The use of Cobourg's
armorial bearings will be
carefully scrutinized.

A local jeweller had
asked to be able to use
them for jewellery and his
request has been referred
to a special committee of
town council which
reviews each request for
use of the bearings.

Reeve Wib Thomas
pointed out that the value
of cufflinks or brooches
with the bearings on them
which are given out as an
honor, would lose their
value if the bearings could
be reproduced without
reservations.

"The committee should
study it and handle it one
occurrence at a time,"
said the Reeve.
