LOCOMOTOR ATAXIA.

AN OLD SOLDIER'S HOT FIGHT FOR LIFE AND HEALTH.

While in a Hospital a Physician Hands Him Some Pills, and After a Few Doses He Feels His Health Returning-Asked for the Name of the Pills, the Physician States they were Dr. Williams' Tink Phils for Pale People. The Patent a Widely-Known Man.

From the News, Indianapolis, Ind. Sol. Yewell of 96 Hill Ave., Indianapolis, Ind., who is well known to the dramatic profession, when a boy seventeen years old enlisted in Company H, 13th Indiana Volunteer Infantry, the first three years regiment that marched to the front from the Hoosier State. In the fall of 1862 he was honorably discharged, because of disabilities contracted in the service. After a short time spent at home he went to New York and entered college. He was a bright young fellow, a diligent student and a great futuro seemed opening before him. But he again heard the bugles and the fires of patriotism were again aglow in his bosom. He enlisted as a recruit in Company M of the Second Harris Light Cavalry, Kilpatrick's famous old regiment, and was soon again at the front. There was a great demand for cavalry in Virginia, and the active young trooper found plenty of fighting up and down the Shenandoah Valley and in the various campaigns on the l'atomac. In 1864 he attracted the notice of the dashing and dountless Custer, and was selected as one of his famous body guard, in which he

served until the close of the war. After the war Mr. Yewell began to be known as a skilled newspaper writer and correspondent, and he was later in demand as a theatrical writer and pressagent, a profession in which he achieved signal success. He was a hero in private life as he had Sol. Yewell had any idea that he was a great sufferer from diseases and disabilities, contracted during the war. Sach, however, hemorrhoids and chronic tonsilitis for years. "As if these were not enough," said Mr. Yewell the other day at the Marion Home, 1830. This last fell monster accentuated all my previous troubles and addea, seemingly, half a dozen new ones. It was in Noventgive up work and came to the Marion Homo. Creeping paralysis or locomotor ataxia developed, and in 1802 I went to the hospital where I remained for several months. My condition became so alarming that the surgeons here, who are my very good friends, were compelled to admit they could do nothing for me. My locomotor ataxia was atat any unexpected moment. The surgeons having nothing else in mind recommended that last resource-a change of climate. So in may, 1894. I went to Beston Mass. 1 Theatre there as press writer as I was determined to do something I remained

"My vertigo and paralysis continued to of eminent physicians in Boston and became a patient at the Harvard College clinic on Bennett Street. The surgeons there appeared to desire to make much of me as a patient and I was willing. One day a doctor there gave me a box of pills. The wrapper and all blentifying marks were gone, but the conting of the pills were of a pink color.

"I had scarcely used the box before, much to my surprise. I found that the locomotor staxia was leaving me. On the second box the vertigo entirely disappeared, my paralysis or locomotor ataxia was gone and further action on the measure was I began to have my old-time confidence in myself. Yes, all these ailments under which I had suffered were leaving me. I used about four boxes of these pills before I knew what they were. At the close of the dramatic season of 1895, I took a vacation, going up into the White Mountains and into Northern Vermont. I asked my doctor and insisted upon knowing the name of the wonderful pills that he had been giving mo. He laughed and said. I have been giving you a remedy called Dr. Williams' Pink Pills for Pale People.

"I said, 'I think they are the best medicine I ever took, and I can directly trace to them all the benefit that I have received. should have said that along with my other afflictions I was at times seriously troubled with a valvular affection of the heart, but the pills have proven to be a splendid remedy for that also. I certainly believe they strengthen and correct the action of that organ.

Mr. Yewell has a clear, fresh complexion, the hue of health, weighs two hundred and twenty pounds, has a first-class appetite, and to use his own words: "I sleep like a top." He is fifty-two years old, and while court was passed. Williams' Pink Pills have not made a young man out of him, they have certainly restored him so that he bids fair to see many years of usefulness.

"I will leave here soon," were his parting words to the reporter. "as I have an offer to go to Boston and take up my old theatrical work."

