Chatham, Ont., June 15th 1923.

To the Reeve and Council of the
Township of Raleigh,

Gentlemen:—

In accordance with instructions I have made an examination and survey of the road ditch on the southeasterly side of the 8th concession road from the Michigan Central Railway to the 9 and 10 Sideroad with a view to its repair or improvement under the provisions of Sec. 78 of the Municipal Drainage Act.

I find that the said ditch (which I designate herein the Milne drain) is out of repair and recommend that it be improved by the laying of the below the bottom of the existing drain from the Northeasterly end of the Michigan Central Railway lands to the Southwesterly end of the pipe covert under the aforementioned Sideroad.

The accompanying profile and specifications give the data necessary for the proper carrying out of the work recommended and the accompanying plan shows the location of the drain and the affected lands.

My estimate of the cost of the work is as follows:—

Sta 0 at MC Ry to Sta 25 plus 3 rods at Centre

road 153 rods of tile drain complete	\$320 00
Add for survey plans report etc	\$ 30 00
Add for assistance & expenses	7 00
Add for By-law	18 00

Add for Letting & Superintending.. .. .	25 00	80 00
Making a Total of		\$400 00

This sum I assess in the annexed schedule against the lands and roads liable to assessment therefor.

I hav the honor to be, Gentlemen,

Your Obedient Servant,

W. G. McGeorge O.L.S. & C.E.

Chatham, June 20th. 1923

To the Reeve and Council of the
Township of Raleigh

Gentlemen:—,

In accordance with instructions I have made an examination and survey of the cross drain with a view to its repair or improvement. I find the said drain out of repair and recommend that it be repaired and improved in accordance with the data given on the accompanying profile and in the accompanying specifications.

Where the drain is along the 10th Concession road the roadway is somewhat narrow and in order to take care of the excavated earth and at the same time widen the road I am providing for the placing of tile in the ditch on the Northwesterly side of the road and the ditch on the Northwesterly side of the road and the placing of the earth on top the tile.

My estimate of the cost of the work is as follows:

Sta. 0 at Carter Drain to Sta. 31 plus 1 rod at Blind Line-187 rods-976 cu. yds. at 25c.	\$244.00
To tile along road for disposal of earth	75.00
For allowance for damage to lands and crops (if any) under Sub. sec. 5 of Sec. 9 of the Drainage Act.	

For W $\frac{1}{2}$ N $\frac{1}{2}$ Lot 9 Con. 10 (J. Brook)	\$ 8.00	
For N $\frac{1}{2}$ Lot 8, Con. 10 (F. G. Shadd)	25.00	33.00
For for Survey, plan report etc	30.00	
Add for assistance and expenses	9.00	
Add for By-Law	20.00	
Add for Letting and Superintending	25.00	84.00
Making a total of		\$ 436.00

This sum I asses in the annexed schedule against the lands and roads liable to assessment therefor.

I have the honor to be, Gentlemen'

Your obedient servant

W. G. McCearge' O.L.S. & C. E.
