Miners and Business Men Excited Over the Discoveries in the Black Hills.

Ragged Top, the new Black Hills gold camp, on the Spearfish branch of the B. & M. R. R., is producing some wonderful "finds." Black Hills people are very much excited over the recent discoveries and say it is a second Cripple Creek. The remarkable thing about this district is that it shows on the surface no indications of being a rich mining field, and has been passed over scores of times by experienced miners who never dreamed of its richness.

A typical mining camp has sprung up there within the past few weeks, and people are rushing in from all parts of the Black Hills district. There are said to be good openings at Ragged Top for a bank, bakery, a shoe store and furniture establishment. Two new towns have been laid out and buildings are being erected as fast as the limited facilities at the disposal of the inhabitants will permit.

It is predicted that with the opening of spring there will be a great rush to this new country, which promises such wonderful results.

With the close of the Presidential campaign THE TRIBUNE recognizes the fact that the American people are now anxious to give their attention to home and business interests.
