kawarthaNOW is providing a daily report of COVID-19 cases in the greater Kawarthas region.

Here's today summary: there are 92 confirmed positive cases in the Peterborough area, 158 in the City of Kawartha Lakes, 18 in Northumberland County, 8 in Haliburton County, and 43 in Hastings County and Prince Edward County.

There are no new cases to report today in Peterborough, Kawartha Lakes, Northumberland, or Haliburton. A report for Hastings and Prince Edward is not available on weekends, but the last reported case there was on May 18.

There has been a total of 39 deaths. The most recent death was reported on May 7 by Hastings Prince Edward Public Health.

Province-wide, there are 32,189 confirmed cases, an increase of 197 from yesterday's report. A total of 26,961 cases are resolved, an increase of 423 from yesterday. There have been 2,519 deaths, an increase of 12 from yesterday, with 1,625 of the deaths being residents in long-term care homes, an increase of 15 (the total number of deaths is less than the number of deaths in long-term care homes; this is a data anomaly or reporting error). A total of 1,003,749 tests have been completed, an increase of 23,278 from yesterday, with 25,290 tests under investigation, a decrease of 868.

This report is based on data supplied by the province's integrated Public Health Information System (iPHIS), as well as any additional information supplied by health units and hospitals. This information is at least 24 hours old, so it is not real-time data.

We publish the daily report, usually by late afternoon, with the most current information released by health units. Note that each health unit reports the information in a different way.
