Lumber, Coal Hardware

F. A. BRODE & CO.

Coal is steadily advancing but we are still able to take care of you at reasonable prices. We are furnishing several nice bills of.....

Don't fail to figure with us when in need of cutlery, tools, builders' or farmers' stock. In.....

Lumber. We are in better shape than ever with a complete stock at prices which will satisfy anyone who knows when they are getting a bargain.....

Hughes & Gallup,
Dealers in
Artificial Ice.

COAL and WOOD is also in our line. If you leave your orders with us they will be promptly attended to, and prices will be right.

Attractive Meat....

Should not only be agreeable to the taste and smell but it should be cut so as to be attractive to the eye. My steak is most carefully selected by me (not by the man I buy it of), and is tender and juicy, and as good to look at as an Easter hat. But our specialty is

CORNER BEEF.

We know how to make it right. Try it.

DOWNERS GROVE.

Downers Grove is situated in DuPage county, Illinois 21 miles west of the Union Depot in Chicago, on the main line of the C. B. & O. R. R. It is attractively located on rolling ground in the midst of beautiful groves of natural timber, and contains a population of about 3000. Handsome and costly edifices line its shaded streets and groves, and a wide-awake progressive people are its residents. Its religious and educational advantages are of the best. Its suburban train service all that could be desired. A first class system of waterworks is now in operation, also telephone connection with the city. The surrounding country is settled by thrifty farmers who make this their market. Our merchants are bright and enterprising business men, all doing a thriving business. The population of the town has more than doubled in the last 4 years and many costly buildings are now in the course of construction. A healthy religious atmosphere pervades the community. Saloons are prohibited by law as well as by public sentiment, and we challenge any town in Illinois to compete with us as a place to invest in either a home or a business location.

BIG REPUBLICAN VICTORY.

Returns from the Entire Country Show Large Republican Majorities.

The returns from the general election held in various states of the union Tuesday indicate that the republican party has again won a series of pronounced and striking victories. In the state of New York, outside of the metropolis, the republicans carried the day by large majorities, and the indications are that the composition of the legislature will be as satisfactory to Mr. Platt as it will be displeasing to Hill. The city of New York gave itself over to Tammany again, as it has done numberless times before, and the county ticket is a victory for the tiger in his own stronghold. But the republican majority throughout the state is more than enough to overbalance this gain on the part of the opposition.

In several other states where important elections were held the democrats have also met with signal defeat, the most sensational of the number being the probable overturning of Gormanism in the normally democratic state of Maryland. Probably the result in this commonwealth, however, was more or less due to the popular desire for a rebuke to bossism. In Kentucky, another state historically associated with the democratic party, the result is close, and meantime most of the northern states have piled up great majorities for the republicans, Ohio and Iowa heading the list with strong republican gains.

Taken altogether, the results of the day will be looked upon as most encouraging by the republican leaders. In Chicago, also, the republican candidates on the ticket lead the democrats by very considerable margins, and in the 18th district of Illinois—the only place in the state where national interests are at stake—the result has been the same. To whatever causes the outcome through the country may be ascribed, the republicans will read the lesson that the landslide of last year has not yet spent its impetus.

The Naperville steam laundry has opened a branch office in Downers Grove, in Marvin's barber shop, with Dan J. Miley in charge. This is the laundry formerly represented by W. H. Barnhart. The quality of the work is guaranteed to be first-class. Packages called for and delivered. Leave your orders.

In another column we have stated that the hunters, who left last week, had not been heard from, but we are hereby compelled to retract; They arrived this morning with all their game securely packed in a cigar box. They report having seen a deer hanging in front of a meat market in northern Wisconsin, but were unable to get a good shot at it, on account of a policeman, who thought they were suspicious characters and kept them under his watchful eye. Nevertheless the boys had a good time and will undoubtedly take a like trip next year.

Friday evening Eugene Silby, the merchant evangelist of LaGrange, will conduct the services at the Congregational church. All are invited. Mr. Silby's two daughters will be present and furnish music with mandolin accompaniment.

On next week Friday night the installation services at the Baptist church will occur, at which time the new Baptist minister, Rev. Moor, will be welcomed to his pastorate. Rev. M. W. Haynes of Chicago and others will be present and assist on this occasion.

Grandma Austin, who was laid to rest on Wednesday, and who enjoyed so many happy birthdays with her friends in her home here, will in the years to come, make glad the hearts of loved ones gone before, in their beautiful homes beyond the river. To the ones left here, the anniversaries will be a pleasant memory and the dear old face will never be forgotten.

Mrs. Josephine Austin desires to thank her many friends for the great kindness to her in the hour of her sorrow and bereavement. To the Epworth League, of which Grandma Austin was an honorary member, the Eastern Star, Mr. Warren Rogers, who with his usual tact and kindly manner, superintended, Mr. Balcom, who so pleasantly attended to his duties, and Mr. C. K. Roe and Anna Roe, who sang so sweetly and effectively.

The pie social, given last Tuesday evening, by the ladies of the Eastern Star, was one of the most successful affairs of the season, both socially and financially. A short musical program was rendered, the piano used being one of Straube's, which he very kindly loaned to the ladies for the evening. Capt. Rogers, in his inimitable manner, auctioned the pie, which went very quickly, the highest price paid for a single pie being \$1.00—which is a little above the present market quotations. The ladies are very much pleased with their success and their piano found in enriched by \$20.

