RECREATION AND HEALTH.

Both Can Be Secured at the Indiana Mineral Springs, Indiana. Like the young man in springtime, whose fancy "lightly turns to thoughts of love," when summertime comes we all turn our thoughts to the consideration of the important question of where we shall go for rest, recreation and health.

There are all kinds of health and pleasure resorts throughout this broad land of ours, some of them, unfortunately, anything but what their names imply, and apparently operated for no other purpose than to relieve the invalid and pleasure seeker, financially. So much so is this the case that it is indeed gratifying to the one seeking rest and recuperation from the cares of the business and social world, as well as the pain racked invalid, who is fortunate enough to discover a place where to use a popular expression, he "gets his money's worth."

One of the most interesting, picturesque and delightful places in this country is unquestionably the resort known as the Magno Mud and Lithia Water Cure, located at Indiana Mineral Springs, Indiana. Here come the worn out devotee of society and the professional man on the verge of nervous prostration, as well as the sufferer from rheumatism, kidney and skin diseases for which the baths are especially beneficial. The place is also largely patronized by those who only seek pleasure and recreation, its location making it particularly adapted for this purpose. There are many romantic and beautiful spots and places of interest in the vicinity and it would be hard to find a section of country containing so many beautiful drives. The country is very hilly, but the roads are all graveled and kept in good condition. This is one of the things that makes the place especially attractive to those afflicted with rheumatism, as driving is about the only outdoor pleasure one crippled with rheumatism can indulge in. Some of the cures effected are really marvelous and many who have gone to the Magno Mud Cure as a last resort have returned home within a few weeks filled with renewed health and strength.

The accommodations, service, table and attendance is all that can be desired and the rates very reasonable indeed. The Springs is under the able management of Major H. L. Kramer and a postal card inquiry addressed to him will bring complete detailed information as well as a copy of the "Mudlavia Magazine," a unique and interesting publication.
