Nothing in This World

Is so cheap as a newspaper, whether it be measured by the cost of its production or by its value to the consumer. We are talking about an American, metropolitan, daily paper of the first class like THE CHICAGO RECORD. It's so cheap and so good you can't afford in this day of progress to be without it. There are other papers possibly as good, but none better, and none just like it. It prints all the real news of the world—the news you care for—every day, and prints it in the shortest possible space. You can read THE CHICAGO RECORD and do a day's work too. It is an independent paper and gives all political news free from the taint of party bias. In a word—it's a complete, condensed, clean, honest family newspaper, and it has the largest morning circulation in Chicago or the west—140,000 to 150,000 a day.

Prof. T. J. Hatfield of the Northwestern University says: "THE CHICAGO RECORD comes as near being the ideal daily journal as we are for some time likely to find on these mortal shores."

 We were somewhat surprised as well as startled Sunday to learn that there was a chance of losing our pastor, Rev. E. Sedweek. Brother Sedweek has taken up the work left by Rev. Beckett and has ably carried it on, and to lose him now would be a hard blow to our society. No blame can be attached, either to anyone of our society or to Rev. Sedweek for the difficulty which arose and we were gratified to see how promptly it was adjusted in the best possible way by our trustees. It is due moreover to our pastor to say further that his efforts to fill the vacancy here have been successful. The outlook is one of encouragement, and a faithful co-operation with him must bring the blessing of God in a harvest of souls.
 Just received direct from Vermont, a consignment of this year's crop of Maple Sugar. Can guarantee it genuine.

From LaGrippe.
 How Dr. Miles' Nervine Brought One of Kentucky's Foremost Business Men Back to Health.

DR. D. W. HILTON.
 NO DISEASE has ever presented so many peculiarities, developed so many aggravating symptoms and baffled so many physicians as LaGrippe. No disease leaves its victims so debilitated, useless, sleepless, nerveless, as LaGrippe. It is a disease of the nerves, it uses up the tissue, the vitality, the life-giving nerve force that feeds the brain. There is one remedy that will replace this worn-out tissue; that will renew this lost vitality and restore health. Read what Mr. D. W. Hilton, state agent of the Mutual Life Insurance Co., of Kentucky, one of the best known insurance men in the south, and whose portrait appears above, says about how Dr. Miles' Nervine Restored him to health when all else had failed.
 "In 1899 and '00 I had two severe attacks of LaGrippe, about eight months intervening between them, the last one confining me to my bed for four months and attacking my nervous system, with such severity that my life was despaired of. I had not slept for more than two months except by the use of narcotics that stupefied me, but gave me no rest. For more than eight long weeks I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker.
 When in this condition, it seemed like a providential circumstance that I earned of Dr. Miles' Restorative Nervine, for in two days after I commenced using it, I began to improve and in one month's time I was virtually cured, and very much to the surprise of everybody who knew of my condition; for none of them believed I would ever recover. I have been in excellent health since and have recommended your remedies to many of my friends, not one of whom has failed to thank me for doing so, when I have met them again.
 But the best remains to be told. Mrs. Hilton had suffered with severe nervous troubles for thirteen years and had been treated by several physicians, who stand high in their profession, without any perceptible improvement. Seeing how the Nervine had so effectually cured me, she commenced using it and is now in excellent health. We never fail to recommend it."
 LOUISVILLE, Ky. 22, 1895.
