## DOWNERS GROVE.

Downers Grove is situated in DuPage county, Illinois 21 miles west of the Union Depot in Chicago, on the main line of the C. & N. W. R. R. It is attractively located on rolling ground in the midst of beautiful groves of natural timber, and contains a population of about 2500. Handsome and costly edifices line its shaded streets and groves, and a wide-awake progressive people are its residents. Its religious and educational advantages are of the best. Its suburban train service all that could be desired. A first class system of waterworks is now in operation, also telephone connection with the city. The surrounding country is settled by thrifty farmers who make this their market. Our merchants are bright and enterprising business men, all doing a thriving business. The population of the town has more than doubled in the last 4 years and many costly buildings are now in the course of construction. A healthy religious atmosphere pervades the community. Saloons are prohibited by law as well as by public sentiment, and we challenge any town in Illinois to compete with us as a place to invest in either a home or a business location.

## DANNEMARK & CO., CLUB BLOCK.

Our village is thronged with visitors and home seekers now, and we are glad to welcome them. Those who remain over Sabbath show their inclination and principles by attending church services.  
States Attorney Batten was busy with a number of criminal prosecutions at the last term of court. He is careful, alert and thorough, and emphasizes the motto, "let no guilty man escape."  
Jacob Klein, Jr., has papered and otherwise fitted up the banquet room to the Lodge Hall occupied by the Masons and Odd Fellows. "Jake" is an excellent man to rent of—keeps everything in good shape and does it cheerfully.  
Dr. Henson will lecture on "Grimblers" instead of "Gambblers" as announced last week. This was a slight typographical error. Guess we will have to blame the devil for it. He must have had something on the brain when he set it.  
The work of J. Wells as a jeweler and sewing machine repairer tells of his skill as a mechanic far and near, for he has just received two fine watches and a sewing machine from South Dakota for repair. Bring on your work and give him a trial.  
We are rejoiced at the great success of the potato planter manufactured here by Davenport & Prince. It is going to be a very popular implement for the farmer and will, in a few years, be as much in evidence as the Appleby binder or the Adams sheller.  
The new board of supervisors met at Wheaton for organization and other business yesterday. If the full board is composed of as thorough and efficient members as the one who resides in our village, the affairs of the county will be in safe and judicious hands.  
At the side of the door, near the postoffice entrance, will hereafter be found a box, in which may be placed communications, items of local news, or other matter intended for publication in the REPORTER. This arrangement will save the climbing of the stairs, and any news items placed in the box will be appreciated by us.  
The Ladies of the Library association gave Mrs. J. G. Cross a farewell reception at the pleasant home of Mrs. Wm. Colwell, on Tuesday afternoon. Nearly all the members were able to be present to bid Mrs. Cross good-bye and a safe journey to her new home in California. The ladies will miss her bright face in the president's chair, which she has so ably filled for the past three years.  
Episcopal church, in brick block on the North side, near the depot. Rev. J. C. Sage, rector. On Easter Sunday services as follows: Early celebration of "The Holy Eucharist" at 8 a. m. Every member of the congregation is requested to be present at this service. Children's service and annual Easter festival for Sunday school, at 10:30 a. m. Parents and guardians are requested to attend this service. A cordial invitation is extended to all.  
Quite an amusing accident occurred Monday afternoon. Arriving the rain, the young man driving the butcher wagon belonging to John Haas, turned the horse from Main street into Curtiss, when the bolt that held one side of the shafts, dropped out, allowing the shafts to fall upon the horses heels, causing the animal to become frightened, when it started to run and turning short into the alley in the rear of Bush & Simonson's store, it overturned the wagon, and the bystanders in the vicinity of the postoffice were treated to a sight of a shower of meat along with the shower of rain. Hoofs, heads and various other portions of bovine anatomy, were scattered promiscuously over the street. The driver was thrown from the vehicle, but fortunately was unhurt, and devoted the following quarter of an hour to gathering up the remains of horse, wagon and contents.

The reception in honor of Pastor and Mrs. Dowling at the home of W. H. Edwards last Friday evening was entertaining and enjoyable. The spacious house was comfortably filled over 100 being present all of whom were made acquainted with the new pastor and his estimable wife. The Edwards family with their accustomed happy facility made all feel welcome, and a very pleasant evening was enjoyed in general visiting, and partaking of refreshments.  
Mrs. J. B. Albert, who has an office at 125 Unity Building, Chicago, is a resident and property owner in our village. She is an efficient stenographer and typewriter. Court reporting, depositions and Mimeograph work are also in her line. She would be pleased to get anything in the above line of work from our citizens here—could arrange to meet parties in want of such work at the Exchange office. She has a typewriter here, and would not have to take the work into the city, but would be prompt and give special attention to home business in that line, as she would prefer to build up a business here, thereby saving the expense of going to the city, and she would be nearer her home and family. Leave word at the Exchange office, or address her care of Box 530, Downers Grove, P. O.

