

**CALVARY BAPTIST CHURCH**

Organization of a Baptist Church began here in 1885 and the first church was completed the following year. By 1902 the congregation had outgrown the structure and arrangements were made to move to the present church at King and Ball Streets, initially erected for Methodist Episcopalians who la-

ter united with the Wesleyan Church. Alterations and a forward-thinking program of renovations have given distinction to the Baptist Church which remains a classic landmark while serving its congregation with full modern facilities. The pastor, recently returned from a missionary service in India, is Rev. S. D. France, B.A.
