DR. MILES' NERVINE
Restores Health

Weak, Irritable, Tired
"I Was No Good on Earth."
Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease.
"About one year ago I was afflicted with nervousness, sleeplessness, creeping sensation in my legs, slight palpitation of my heart, distracting confusion of the mind, serious loss or lapse of memory. Weighted down with care and worry. I completely lost appetite and felt my vitality seeping out. I was weak, irritable and tired. My weight was reduced to 100 lbs. In fact I was no good on earth."
A friend brought me Dr. Miles' book, "New and Startling Facts," and I finally decided to try a bottle of Dr. Miles' Restorative Nervine. Before I had taken one bottle I could sleep as well as a 30-year-old boy. My appetite returned greatly increased.
When I had taken the sixth bottle my weight increased to 170 lbs. The sensation in my legs ceased; my nervousness completely; my memory was fully restored. My brain seemed clearer than ever. I felt as good as any man on earth.
Dr. Miles' Restorative Nervine is a great medicine. I assure you."
Augusta, Me. WALTER R. BURBANK.
Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.50 a bottle for \$5, or \$10 will be sent prepaid on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

The Maple camp of Modern Woodmen are making extra efforts at present to enlarge their membership. This order is now in a very flourishing condition, being entirely out of debt, and the benefits offered through a membership are many. The protection to the family in case of the husband's death, is made possible at such a low figure that it would seem none could afford to miss the opportunity of joining this model organization when possible.

The oil people now declare they will not push the matter with the council any further and have withdrawn their application for franchises.

SPECIAL SCHOOL ELECTION.
At the special school election held last Saturday for the purpose of getting the public opinion on whether or not the board of education should levy a tax of \$1,500 with which to change the heating apparatus at the north side school building to steam or hot water, there were only 83 votes polled, 45 votes being cast for the change and 38 against. CHICAGO BAPTIST ORPHANAGE.
Among the recent benevolent incorporations that have been issued charters by the secretary of state is the Chicago Baptist Orphanage. The object of the society is to provide for orphan and half orphan children of Baptist families, ministers or missionaries first; and orphan and half orphan children, without regard to the religious beliefs of their parents.
The first meeting of the board of directors was elected as follows: Rev. M. W. Haynes, D. D., president; Hon. T. J. Holmes, 1st vice president; J. F. Leslie, 2d vice president; Rev. E. L. Scofield, D. D., secretary and superintendent; Prof. E. H. Nourse, treasurer.

The intention is to have it supported by endowment and contributions, mostly through Baptist people and organizations, throughout the state, though contributions from all will be greatly appreciated. Some time in the near future the society contemplates building an orphanage and are even now negotiating with property owners in Downers Grove with a view to locating here.
VALUABLE MAPS.
Messrs. Rand, McNally & Co. of Chicago, the famous map firm, have issued a wall map of this great state, which should be in every home, office and school room. This map illustrates the complete system of United States Land Survey, and by a special process of relief line engraving presents all the details without confusion. Each county is clearly shown by different colors and the names printed in large, clear type. Each county seat is distinctly shown by a special character and the name printed in conspicuous type. Each railroad system is correctly represented and named. The location of every railroad station, postoffice and town is plainly designated and can be readily located, as all section lines are clearly delineated, and the township and range numbers are printed in the plainest possible manner. Rivers, creeks, small lakes and innumerable details are clearly and correctly located. Taken all in all it is a marvel of beauty. Notwithstanding the great cost of production the price is as moderate as could be expected. The prices are \$2.00 for the paper back wall map, or \$3.00 for the cloth back, at which rates they are sent postpaid. The same firm issues another map which is worth mentioning. It is 66 inches long and 46 inches from top to bottom. One side shows the largest United States map ever printed on one sheet. The other side shows a similar map of the world. Each of these maps is sold for \$5.00 when put up on cloth back, but this one map will be supplied for \$2.50 postpaid. We advise any of our readers who want the best that can be had to write for one or both maps. Anyone who wants profitable work should write to this firm for agents' terms. Good canvassers earn from \$15 to \$35 per week.