## OF INTEREST TO PROPERTY HOLDERS.

Taxpayers and property owners will be rejoiced to learn that a new large township map of Downers Grove township will soon be out. County Surveyor Allen T. Russell is now compiling such a map on a large scale that will show in colors all sections, school sections, rail and wagon roads, waterways, drainage districts, bridges, timber, lots and village and city blocks and steel names in the township. Also all school houses, cemeteries and other incidental features of the township.  
County Surveyor Russell has completed Milton and is taking up Downers Grove next. The Milton map is the best ever gotten out in the county for accuracy and handsome looks. The margin about the map represents many leading business houses. Downers Grove is being compiled and gotten up in the same way but will be half again as large as Milton. Mr. Graham Burnham is in Downers Grove for a week or ten days arranging for the business cards of our leading business houses which will be a splendid advertisement for all, the map being one that will be hung up everywhere prominently and kept for years. A sample of Milton now hangs in the postoffice.

## SUPERVISORS' PROCEEDINGS.

Proceedings of the board of supervisors of DuPage county at a special meeting held at the court house in Wheaton on Wednesday, the 27th day of March, 1895.  
The board was called to order by Supervisor Middaugh, chairman of the board.  
All members were present.  
The minutes of the last meeting of the board were read and approved.  
All bills and communications were read and referred to the proper committees.  
The committee on poor farm made the following report and on motion of Supervisor Bartlett it was adopted:  
To the Chairman and Board of Supervisors of DuPage County:  
GENTLEMEN: The committee on county farm would submit their annual report. That they have examined the accounts of George Broughton, supt. county, and find them correct, and find a small balance due him as per his report. Your committee would recommend that the county clerk be instructed to draw an order on the county treasurer for the sum of two hundred and fifty-eight and 95-100 dollars in favor of the supt. of the county farm, being the amount paid out for permanent improvements on said county farm by the supt. We would further recommend that the county board retain the services of George Broughton and wife for another year. Very respectfully submitted.

JACOB E. BENDER, Com.

The special committee appointed to examine the Welch form of school record, with a view to its adoption by the county, reported that they had examined the form presented and recommended that it be not adopted.  
On motion of Supervisor Hamerschmidt the clerk was directed to issue orders for the per diem and mileage of the members of the board for the past year.  
On motion of Supervisor Bartlett the clerk was directed to send a copy of the following petition for the adoption of house bill No. 113, relating to care of the incurable insane to the senator and members of the house of representatives from this senatorial district.  
To the Hon. Geo. Wendell, House of Representatives, Springfield, Ill.:  
Dear Sir: House Bill No. 113, received and examined. The main features of the bill are approved. DuPage county has advocated a state institution for the incurable insane for many years, and its representatives in the county board are unanimous in the recommendation of the legislature now in session of providing a place suitable for all incurable insane in the state of Illinois.  
Respectfully,  
H. C. Middaugh,

## ABOUT PLANTS.

"April showers bring forth flowers."  
So you should now be ready to plant some of your annuals where they are to bloom.  
Sweet peas should be the first, as deep and early planting brings success. Plant about six inches deep in a suitable spot where the sun may give them just enough to grow and bloom.  
Verbena seeds planted early in pots or boxes and transplanted when three or four inches high, will produce an abundance of bloom from early in the summer till late in the fall. Fresh seeds every year will produce the best results.  
Did you ever try to raise Forget-me-nots? Try them. Easy to raise, willing to grow and sure to bloom. Succeeded best in a damp, shady spot. Seed may be sown for transplanting or in open ground.  
A flower lover who has no garden plot, may take delight in constructing one on the piazza. Take boxes of any suitable size and fill with good soil. One sown with Carnations or Dianthus Pinks will give beauty and fragrance which will more than pay for the time given them. Another, the centre of Potanias, with a border of Portulaca, which will give an innumerable quantity of bloom, rivaling the rainbow in colors.  
Pots or boxes of Gladiolus, planted at different times, make a showy garden the entire summer.  
You have had trouble with your Tuberoses. Have you new bulbs? One thing to remember, they cannot bear much cold. Have your soil rich and warm. Plant the bulb two or three inches deep. Keep it warm and in the shade.  
Lilies! Beautiful lilies! Have you any? Be sure to get one if you have not. The Bermuda Easter lily excels all others in profusion of bloom and fragrance.  
Beautiful lilies, pure and white. Emblems of angels heavenly light. More loved and honored than the gaudy rose.  
Signals the coming day Christ arose. The sweet perfume in the cups of gold. On emerald stems they daintily hold. Bring to our minds the story of old Christ and his followers so oft times told.  
Sweet and innocent, Father above. Make them for us to cherish and love. In remembrance of His only Son. Who died to save all, yes, even you.  
Let us remember this story so true Of Christ who died for me and for you Then let us follow his guiding hand "Till we reach that blest and happy land."  
To join the angels on Jordan's shore, Singing the praises of Christ evermore.  
So should! Hosanna! and hail with delight. These beautiful lilies, pure and white.  
A Noted Doctor  
Once said "most women lose their freshness and good looks much earlier in life than necessary because of inattention to nature's requirements. Because of their peculiar habits all should make a practice of using some simple laxative."  
There is no laxative so simple, so pleasant to take and yet so potent as Caldwell's Syrup Pepsin. Get a 10c bottle (10 doses 10 cts) of W. H. Carpenter by Nash Bros.