Mr. Yewell's many friends in the news paper and theatrical profession will be glad to know that he is again in good health and restored to the pursuit which he so long adorned.

Dr. Williams' Pink Pills contains all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are for sale by all druggists or may be had by mail from Dr. Williams' Medicine Company, Schenectady, N. Y. for 30 cents a box, or six boxes for \$2.50.

Crushing Criticism.

Here is a good story which comes from Australia. Mr. Allen of Vermillion, chairman of the special committee or constitutional amendments, made a report recommending the adoption of Mr. Rowe's resolution providing for an amendment to the constitution abolishing justices of the peace and police magistrates and substituting a convenient number of district courts in cities of more than 50,000 inhabitants. He recommended that all other resolutions. seven in number, lie on the table. Mr Murray of Sangamon offered an amendment to Rowe's resolution making the proposed amendment applicable to all cities of more than 30,000 inhabitants.

This was adopted. Mr. McLaughlan moved that the House non-concur in the adverse report of the committee on resolution No. 5.

The McLaughlan amendment, if concurred in by the Senate, will thus go to the people at the general election in November, 1898. It is an exact copy of the amendment which was voted up-

on in 1894 and defeated. The House adjourned to 10 a. m. to-

In the Senate Mr. Dunlap's bill authorizing school boards to establish day schools for the deaf was advanced to third reading without opposition. The House bill providing for the establishment of branch Appellate Courts in Cook County was advanced to third reading. The following bills were passed: Senator Mahoney-To clear titles under the alien law of 1887 and to give the widow and orphans of aliens homestead rights. Senator Harding-To ratify railroad consolidations made under the law of 1874 and prior to 1883 and to equalize their rights under the present law. A joint resolution providing that when the legislature adjourns Friday it stand adjourned until Wednesday, April 21, was adopted. At the conclusion of the routine business the senate went into committee of the whole for the purpose of considering the Humphrey railroad bills.

Immediately after the house met Mr. \$2 a day the rate of wages for labor on | Merriam offered a joint resolution providing for sine die adjournment May ing the salaries of the judges of the 6. After an animated discussion consideration of the resolution was postponed one week. Mr. Avery was given unanimous consent and introduced a -Revising the law concerning local im- bill which repeals the indeterminate sentence and parole law, applicable to the Illinois reformatory at Pontiac. On account of the numerous country elections the house decided to adjourn from Thursday, April 15, to the following Wednesday. Mr. Cockran called up the judicial apportionment bill, which was a special order for 11 o'clock, and for the purpose of shutting off debate Fred A. Busse moved the previous question, which was carried. The speaker then ordered the roll called on the passage of the bill with the emergency clause. The bill failed to pass, the vote standing: Yeas, 85; nays, 59. The emergency clause was then stricken out on motion of Mr. Cochran. The motion then recurred on the passage of the bill, and by a vote of 84 yeas to 59 nays the bill was passed. A motion to reconsider the vote was tabled. After the passage of several appropriation bills the house adjourned to 10 a. m. to-morrow.

> April 15. In the house Mr. Nohe, from the committee on insurance, made a favorable report on Kilcourse's bill to prevent the organization of associations or combinations for the purpose of fixing rates of fire insurance. The bill was ordered to first reading. Mr. Anderson, Republican, asked unanimous consent to take up on third reading his bill to prevent the name of a candidate from appearing on the official ballot more than once or under more than one party appellation. The Democrats objected, but Mr. Anderson secured a suspension of the rules and the bill was passed. A message from the senate announced that that body refused to concur in the house amendment to the judicial apportionment bill striking out the emergency clause. Mr. Cochran moved that the house do not recede from the amendment and that a conference committee be appointed. This motion prevailed and the speaker appointed Cochran, Allen of Vermilion, and Organ as the house members of the joint committee on conference. Cochran called up his bill against the objections of the Democrats, his bill giving ex-union soldiers the preference in civil service appointments in cities. The bill was advanced to third reading.

