

To accommodate the jump in demand for vaccinations from local residents, the Haliburton, Kawartha, Pine Ridge District Health Unit has made the following changes:

Clinics:

- a total of an additional 6,500 appointments have been added to health unit led clinics for the remainder of December.
- clinic space at the Cobourg Community Centre has been expanded to allow more people to be vaccinated.
- the Health Unit is working with its primary care partners to extend clinics at the Cobourg Community Centre from 6 to 9 pm starting Tuesday, December 21 until the end of December (excluding December 24, 25 and 26 and 31?).
- additional clinics have been added to the LEX and CCC for the remainder of December. Beginning in January the LEX and CCC clinics will be running 7 days per week.
- additional clinics have also been added at the Haliburton Legion on December 23 and 30.

Case and Contact Tracing:

In order to move more staff to support the work at vaccination clinics, the Health Unit has had to redeploy staff to vaccination clinics.

Effective immediately, the Health Unit will:
