

COBOURG ARCHITECTURE **TIMELINE**

2000-2009

NEW AMHERST

Planned to include over 1,000 homes, this development is based on the principles of New Urbanism which promotes walkable neighborhoods containing a wide range of housing. The condominium building shown is one of two with four units each on Smith Road. Highway #2. 2003

NORTHUMBERLAND COUNTY BUILDING

Built near the site of the 1828 Newcastle Courthouse, this building is designed to be both energy efficient and handsome. The use of Douglas fir posts both inside and out make it unique in the area. 555 Courthouse Rd. 2007

PALISADE GARDENS

This retirement residence is built on the land previously occupied by the Cobourg and District Hospital. Like other recent buildings, its exterior uses a combination of red and buff brickwork, and like the new hospital, has an enclosed courtyard. Its design is by former Cobourg resident, architect Hugh Taylor. 240 Chapel St. 2006