The house then adjourned. The senate, on motion of Senator Warder, refused to concur in the house amendment striking out the emergency clause in the judicial apportionment bill. The president appointed Senators Warder, Edwards and Landrigan a committee to confer with a like committee from the house in regard to the bill. Senator Dunlap offered a resolution, which was adopted, providing that the president of the senate appoint a committee of five to investigate whicher or not the treasurer of the university of Illinois had misappropriated the funds of that institution, as is currently reported. The president appointed on the committee Senators Berry, McKinlay Fisher, Aspinwall and Dunlap, On motion of Senator Dunlap consideration of the Chicago real estate board revenue bills was postponed until next Wednesday immediately after the reading of the journal. The senate committee on warehouses reported favorably on the following bills: Mr. Leeper's, providing that warehouses of Class A shall receive grain for storeage without discrimination, and that all grain received for storage shall be inspected and stored with grain of similar grade; Mr. Kingsbury's, providing that public warehouses in East St. Louis be placed under the control of

She may be the mother of a family; that makes no difference. She is bound to be young because her heart is young and there is rich, young blood circulating in her veins. She doesn't need cosmetics and facepowders and skin-preservers. Pure blood is the only true skin-preserver.

But when a woman's blood is full of billous impurities, she can neither look young nor feel young. Her whole constitution is poisoned with bad blood. It permeates every part. It paralyzes the nerve-centres; weakens the stomach; irritates the heart, preys upon the lungs and bronchial tubes. It reduces a woman to a state of weakness, nervousness, irritability, dejection and melancholy. Such a woman can't possibly be youthful, no matter what her age may be. She needs the youthfulness of highly vitalized blood. Dr. Pierce's Golden Medical Discovery will give it to her. It will help any woman to get back her youth and freshness again.

It gives the digestive and blood-making organs and the liver power to produce good pure, healthy blood. It gives color to the cheeks, and sparkle to the eyes; drives away pimples and blotches; wipes away wrinkles; rounds out emaciated forms, and creates firm, natural, healthy flesh.

Mrs. Rebecca F. Gardner, of Grafton, York Co., Va., writes: "When I was married I weighed 125 pounds. I was taken sick and reduced in health and broke out with a disease which my doctor said was eczema. He treated my disease but failed to do me any good, and I fell away to co pounds. I began using Dr. Pierce's Golden Medical Discovery, and thank God and you, I began to improve. Now I weigh 140 pounds and have only aken two bottles. I cannot say too much about the medicine. My husband says I look younger than I did the first time he saw me, 15 years ago."

few weeks ago we told our readers of the new botonical discovery, the Kava-Kava Shrub, or as botanists call it, PIPER METHTSTICUM, found on the Ganges River, East India. This wonderful shrub has proved to be a true specific cure for all diseases caused by Urle Acid in the Blood, such as Kidney and Bladder disorders, Rheumatism, etc. It was no doubt used for centuries by the natives as a specific remedy for jungle fevers, miasma, and other maladies, when it was required to clean out the poisons from the Blood through the action of the Kidneys. European

physicians pronounce it the greatest medical boom since the discovery of quinine, which, like the Kava-Kava Shrub, was first found in use among

The strongest testimony is given by ministers of the gospel dectors, business men and others who have been restored to health by the use of Alkavia, the new remedy prepared from the Eava-Eava Shrub. The New York (bristian Witness of Peb. 19th, tells the story of Rev. John H. Watson, of Sunset, Texas, stricken down by Kidney disease after thirty years' service as minister of the gospel, given up to die by two excellent doctors, and finally restored to health and to his religious duties by Alkavia. Rev. A. C. Darling, of North Constantia, H. Y., whose care is described in the Christian Advocate of Jan. 30, had lost confidence, as he says in man and medicine, and was preparing for death, when he learned of this wonder of remedy, took it, and was beated. In his sufferings he was often compelled to rise ten times during the night from reakness of the Bindder, but Alkavis quickly sured him. Many cases of Brights' Disea e have been prompily cured by this wonderful shrub, as testified to in the New York World, of March 5, by Hon. F. D. Jackson, Governor of Jows, and others. Many ladies also, including Mrs. Alles Evans, of Baltimore, the railroad and warehouse commissioners of Illinois.
