**Nothing in This World**

Is so cheap as a newspaper, whether it be measured by the cost of its production or by its value to the consumer. We are talking about an American, metropolitan, daily paper of the first class like **THE CHICAGO RECORD**. It's so cheap and so good you can't afford in this day of progress to be without it. There are other papers possibly as good, but none better, and none just like it. It prints all the real news of the world—the news you care for—every day, and prints it in the shortest possible space. You can read **THE CHICAGO RECORD** and do a day's work too. It is an independent paper and gives all political news free from the taint of party bias. In a word—it's a complete, condensed, clean, honest family newspaper, and it has the largest morning circulation in Chicago or the west—140,000 to 150,000 a day.

Prof. T. J. Hatfield of the Northwestern University says: "**THE CHICAGO RECORD** comes as near being the ideal daily journal as we are for some time likely to find on these mortal shores."

Sold by newsdealers everywhere, and subscriptions received by all postmasters. Address **THE CHICAGO RECORD, 181 Madison-st.** (3)

**HINSDALE.**

Additions to the public library are right in order now. A hundred dollars worth of new books were ordered this week and will be on the shelves next week.

The consummation of a plan whereby the village of Hinsdale shall own, control and operate an electric light plant, for the purpose of lighting the streets of the village of Hinsdale, and furnish light to its inhabitants has progressed so far that there is now no question but what electricity will soon be the agency of turning night into day in this village.

Mrs. Wm. Johnson was severely burned last Saturday evening while descending the cellar stairs of her residence on Garfield avenue. The accident occurred about 8:30 p. m. when Mrs. Johnson was carrying a lamp down stairs. The lamp slipped from her hand and was broken on the cement floor. The oil, part of which bespattered her dress, caught fire and in a moment she was wrapped in a sheet of flames. Her husband was upstairs when the accident occurred and upon hearing her screams rushed to her assistance. At first he tried to sweep the flames from her clothing with his hand, but only succeeded in burning himself severely about the hands. Finally he succeeded in getting his wife whose clothing was by this time ablaze from head to foot, under the faucet and extinguished the flames. Though severely burned, at the present writing she is doing as well as could be expected.

A fire which might have proven very disastrous, was the result of the careless use of gasoline at the home of Mr. Patrick, two doors north of the German church, Monday morning. About a quarter past ten, Mr. Patrick's 12-year-old son, Truman, started to fill the tank of a small two-burner gasoline stove from a five-gallon can. The boy was barefooted and while he was engaged in filling the tank, one of his younger brothers secured a straw and commenced tickling his feet. This caused Truman to jump and spill some of the gasoline onto one of the burners, where, though the fire had been turned off, a tiny flame still remained. The gasoline ignited and the fire spread to the gasoline can. The cry of fire! help! etc., soon brought several of the neighbors to the assistance of the Patricks and the flames were soon extinguished. But it was not until all the woodwork in the kitchen was charred and considerable damage was done to the contents.—Beacon.

The Rev. R. C. Bryant, pastor of the Baptist church, and Miss Ella Carter, teacher of music, are reported as standing in the matrimonial line.

The fine residence of H. B. Patrick on Main street is nearing completion and will be an ornament to the village. Chas. Miller is the boss builder.

The fine rains of last week have set everything in the vegetable line that had life enough left to grow, to booming and the prospect for potatoes has doubled in a few days.

There will be a meeting of the vice-presidents of the DuPage County Agricultural Society on Monday, August 5, at 1.30 p. m., to make final arrangements for the coming fair.

The other morning about 3 o'clock burglars broke into the store of J. W. York on College avenue, but as the burglar alarm, a dog, was in order and well oiled, they left without taking anything but a slight scare. They afterward visited the home of H. H. Chamberlain, where they secured some plunder.

John Schmail, a farmer living just northeast of Gretna on a farm, recently purchased by him of Chas. B. Kelley, was instantly killed a few days ago by falling from a load of hay in the field. He had been assisting in putting on the load and got on to ride to the barn. The wind was blowing quite hard and as the team started for the barn he attempted to stick his fork into the hay and in some way lost his balance and fell over backward and when his son reached him he was dead, his neck having been broken by the fall. Coroner Heideman held an inquest and the verdict was accidental death. He was 67 years old.

**How Dr. Miles' Nervine Brought One of Kentucky's Foremost Business Men Back to Health.**

**N**O DISEASE has ever presented so many peculiarities, developed so many aggravating symptoms and baffled so many physicians as LaGrippe. No disease leaves its victims so debilitated, useless, sleepless, nerveless, as LaGrippe. It is a disease of the nerves, it uses up the tissue, the vitality, the life-giving nerve force that feeds the brain.

There is one remedy that will replace this worn-out tissue; that will renew this lost vitality and restore health. Read what Mr. D. W. Hilton, state agent of the Mutual Life Insurance Co., of Kentucky, one of the best known insurance men in the south, and whose portrait appears above, says about how Dr. Miles' Nervine Restored him to health when all else had failed.

"In 1889 and '90 I had two severe attacks of LaGrippe, about eight months intervening between them, the last one confining me to my bed for our months and attacking my nervous system, with such severity that my life was despaired of. I had not slept for more than two months except by the use of narcotics that stupefied me, but gave me no rest. For more than eight long weeks I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker.

When in this condition, it seemed like a providential circumstance that I earned of Dr. Miles' Restorative Nervine, for in two days after I commenced using it, I began to improve and in one month's time I was virtually cured, and very much to the surprise of everybody who knew of my condition; for one of them believed I would ever recover. I have been in excellent health since and have recommended your remedies to many of my friends, not one of whom has failed to thank me for doing so, when I have met them again.

But the best remains to be told. Mrs. Hilton had suffered with severe nervous troubles for thirteen years and had been treated by several physicians, who stand high in their profession, without any perceptible improvement. Seeing how the Nervine had so effectually cured me, she commenced using it and is now in excellent health. We never fail to recommend it."

LOUISVILLE, Jan. 22, 1895. D. W. HILTON.
