not ask now for any guarantee of costs in connection with the re-opening of road. If the Council of 1905 had held weekly instead of monthly meetings it would not have been necessary to have carried this matter so close to the end of the year. The Council of 1905 employed a good, careful lawyer and went according to his direction—why does the Council of 1906 employ another? Why should the people vote on the closing of a road that all the people of said road do not want closed, and no petition from anybody to close it? The Council have taken action against Mr. Fox, R. Reid and W. J. Reid, to have by-law and their deeds declared illegal, so it seems that they have not been able to hold off legal proceedings, after all. The Council of 1906 have been looking for trouble all year, and are dead sure to find it. We appointed our arbitrator to settle this question of compensation, but the Council refused to appoint theirs.—Yours, etc.,
W. J. REID.
Ops, Dec. 10th, 1906.

BIRTHS.

SMITH—On Dec. 1st, on Lindsay-st. north, to Mr. and Mrs. E. Smith, a daughter.

COOKE—In Fenelon Falls, on Wednesday, 5th inst., to Mr. and Mrs. I. L. Cooke's son.

MARRIAGES.

SUTTON-BARKER—At the Baptist parsonage, Fenelon Falls, on Wednesday, Dec. 5th, 1906, Frances Sutton, to Matilda Barker, both of Verulam.

DEATHS.

JOHNS—On Thursday, December 6th, 1906, Margaret P. Johns, wife of William Johns, South Verulam, aged 36 years.

COTTINGHAM—In Chicago, on Saturday morning, Dec. 8th, 1906, T. Walter W. Cottingham, aged 39 years, 3 months and 21 days.

Thin Hair

Yes! We had noticed that your hair was looking pretty thin, and that it lacked luster and life. But we didn't like to speak of it! Of course you know that Ayer's Hair Vigor is a regular hair-grower, makes the hair soft and smooth, gives it life and strength. This isn't the kind of hair that falls out! And, too, it keeps the scalp so clean and healthy.

J. C. Ayer Co., Lowell, Mass.
