JUDGE YATES TO THE GER-MANS.

Hon. Richard Yates, the Republican candidate for governor of Illinois, has this to say to the German-American voters of Illi-

"The Democrats are claiming that they will carry the state this fall by appealing to just one class of our fellow-citizens, the German-Americans. They say the German-American citizen is going to vote the Democratic ticket this year in spite of Democratic extravagance in the state in the past, and they are going to accomplish this by appealing to you to vote against the Republican party because of that party's attitude in national af-

"Now, I want to say to you here today, regardless of your descent, that I do not care whether a man is born in Germany or born in this country, I know that when he comes to this country and makes his arrangements to live here he does not think of the country from which he came when he goes to the polls to vote. I know that there is in the state of Illinois no class of men more true, more logal Americans than the German-American citizens. German-American citizens are in the first place economical men. They are men of thrift and know how to save. He knows the value of an honest dollar and will never vote to bring about a dishonest dollar. He does not want to be paidina 50-cent dollar and is too nonest to pay his debts with a 50-cent dollar. He is in favor of stability and solidity in money affairs, of a standard that does not change, and for a dollar

In every battle for the sonor and glory of that flag, in ill our wars, the German-American has given us his aid and his ood. Is he going back on us

All that Illinois Republicans will have to do to elect their entire state ticket, give McKinley and Roosevelt a bandsome majority add secure a good working majority in the legislature with which to elect United States senator, is to go to the polls on Nov. 6 and vote. There are plenty of Republicans in Illinois to accomplish this, and there need be no failure in any part of it if all Republicans will perform this im portant duty. More than this, the Republicans will be assisted in electing their candidates by many former Democrats who cannot be induced to support Bryan or the platform on which he stands. While some Democrats affect to believe that they will elect Alschuler governor, they really For Vice-President Theodore Roosevelt | have no expectation of doing so. > In 1900, after having fought a successful war, and with its resultant difficulties and problems still before him, President McKinley is made the subject of exactly the same charges as was President Lincoln in 1864 by the Democracy of that day. Honestly now, does anyone really think for a moment that the attitude of the republican party in the control of the Phi ippines savors of imperialism? Such a thing cannot exist under a republican form of government.
