CHICAGO CHRONICLE

### AMONG OUR EXCHANGES.

Interesting News Notes Ruthlessly Hacked from Neighboring Contemporaries.

A raid was made last Friday night on LaGrange blind pigs, and several of the keepers were arrested.

Lemont suffered two dangerous fires week ago last Sunday. They are supposed to be of incendiary origin.

Twenty-one colored families, whose household goods were destroyed by the rioters last summer, have brought suit against Spring Valley for damaged aggregating \$2,000. The city council rejected them and they will be brought in the circuit court. The colored people are represented by Attorney W. H. Ward of Chicago.

A citizens' mass meeting for the purpose of ridding LaGrange of illicit liquor-sellers and for the purpose of keeping the suburb free from saloons and saloon influence was held at Music hall Sunday evening. The speakers were Rev. J. M. Hagan, pastor of the Catholic church, and Henry Cooper, president of the board of trustees.

John Casey, a farmer, 55 years old, living five miles from Kinman, Grundy county, has developed an unmistakable case of hydrophobia. About 25 days ago he was bitten in the face by a dog, and a couple of days ago he began exhibiting symptoms of the dread disease. He finally grew violent and is now at times a raving maniac.

An exchange says that every column in a newspaper contains from 10,000 to 22,000 distinct pieces of metal, the displacement of one of which would cause a blunder or typographical error. And yet some people think it strange when they find an error in the newspaper, when they could have spelled the word right, and they are happy for a whole day and go around telling how the editor made a mistake.

Chief of Police Frank Frelichowski of Lemont appeared in Justice Martin's court Saturday and gave bonds in the amount of \$500 to answer to a charge of assault with intent to commit murder, preferred by William Sullivan. The alleged assault took place on Nov. 24, 1895. Frelichowski claims that Sullivan attempted to take a prisoner away from him and that he was compelled to prevent it.

Over in Lockport the physicians are cutting prices, and so merry has been the war that they will now make professional calls at any time, day or night, for 50 cents a call and furnish their own medicine. It is not probable that their practice will be materially increased on account of the reduction as it requires a greater inducement than that for a person to willingly be sick enough to call a physician.

Some boys at Warrenville attempted recently to destroy their school flag, whereat the Naperville Clarion remarks: "The Warrenville boys who attempted to destroy their school flag should receive an injection of the patriotism which led John A. Dix, while serving the U. S. in 1861 as secretary of the treasury, to issue his famous order: 'If any man attempts to haul down the American flag, shoot him on the spot.'"

It now seems quite certain that the suburban railroad company will extend its lines to Hinsdale the coming summer. Mr. Walsley, representing the company, met the board of trustees of Hinsdale a few evenings since and a route through that village was practically agreed upon. The electric road will eventually go to Aurora, but at present the company says that the road will stop at the western limits of Hinsdale and they will ask no right of way west of that place this year.

Last Friday the workmen on the new depot at Glen Ellyn had a narrow escape from being killed or seriously hurt. They were raising one of the heavy iron girders which span the space between the passenger building and the baggage room as supports to the roof. When in mid air the malleable iron hook which swung the girder broke, letting it fall with full force to the ground. In its fall it broke staging and scattered things generally and though there was some tall climbing out of the way no one was hurt.

Gottlieb Engle, a farmer living east of Elgin, bought a long pine pole in that city last Saturday to be used as a flag staff at the district school near his home. The staff was loaded on the wagon and Mr. Engle sat astride on the end near the horses. He arrived at the school during recess, when a crowd of scholars caught hold of the end of the pole farthest from the farmer and pulling it down, sent him skyward. The horses ran away, the wagon was smashed, and Mr. Engle was so badly hurt he cannot recover.

The sensation of the week was the proposition made to the board of trustees Monday night by Messrs. Hill & Enright, a firm of civil engineers well known in LaGrange. The proposition offered to install a complete water and electric light system, which will include a building to be used for a town hall, and to operate the same for a period of ten years for the same amount of money that would be paid the LaGrange Light and Water company in that time, and at the expiration of the ten years Messrs. Hill & Enright say they will have the complete plant over to the village to be owned by the village forever. The proposition looks very pretty

on paper, and it may be that it would prove all that is claimed for it when put in actual operation.—LaGrange News.

Bloomington has enacted a most rigid law in regard to persons frequenting saloons. It provides that all habitual drunkards, persons known to have been intoxicated and minors found loitering in saloons shall be arrested and deemed guilty of misdemeanor and fined not less than \$5 nor more than \$25. This will embrace at least half the visitors at the saloons it enforced to the letter. It is also aimed at persons who, knowing themselves to be legally incapacitated from the purchase of whisky, devise some method to secure it and then have the saloon-keepers prosecuted. The ordinance is designed to make the purchaser of the whisky share the responsibility of violating the law with the seller.

## Nothing in This World

Is so cheap as a newspaper, whether it be measured by the cost of its production or by its value to the consumer. We are talking about an American, metropolitan, daily paper of the first class like THE CHICAGO RECORD. It's so cheap and so good you can't afford in this day of progress to be without it. There are other papers possibly as good, but none better, and none just like it. It prints all the real news of the world—the news you care for—every day, and prints it in the shortest possible space. You can read THE CHICAGO RECORD and do a day's work too. It is an independent paper and gives all political news free from the taint of party bias. In a word—it's a complete, condensed, clean, honest family newspaper, and it has the largest morning circulation in Chicago or the west—140,000 to 150,000 a day.

Prof. T. J. Hatfield of the Northwestern University says: "THE CHICAGO RECORD comes as near being the ideal daily journal as we are for some time likely to find on these mortal shores."
