THE DEBATE BEGUN.

DINGLEY TARIFF BILL UNDER DISCUSSION.

Representative Dingley, the Author o the Measure, Explains Its Objects-Democrats Present Minority Report-Work of the Senute.

The first day of the tariff debate in the house was Monday. Only four speeches were made at the day session. Mr. Dingley, the chairman of the ways and means committee, opened in an hour's speech for the majority. "In revising the tariff," he said, "the committee has endeavored to discard mere theories and frame a practical remedy, at least in part, for the ills which have for so many months overshadowed the country." During his speech he said: "No economic policy will prove a success unless it shall in some manner contribute to opening up employment to the

masses of our people at good wages. Gen. Wheeler of Alabama opened for the opposition. He claimed the bill had been framed in the interests

of the monopolies of the country. Mr. Hopkins (rep., Ill.), said the proposed bill would meet alike the wants of the government and the people.

Mr. Bell (pop., Colo.), took the floor as the spokesman of his party associates. He denied that the tariff was the cause of our difficulties, and for the populist party advocated the imposition of the income tax.

Mr. Bailey (Tex.) presented to the house at night the minority report on the supposition that the policy of proclaimed that the passage of the bill that purpose. would encourage extravagance and promete the formation of trusts. The report concluded:

People and the Grippe.

IT IS A MUCH MORE SERIOUS DISEASE WITH THEM THAN WITH THE YOUNG.

A Remedy That May Be Used.

From the Republican, Princeton, IlL. Among the well-known farmers of Bureau County, Illinois, is William R. Lamb, of Mile, who with his wife, Mrs. Jane Lamb, are numbered among the pioneer settlers. This family, now well along in years, is the centre of a large relationship, and they stand well in the county, having always been prosperous and conservative in business matters. Mrs. Lamb, now 77 years of age, has experienced two attacks of the grippe, and her recovery in a comparatively short time has been the topic of much discussion among the people of Bureau County wherever she is known.

To ascertain the facts in the matter a representative of this paper called at their country home located one mile west of Milo last Saturday afternoon. Mrs. Fuller, a daughter of Mrs. Lamb, met the reporter at the door and gave him a cordial welcome. At her age Mrs. Lamb quite naturally feels much pleased that she is enjoying such good health as to be able to wait upon her husband, who is now 83 years old and quite feeble. Mrs. Lamb said:

"I had always enjoyed good health during my life until the year 1890. Then I had an attack of the grippe. During the winter of 1893-94 I had a second attack which left me in a very much enfeebled condition. My lungs and back were weak, and I had a very troublesome cough which at times was so severe that I thought I should strangle. I tried all the doctors in this neighborhood and some from other towns, but none seemed to give me any relief or even stay the progress of the disease.

"My suffering at times was severe and 10 was the general opinion of my neighbors and acquaintances that I could last but a few weeks, some thought not more than one or two days. I told my daughter, Mrs. Fuller, that I was satisfied I had the consumption and that nothing could be done for it. She only laughed and aid: 'Mother, It can't be that you have the consumption, -it may be only a heavy cough. You remember I was reading of some of our friends over in La Salle County the other day who were greatly benefited by the use of Dr. Williams' Pink Pills for Pale People, and if you will try them I will have Mr. Fullerbuy

a couple of boxes when he is in town to-day." "I told ber they would probably do me no good, as I thought it was consumption, but still if her husband would bring them home I'd take them. He brought two boxes, and I commenced taking them. In one week I felt much better, and after taking three boxes I felt entirely cured, and am now able to do about as much work as my daughter. Why, the other day when the men came from town with a tifty pound sack of flour in the wagon I picked it up and carried it in the house as easily as any-

body could. Mrs. Lamb further said: "I feel assured that my recovery is entirely due to the taking of Dr. Williams' Pink Pills for Pale People." Mrs. Fuller and her husband both said they were entirely satisfied that it was Dr. Williams' Pink Pills that had saved

Mrs. Lamb's life. Dr. Williams Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are also a specific for troubles pecular to females, such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature. Pink Pills are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams Medicine Company, Schenectady, N. Y.

Particular Prisoners.

Prisoners, it has been said, think much of the rank of those who pass sentence of death upon them and the sheepstealer of bygone days preferred that his doom should proceed from the lips of a chief justice. Lord Campbell mentions a case where a sergeant presided on the Oxford circuit in place of the judge taken suddenly ill and a man was capitally convicted. Being asked, as usual, whether be had anything to say, he replied: "Yes, I wish to say that I have been tried before a journeyman judge."-Liverpool Mer-

A Sick-Room Hint.

When a fire has to be kept up all night in the room of an invalid, an old loose glove should be kept handy, with a long wooden stick. With this glove on, a piece of coal can be picked up with the fingers and put on the fire without making a sound, while, when the fire requires poking, this can be done with the stick with far less noise than with an ordinary poker.
