# PREFACE.

THE PUBLISHER, in presenting his Fourth Edition of the CHATHAM DIRECTORY, begs to thank the people for the liberal support he has received, and also for the very flattering manner in which his Third Edition has been spoken of after standing the searching criticism of two years. It is hoped the new Directory will meet with the same favor and stand the test of time, as every means has been taken to render it accurate and up-to-date in every detail known by Progressive Directory Publishers. The work will be published by him every two years, and he hopes merchants and business men generally who want the best will reserve their orders till they see him.