WILL ISSUE BONDS

To Change Heating System in North Side School Building.

Two weeks ago Saturday the board of education called an election for the purpose of voting on the proposition to levy a tax of \$1,500 with which to replace the heating apparatus in the North side school building. The proposition carried. Some days afterward, however, the board learned from carefully looking up the law, that such a tax could not legally be levied, the law providing that no school district could thus run in debt for any apparatus, buildings, or improvements. School districts can, however, call an election and issue bonds for the amount of contemplated improvements. An election was accordingly called to vote on the proposition of issuing bonds to the amount of \$1,500 to replace the heating system. Bonds to mature in one and one-half years from next March. Sixty-three votes were polled, 54 in favor of the proposition, and 9 against. Not a large vote, but the ones interested regard this proposition in a favorable light, hardly any being opposed—hence the light poll.

CASS.

Geo. Davey went to Chicago Tuesday morning.

People should keep their chickens off the road to prevent bicycle accidents.

Mrs. Brisco from Ponehina, Ill., is visiting her sister, Mrs. F. W. Winbolt.

Miss Grace Oldfield has returned to Cass after visiting in the Grove the past week.

Miss Bertha Heartt has been visiting friends and relatives at the Grove for the last few days.

An entertainment will be given at the school house Friday evening, in honor of the new bell and flag. Doors open at 7:30. Admission free.

Frank Gregory went to Naperville for a load of tile. While he was getting refreshments some one was kind enough to relieve him of part of his load.

The Reporter from now till Jan. 1st will be sent free to those paying one year in advance. We wish to increase our circulation in Cass. Take advantage of this offer at once.

J. F. Smart left Tuesday for a still hunt in Wisconsin. His intention when he left was to kill a bear or deer or rabbit or—something. We hope we can go and visit Mr. Smart when he returns.

We notice that the spirit which apparently possessed Rev. Burns while he was here at quarterly conference seems to have fallen upon Rev. Sedwick. His sermons Sunday were full of the spirit of God prevailed through both meetings and inspired one to nobler work as the bread of life was being broken for us.

It is encouraging to see the manner in which our people took hold of the proposition made Sunday by Rev. Sedwick to fix up the church. Nearly enough money was subscribed. Monday evening the trustees met and took action upon it. The work should be pushed as fast as possible for bad weather will soon be here and it is very essential that the Lord's house be warm and comfortable.

OBITUARY.

Lucinda Jenks was born in Hancock county, Mass., Feb. 8, 1809; was married to Burgess Austin in 1830; moved to New York, where they lived until 1844, when they came to Chicago by team and thence to DuPage county and made it their home ever since. On June 28, 1888, Mr. Burgess Austin was called to pass over the river of death. Four children was blessed to their marriage, but preceded them to the spirit land. Seven grandchildren and three great-grandchildren are still living. Adelbert Kennedy, a grandson, makes it his home with Mrs. J. Austin.

Mrs. Lucinda Austin, better known as Grandma Austin has made it her home with Mrs. Josephine Austin, her daughter-in-law, for a number of years, where she received every kindness and care and every wish was gratified. Sabbath evening, Nov. 3, 1895, surrounded by loving friends she passed to her reward, making earth poorer but heaven richer. For many years she was a devoted member of the M. E. church, a member of the pastor's Bible class, and an honorary member of the Epworth League. She was honored and respected by all who knew her, a true wife, a loving mother, a sincere friend, a kind neighbor, and a devoted Christian. The high esteem in which she was held was manifested by the large concourse of friends that attended the funeral. On Sunday she knew her pilgrimage was nearly over and requested her daughter-in-law to read part of John 14, and have prayer, and then fully reconciled, awaited the moment for the blessed Redeemer to come and say it is enough, come up higher. An appropriate sermon was preached by her pastor on the "Christian's Home in Glory," John 14:3. Rev. Mr. Myers assisted in the service.

HINSDALE.

From Dolans and The Beacon.

A surveying party under Mr. Fulton of LaGrange is making surveys for the Suburban Electric railroad, along Chicago avenue.

The new double expansion pump at the waterworks is doing excellent service. It pumped one day this week eleven hundred gallons per minute from the new well, which is highly satisfactory, both as to pump and supply of water.

The last grand jury found two indictments against Fred Meding, a resident of Fullersburg, one for selling liquor without license and the other for selling intoxicants to minors. When the officers appeared to serve their papers they found that the bird had flown. After the grand jury had adjourned Meding again made his appearance in Hinsdale, thinking that as the grand jury was not in session, nothing could be done with him. He soon found out his mistake. Soon after his return Officer Nicholson swooped down and arrested him. Failing to give bond, he was conveyed to the county jail at Wheaton, where he will remain until the grand jury convenes next March.

Considerable delay has been incurred in obtaining the poles for the electric light line, but now five car loads are on the side tracks ready to be unloaded. The work of shoring these poles and preparing them for erection will be continued the coming week. The line-men are also expected to be on the ground at that time and very soon our streets will be graced with poles, wires and incandescent lights. A more splendid appearance may then be attributed our village. The machinery for the plant is not expected for a couple of weeks, owing to some delay in unloading the machinery from the water station, which will become the power house, in the pumping station.
