The Chicago Tribune

Best newspaper for bright and intelligent people. It is made up to attract people who think. It is not a record of obituary, constantly returning to an endeavor to please both sides, but it is independent in the best sense of the word. It has prominent opinions and is fearless in expressing them, but it is always fair to its opponents. It is the only paper in the West. It is the only paper in the West. It is the only paper in the West.

"I am hale and hearty now."

Physicians failed to help me, and I was advised to try Dr. Miles' Heart Cure, which benefited me from the first. I continued using it and now am in perfect health."

C.M. LILJEDAHN

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root, the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Washington, N. Y., and mention this paper.

to finance committee with power to act.

President Root announced the following unfilled appointments: For superintendent of water and light plant, F. L. Sloat; for policeman, Warren V. Davenport.

The appointment of F. L. Sloat was on motion confirmed, and the question of confirmation of policeman appointment was deferred until the next regular meeting.

Trustee Parnall brought up matter of fire insurance on pumping and light station and machinery, with the recommendation that the amount be increased, he considering the present amount carried, 2,000, as inadequate. The finance committee was authorized to have a larger amount written at its discretion.

The water and light committee were instructed to confer with the fire department regarding the establishment of a maintenance fund for use in keeping the fire apparatus in repair.

The balance of \$63 remaining from the \$16,000 secured by sale of electric light bonds was ordered transferred to the village treasurer.

Upon motion the board adjourned.

TIME AND SPACE
are practically annihilated by the ocean cables and land telegraph systems which now belt the circumference of Old Earth in so many different directions. "Foreign parts" are no longer foreign in the old meaning of the term. Europe, Africa, Asia, are "next door" to us. What happens there to-day we know to-morrow—if we read THE CHICAGO RECORD, whose Special Cable Correspondents are located in every important city in the world outside of the United States. No other American newspaper ever attempted so extensive a service; and it is supplemented by the regular foreign news service of The Associated Press. For accurate intelligence of the stirring events which are shaking the nations—of wars and rumors of wars—of the threatening dissolution of old governments and the establishment of new—of the onward sweep of the race in all parts of the world—the one medium of the most satisfactory information is the enterprising, "up-to-date" American newspaper, THE CHICAGO RECORD.
