THE LAW ON REGISTRATION.

What the Voter Must Do Preliminary to Casting His Ballot on Election Day.

Some confusion having already arisen in regard to times and dates for registration and revision, preliminary to the election in this State, this fall. off the walk. the following will be of interest and may be regarded as the law in the premises.

This confusion grows out of the difference in methods between certain localities operating under what known as the "City Election" law and the rest of the state, where the general election laws of the state apply.

This "City Election" law was passed in 1885 and only applies to such "cities. villages and incorporated towns" a adopt it by vote of such places as de sire it, and the only places that have adopted it up to this time are the city of Chicago, the city of East St. Louis and the town of Cleero in Cook county

In these three localities the election machinery is under the control of a board of election commissioners and the law is special in this respect, that two days are set apart for registration (this full) every voter must apply in person and no one can vote whose name does not appear on the register. The dates for registry are October 9 and October 16 between the hours of eight m. m. and nine p. m. Polls open at six a. m. and close at four p. m. on elec-

tion day. Elsowhere in the State.

All the rest of the state (aside from those places above mentioned) the "General Election Law" of the state applies. The election officials (judges and elerka) meet in their respective precinets October 16 (eight a. m. te maine p. m. in cities, nine a. m to five p. m. in country precinets) to prepare the new registers. These officials carry forward from the old to the new registers the names of all well-known voters in their precincts and they also have the power to insert names of voters not on the register. whether such voters appear in person not. Names of parties removed by death or otherwise are not carried forward. These precinct boards meet again on October 30 (same hours) and at either of these meetings any voter can apply for registration, but peremptory registration is not a necessity. Any qualified voter can go to the polls on election day and by his own oath, corroborated by the affidavit of a regintered voter of the same precinct, establish his right to vote. It would be well, however, to avoid the delay often ecasioned by the affidavit method-by registering on one or the other of the days set apart for that, and other pur-

The law relating to the use and methof marking the official ballot apites everywhere alike, and election my is November 6.

The general qualifications for a voter are, 21 years of age, native or naturalred, one year in the state, 90 days in the county, 30 days in the roting preeinet, previous to the day of election. Women duly qualified vote for trustees of the state university and for their use a separate ballot is provided, with only the nominees for trustees

Anyone moving out of his voting preiet after October 6 loses his vote.
