Large advertisement for Cascarets: "BABY'S BAWLS. MAM-MMA!! DON'T YOU HEAR BABY CRY? Do you forget that summer's coming with all its dangers to the little ones—all troubles bred in the bowels. The summer's heat kills babies and little children because their little insides are not in good, clean, strong condition. Winter has filled the system with bile. Belching, vomiting up of sour food, rash, flushed skin, colic, restlessness, diarrhoea or constipation, all testify that the bowels are out of order. If you want the little ones to face the coming dangers without anxious fear for their lives, see that the baby's bowels are gently, soothingly, but positively cleaned out in the spring time, and made strong and healthy before hot weather sets in. The only safe laxative for children, pleasant to take (they ask for more) is CASCARETS. Feeding mother make that milk mildly purgative for the baby by taking a CASCARET now and then. Hence take a CASCARET, baby gets the benefit. Try it! Send for a 10c box of CASCARETS to-day and you will find that, as we guarantee, all irregularities of the little and big children, melted and CURED BY Cascarets CANDY CATHARTIC BEST FOR THE BOWELS ALL DRUGS."
