CUBAN CENSUS AND ELECTION. Gen. Wood, the military governor of Cuba, has informed the war department that June 16 is the date finally set for the municipal elections of the island. This action is the direct result of the Cuban census taken under the direction of the military authorities. The figures supplied by what is declared to be the first accurate enumeration ever made in Cuba appear to have satisfied the war department that the municipal elections might be proseeded with in the reasonable expectation of an outcome auspicious for the future. The total population of Cuba is now 1,572,797-815,205 males and **757,592** females. Of this total 20,487 are Spanish citizens, 1,296,767 are Cubans, 79,625 are of other citizenship, and 175,811 are in suspense. The whites greatly outnumber the blacks. There are only 111,898 male negroes and 122,740 female negroes. The mixed races number 125,500 males and 145,-305 females. There are less than 15,-000 Chinese.

THE DEWEY-SPANISH EPISODE. Europeans have often accused Americans of neglect of the diplomatic proprieties, and the charge is likely to be repeated now, in view of the invitation which was sent to the Spanish minister at Washington to be present at the celebration soon to take place in Chicago in honor of Admiral Dewey. Of course the invitation to the Duke d'Arcos was an oversight. All the other diplomats in Washington were to be asked to appear, and the clerk who wrote the invitations sent one to the Spanish minister without thinking of the impropriety of asking that official to take part in festivities to commemorate an event which was disastrous to his country. The apology which has just been made by the American minlater in Madrid to the Spanish government will make it plain to Spain that no offense was intended.

### ROBERTS CENSURE.

All Great Britain—and the watching world with it—must be rather puzzled at the action of the Salisbury government in giving publicity to the extraordinary criticisms passed by Lord Roberts upon most of the prominent British officers in South Africa. While the frankness of the commander in hief is properly commended, it is guite plain that his comments were not intended for the public ear. The war ministry and cabinet were, of course, entitled to the fullest information regarding the operations of the generals responsible for the disasters mustained by Great Britain prior to the advent of Lord Roberts, but what useful purpose, it is naturally asked, can be subcerred by spreading this melancholy intelligence broadcast?

## A TRUST BABIT.

Probably nobody outside of a small and secretive coterie will ever know exactly why the American Steel and Wire company abruptly shut down a osen mills, throwing 6,000 men out of maloyment and demoralizing a great industry. It is not necessary that any intrider should know. The simple fact that "outside" opinion unanimously imputes the step to an inside plan to rig the stock market is quite sufficient. The fact that the men on the outside who have followed the course of the wire trust are perfectly ready to be-Heve that the small controlling coterie violently disjointed the industry in the furtherance of a stock-jobbing scheme tells its own story and furnishes all the evidence that is necessary in the

Serious Errors Made by English Generals -Chicago Ambulance Corps Members Tear Off Red Cross Badges-Staffs of Buller and Warren Do Not Speak.

Wednesday, April 18.

Publication of Lord Roberts' criticisms has caused a loud demand in London for the recall of Buller and other generals. It is reported Warren has been ordered home. Half of the members of the Chicago ambulance corps tore off Red Cross badges and accepted Mausers. Staffs of Buller and Warren have not been on speaking terms since Spion kop fight. Blockade of Wepener continued.

Thursday, April 19.

Clara Barton said if Chicago Red Cross corps have taken up arms "humane world will not hold them guiltless." Those who equipped expedition doubt reports from Lourenco Marques. Col. Crofton retired because of Spion kop disaster. Other "blundering commanders" likely to be relieved. Queen Wilhelmina gave audience to Boer peace commissioners headed by Dr. Leyds. Renewed rumors that Boers have retired from Wepener. Carrington's bushmen reach Beira. The larger part of Roberts' army is delayed at Bloemfontein by heavy rains, and the numbers of foreigners are reported to

Friday, April 20.

Schalkburger succeeded Joubert as vice-president; Louis Botha is acting commandant general. Ouida in Nuova Antologia declared Joseph Chamberlain is responsible for the war. Rain is delaying Roberts' operations. Boers planning to harass his advance. White may be made governor of Gibraltar. Boers using guerrilla methods in Natal. No news of Wepener's relief.

April 21-22.

The 20,000 British soldiers on their

way to relieve Wepener meet with check in two battles. Lord Methuen is forced to retire, and his entire supply train narrowly escapes capture. An official Boer notice commands all burkhers in Griqualand West to join the army under punishment by martial law. The Irish brigade parades before President Kruger's house at Pretoria, and he makes a speech to them. Among the dead and wounded Boers and those taken prisoners the English find many women dressed as men. It is told in London that Lord Kitchener has been severely sat upon by Lord Roberts. The Boers around Wepener are re-enforced, and heavy fighting is expected.

Small scraps of news permitted to pass censor indicate Boers besieging Wepener in strong force, and Brabant is expected to relieve garrison. Boer press estimates republican force at 105,-000, of whom 50,000 are in Free State and 19,000 in Biggarsberg. Boers said to half encircle Bloemfontein to eastward in a crescent formation. Charles Warren may be appointed governor of the Free State.

