Do You Use Paint?

Most of the world does, and most of the world uses

Sherwin-Williams Paint.

It's made to paint buildings with, inside and outside. It's made ready for the brush. It's made for home use and for practical painters, too. It's pure lead, pure zinc and pure linseed oil mixed by specially made machinery operated by experts. It's made for you.

On the Wave of Prosperity.

THE SHERWIN-WILLIAMS PAINT rides on the very top of the wave.

It has reached that position because of its great worth and it will stay there. No other paint does good work so well and so economically. No other paint has gained such popularity. Color cards on application.

Using SHERWIN-WILLIAMS PAINT is no experiment. They have been making paint for forty years and GUARANTEE EVERY CAN. You assume no risk in using this paint. Before you decide on your paint let us talk it over with you and show you our card colors. We know a thing or two about paint and perhaps we can help you. We have a paint for Inside; a Floor or Porch; a Chair; a Table; a Bookcase; a Bath; etc. Not a One Paint for Everything. We also keep
