Nothing in This World

Is so cheap as a newspaper, whether it be measured by the cost of its production or by its value to the consumer. We are talking about an American, metropolitan, daily paper of the first class like **THE CHICAGO RECORD**. It's so cheap and so good you can't afford in this day of progress to be without it. There are other papers possibly as good, but none better, and none just like it. It prints all the real news of the world—the news you care for—every day, and prints it in the shortest possible space. You can read **THE CHICAGO RECORD** and do a day's work too. It is an independent paper and gives all political news free from the taint of party bias. In a word—it's a complete, condensed, clean, honest family newspaper, and it has the largest morning circulation in Chicago or the west—140,000 to 150,000 a day.

Prof. T. J. Hatfield of the Northwestern University says: "**THE CHICAGO RECORD** comes as near being the ideal daily journal as we are for some time likely to find on these mortal shores."

Sold by newsdealers everywhere, and subscriptions received by all postmasters. Address **THE CHICAGO RECORD, 181 Madison-st.** (3)

WHEATON.

The smiling face of S. A. Ballou was seen on our streets a few days since. The railroad company is covering its road-bed with a nice coat of gravel through the city of Wheaton.

M. J. Scott is rustivating for a few weeks at Coldwater, Mich., the home of his parents—a vacation which he has richly earned.

Several of our citizens who would hardly like to be known as sporting characters were up to Freeport Wednesday, the 24th inst., taking in the races.

Frank Miller, one of the old settlers who lived about four miles northwest of Wheaton, with his son-in-law, Henry Hahn, was instantly killed Sunday night, July 28. It is supposed that he got up to go out doors about 11 o'clock, and mistaking the cellar door for the outside door he opened it and fell to the bottom of the cellar stairs, breaking his neck. He was over 82 years of age.

Quite an interesting lawsuit was tried before Justice DeWolf and a jury of ten men last Saturday. The parties, Wm. Lamb, the owner of the Warrenville mills, and Wm. Meininger, are both very sure they are right and there was some pretty tall swearing. The result was a disagreement of the jury and the case will be tried again in the near future. The matter in dispute is a gravel bank.

Harry Williams, the cow thief who stole the cow from East Grove, and sold her near Lemont—stealing her again a night or two after, in the summer of 1893, and who was sent to Joliet for two years, has recently regained his liberty. He has made a demand on ex-Sheriff Stark, through the mail, for an old knife and a punch that he had in his possession when he took up his residence in Wheaton. The articles were sent to him by mail.

It is reported that burglars entered the house of L. E. DeWolf, Esq., on Sunday night, July 28th, by breaking open a window and that the burglars secured three watches, belonging respectively to DeWolf and his sons, Frank and Hartly. They also secured 85 cents in change. It is pretty broadly hinted that home talent is more to blame for these nightly visits than professional. At any rate it would be a fine thing if some of these chaps could be treated to a charge of No. 2 shot while in the act of breaking in people's houses.

HINSDALE.

The Hinsdale Guards are preparing for an elaborate dance party to be given at Gardner's hall, August 15th.

The many friends of Mr. and Mrs. Joseph Zimmerman and family will be pleased to know that the injuries to their son Robert, on July 18th, have not proven as dangerous as they were first supposed to be. He is now able to recognize and speak to his many friends and realizes that he has met with an accident, but does not know how or where it occurred.

P. S. Townsend, who for the past 20 years has been in the coal business in Hinsdale, has disposed of his business to Geo. Boger and Fred Kolzow who will continue the business under the firm name of Boger & Kolzow. The members of the new firm are bright wide-awake business men and will doubtless make a success of their undertaking. Mr. Townsend was

compelled to give up the business on account of failing health.

The grandest of Hinsdale's institutions, the Fresh Air Home, is now in the most prosperous condition and is doing its little toward giving the poor of the neighboring metropolis, a chance to breathe the pure country air, and room in the woods. Those who are acquainted with the work of the home state that a nobler and more helpful way of helping the poor poverty stricken mothers and children of a great city was never devised. During the four weeks which the home has run this season, it has accommodated 29 guests, of which nine were women. Each "set" of visitors stay two weeks and feel like new beings for the pure fresh air and their stay amid the marvelous beauties of the country.

Dr. Miles' Nervine.

Worth Its Weight in Gold.

DR. MILES' NERVINE RESTORES HEALTH. When the nerves are worn and weak, and vitality is at a low ebb. The brain force is weakened and the intellectual powers dulled. Courage is lost, the mind becomes timorous and melancholia takes possession. The digestive organs fail to fully perform their functions, the heart's action is painful and irregular, the blood becomes thin and watery and the entire system is threatened with collapse. Under these conditions there is nothing like **Dr. Miles' Nervine** to restore health.

"I feel it my duty to inform you what your Nervine has done for me. I have been an invalid and doctoring for nine years. I lost my dear mother last March, and just after I was taken down with a very severe nervous trouble, which gradually grew worse, notwithstanding I was under the care of a physician. I finally became discouraged and gave up, thinking I never would be better. I cannot tell you how great a sufferer I was. I had hysterical fits, sometimes two or three a day, an oppressed feeling through my chest. I was troubled with palpitation, and could scarcely stand on my feet, and was totally unable to walk alone. Not even the lightest kind of food would digest. My nerves were in such condition that I could not write, and I was reduced to but the ghost of my former self.

I saw an advertisement and purchased a bottle of **Dr. Miles' Restorative Nervine** and from the first I noticed a change for the better. In a month's time there was a great improvement, in my looks as well as my feelings. The oppressed feeling in my chest entirely disappeared, my food digested much better and I could walk a short distance. It is over two months now and I can walk a half mile, and I am happy to say I am better than I have been for two years and am just beginning to feel like my old self; and I owe all this to you **Dr. Miles' Restorative Nervine**. It is my best friend. I often make the remark that it is worth its weight in gold."
