BANDSHELL

This bandshell replaced a gazebo style one which had served from 1902. Classical in style (proscenium arch flanked by pilasters), it was built on a non-vibrating base with a baffle of California redwood behind the shell. It is still used regularly by the Cobourg Concert Band and other performers. Victoria Park. 1934

HARRY AND MARY JANE HALL HOUSE

Halliday Homes was the first mail order building supply business in Canada. This house is a Halliday Home that came in a box with the building plans, planks, paint, and nails all delivered to the nearest train station. They just needed to add plumbing, heating and electrical work and they were done! 312 King St. West. 1939