Monday, April 23.

Boers harassed Rundle's advance to relieve Wepener; French and Pole-Carew drove back attacking party of Boers at Leeuw Kop. British force within eight miles of Wepener, and news of relief expected momentarily. Roberts reported lieutenant and ten men of Seventh Dragoons as missing: no details. Dr. McNamara has left Chicago ambulance corps, being disguested with their conduct. Thirtysix rebels tried at Cape Town and sentenced for six months to five years. Boer prisoners at St. Helena wish services of a clergyman and a neutral consul. Roberts reported to have recaptured the Bloemfontein water works. Boers moving from Wakkers-

### SAVED BY PRESENCE OF MIND Girl Hangs from High Trestle to Es-

cape Death.

Anna Brown, 14 years old, while returning to her home from Sunday school at English, Ind., took the railroad track as the shortest way. She had reached the middle of a trestle that spans a ravine about 300 feet wide when a fast freight turned the curve near the trestle. The girl saw it would be impossible to reach the farther side before the train would be upon her. and, with remarkable presence of mind, she stepped to the edge of the trestle and, as the train came swung herself down by her hands, and hung from the crossties. The engineer saw the girl, and as soon as the train cleared the trestle he jumped from his cab and hastened back. He found her struggling to raise herself, and was almost exhausted when the gineer caught her by the hands and pulled her up on the trestle. The ravine over which she was suspended was seventy-five feet deep.

# MINNESOTA TIMBER IN FLAMES

Bush Floe Near Dulutn-Fate of Maniton Bushmen Uncertain.

The fires in northern Minnesota are not yet serious, as little property has been destroyed, but the woods are dry, and unless a heavy rainfall comes great damage is likely to result. The conditions are similar to those of the early part of 1894, the year of the Hinckley fire. Wires on the Great Northern near Stony Brook are reported as burned down.

A report has reached Duluth from Lakeside, a suburb six miles east, that timber a few miles north of there was burning and the fire appeared to be widening its area rapidly. The wind is from the south, but not strong.

There has been no loss of life in the bush fires in Manitoba so far as known. All the persons missing have turned up. Fires along the Southeastern were still raging Monday, and the exact amount of damage or loss of life is not ascertained. The drivers and bushmen have scattered in all directions, and out of 200 only about thirty are known to have reached a place of safety. The remainder are doubtless struggling desperately through the woods for their lives. The total loss is estimated at \$1,000,000.

Cole was fn the Tennessee penitentiary under sentence aggregating thirty years. when he made his escape, going to Chicago in 1893. He reformed, was engaged by the Pullman company, and had been in their employment several years when captured and returned to the Tennessee prison.

Ship Purged of Smallpox. A dispatch from Boston says excursion steamer New England, which has been the subject of a smallpox scare. has arrived here from Liverpool, and was given a clear bill of health. All trace of the disease has disappeared. but not so the indignation of the passengers. "The fact that all our baggage was put ashore at Naples in a state of disorder was only a minor trouble," said Col. Fuiler, one of the passengers. "It was Clark's (the excursion manager) action in attempting to induce the captain to allow the passengers to come aboard the ship again and his leaving them in the lurch, many of them women, practically stranded, when the ship sailed without them, that has created the outburst of indignation."

Murder, Suicide and Lynching A message from Allentown, La., gives the news of a murder, suicide and double lynching. William White had occasion to reprimand Jeff Toison, a negro, and while White's back was turned the negro deliberately shot him, killing him instantly. The negro immediately ran to his house, about a quarter of a mile distant, and before a posse could apprehend him killed himself. Another message says that two other negroes were taken by a mob and riddled with bullets, they having admitted knowledge of Toison's intention of murdering White, and witnessed the deed. Their names are John Humely and Ed Amos.

Fights Religion in Schools

Daniel Freeman, a politician of some prominence in Gage county, Nebraska who claims the distinction of being th first homesteader in the United States, some time ago began suit to restrain the teacher of the public school in his district from using the Bible, offering prayer or singing gospel hymns as part of the school exercise. The district court at Beatrice dismissed the injunction. Mr. Freeman has appealed the case to the Supreme court.

would cry, realizing what pain he was in. His pitiful wailing was heart-rending. I had about given up hope of saving him when I was urged to give him Hood's Sarsaparilla, all other treatment having failed. I washed the sores with Hood's Medicated Soap, applied Hood's Olive Ointment and gave him Hood's Sarsaparilla. The child seemed to get better every day, and very soon the change was quite noticeable. The discharge grew less, inflammation went down, the skin took on a healthy color, and the raw flesh began to scale over and a thin skin formed as the scales dropped off. Less than two bottles of Hood's Sarsaparilla, aided by Hood's Medicated Soap and Hood's Olive Ointment, accomplished this wonderful cure. I cannot praise these medicines half enough."
