A NEW EXCELISIOR.

November 18th was hastening fast, as through the lead a vision passed. With shivering cry, gazing hand, astride a hybrid with this brand—'16 to 1'.

THE WORLD HAS NEVER SEEN ITS EQUAL.

Week by week the world's records of civilization have been broken in Canton. The expectations of the country were great as the glowing response Major McKinley would make in his call.

made the more grandly comes the response. Deliberation and dignity in speech are combined with cordiality and consideration in greeting for the humblest caller.

FIFER'S TRIBUTE TO OUR REPRESENTATIVE.

In his speech at the republican rally in Batavia last week, Governor Fifer in his reference to the deceit practiced by the demagogues on wage earners, spoke thus of Representative Charles P. Bryn of this county:

"Colonel Bryan is an honest, conscientious, hard working officer; one who has done more to put laws upon our statute books in the interest of laboring men than any one representative I could name.

"If free silver should win this year I would not anticipate an immediate revival of good times. But inside of twenty years we will certainly have established a financial system that will give universal prosperity to all those who faithfully labor."

AS SEEN BY A DEMOCRAT.

The following letter from Judge Hiram H. Cody, for years the stalwart leader of the patriotic democracy of this county, to Hon. R. A. Ballou, containing such excellent advice that we reproduce it:

"I refer you to it as part of my answer to yours. When I read the following paragraphs my eyes actually moistened as I said, that is what I would say to my fellow countrymen."

In the platform of that convention the voice of the party of Jefferson, Madison, Jackson, Tilden and of their rightful and worthy successor, Grover Cleveland? The question answers itself. The hatred of the present chief magistrate there exhibited, was not alone the personal spite of the Illinois governor, but it was the knowledge of the fact that he (Cleveland) had stood with the firmness of incorruptible integrity in the way of success of the most stuporous conspiracy of modern times.

Constipation

Causes fully half the sickness in the world. It retards the digested food too long in the bowels and produces biliousness, torpid liver, indigestion, bad taste, coated tongue, sick headache, insomnia etc.

Hood's Pills

the temporary organization of the democratic party and boldly and defiantly trampled its time honored principles under its feet, and in their place declared for a set of principles which are so well described in Mr. Phelps's letter to which I have referred, that I adopt what he says so much more concisely than I can hope to do.

Your kindly letter, in which you so pleasantly refer to our past friendship and association finds a warm reception and appreciation in my heart, and your intelligent and able allusion to the principles of the old historical party have rather stirred me to saying more than I otherwise should.

LIVES OF MCKINLEY AND HOBART BY HON. JERRY B. RUSSELL.

It is the object of this book to give a clear, impartial, authentic, and complete history of the public career and private life of William McKinley and Garret A. Hobart from boyhood to the present date; to record facts, incidents, anecdotes, stories, and experiences that will reveal the true character of the men and enable us to see them exactly as they are.

"We do not know when money has given us more genuine pleasure. If we speak warmly of the book, it is because it richly deserves it. It is sold only by agents, and is meeting with an enormous sale. Agents who introduce a work like this ought to be cordially welcomed.

Nervous Prostration Cured by Dr. Miles' Nervine. Prolonged derangement of the nervous system not only affects the brain and mental powers, but develops disease in some of the vital organs.

"Fourteen years ago I had a slight stroke of paralysis. Overlook brought on nervous prostration. I was exceedingly nervous and the exertion of public speaking caused heart palpitation that threatened my life.
