

In the greater Kawarthas region, there are 10 new cases to report and an additional 17 cases resolved, with the number of active cases across the region decreasing by 9 to 99. See below for details for each health unit in the region.

Most of today's new cases are in Toronto (366), Peel (220), and York (147).

There are double-digit increases in Hamilton (71), Thunder Bay (61), Ottawa (57), Durham (53), Halton (47), Sudbury (33), Simcoe Muskoka (33), Niagara (27), Leeds, Grenville & Lanark District (19), Waterloo (18), Brant (17), Lambton (14), Eastern Ontario (13), and Windsor-Essex (10), with smaller increases in Northwestern (9), Wellington-Dufferin-Guelph (9), Middlesex-London (8), and Southwestern (8).

The remaining 13 health units are reporting 5 or fewer new cases, with 4 health units reporting no new cases at all.

Of today's new cases, 59% are among people 39 and younger, with the highest number of cases (494) among people ages 20-39 followed by 335 cases among people ages 40-59.

With 1,114 more cases resolved since yesterday, the percentage of resolved cases has decreased by 0.1% to 93.8%. The average positivity rate across Ontario has increased by 0.7% from yesterday to 3.8%, meaning that 38 out of every 1,000 tests performed were positive for COVID-19 on March 14.

Ontario is reporting 9 new COVID-19 deaths today, including 3 in long-term care homes. Ontario has averaged 12 new daily deaths over the past week (no change from yesterday).

Hospitalizations have increased by 98 from yesterday to 699, but more than 10% of hospitals did not submit data for this report, so the actual number of hospitalizations may be higher. The number of patients with COVID-19 in ICUs has increased by 16 from yesterday to 298, and the number of patients with COVID-19 on ventilators has increased by 1 to 187.

A total of 33,975 tests were completed yesterday, with the backlog of tests under investigation decreasing by 7,540 to 10,954.

A total of 1,191,553 doses of vaccine have now been administered, an increase of 33,198 from yesterday, with 287,283 people fully vaccinated with both doses of vaccine, an increase of 1,668 from yesterday, representing 1.95% of Ontario's population.

There are 110 new cases in Ontario schools, a decrease of 27 from March 12, including 91 student cases, 15 staff cases, and 4 cases among unidentified people. There are 32 new cases in licensed child care settings in Ontario, an increase of 12 from March 12, with 21 cases among children and 11 cases among staff.
