and Special Three Days' Stinerary. Judge Richard Yates, the Republican candidate for governor, will close his record-breaking campaign in the state at large with a flying three days' trip on a special train through Illinois Thursday, Friday and Saturday, Oct. 25, 26 and 27. Judge Yates' special will make a dozen or more stops of thirty minutes on each of these three days and he will make short speeches at the station. Arrangements have been made so that after his departure Republican meetings will be held at each of the towns, to be addressed by other well known speakers. When Judge Yates finishes this flying trip down through the state and back again, he will have visited and spoken

Judge Yates' first days' run will be over the C., B. and Q. railroad, starting at Aupora Oct. 25, at 7:30 a. m. He will speak that morning at Plano, Sandwich, Mendota, Princeton and Kewanee; in the afternoon at Monmouth, Bushnell, Vermont, Lewiston and Rushville, with a night meeting at Whitehall.

The week following and all of the remainder of time until election day, Judge Yates will devote to a thorough canvass of Cook county, visiting factory employes during the day and making a number of speeches in different sections of the city in the evening. His campaign has been one of the most active and remarkable ever conducted by a gubernatorial candidate in Illinois and has aroused the greatest enthusiasm wherever he has

MINES SHOW GREAT INCREASE.

Money Never So Pleatiful Among the Illinot- Minero as It Is This Year.

Mr. Bryan has repeatedly asserted that every man who has been pros perous in McKinley times should vote the Republican ticket this fafl. The Centralla Sentinel says the miners working in the coal mines in that city will vote for McKinley, Yates and the Republican ticket because they have prospered, \$88,461 more money having been paid in wages to miners of Centralla this year than last. In the district comprising the counties of Ma rion, St. Clair, Madison, Clinton and Bond the total output last year was 4,283,258 tons, as against 5,235,152 this year, an increase of 951,894 tons. To remove the coal shipped out of this district it required 447,432 cars, which would make a traffi 1.173 miles long. The average number of days of active operation for all miners in the district was 215 days, as against 197 days last year, so that each miner, new as well as old, averaged eighteen more days this year than the old men did last the same story. Mr. Raab and his year and that was better than the year before that. Many improvements have Bryan in 1896 that have gone back been made in the mines during the to him from St. Clair county this year past year thus furnishing thousands of -and Raab's appointment accounts Sold by Bush & Simonson, druggists. dollars to laboring men in various other industries.

The miners will be found standing by McKinley in his every move, for they know he has stood by the protection doctrine of the Republican party, the doctrine that has made this increase possible.

Judge Tates on the Soldiers,

Judge Yates, in a Memorial Day address delivered at Aledo May 30, 1899. speaking of the soldiery of 1898, said: "I am convinced that every war fought by America, every degree progress it ever attained, every onward step it ever took was to establish an unprecedented, unequaled and sublime citizenship. I am therefore satisfied that every effort put forth to establish that citizenship is to be honored and remembered by the citizen of to-

Alsehuler Upholds Altgold.

Intelligent voters of Illinois will be slow to trust a defender of ex-Gov Florida ernoz Altgeld to sit in the executive chair at Springfield. Alsehuler upholds the Altgeld administration. Under Altgeld the amount of defaications and theft committed by men he appointed was over \$1,000,000. The total loss to the state under Governor Tanner's appointees amounts to less than \$3000.

Will Start Right.

The Dixon Telegraph prints the names of seventy-four young men in that city who will start their voting career right this fall by casting their first ballots for McKinley, Roosevelt. Yates and the whole Republican ticket. The Dixon list of first voters is steadily growing, too. Rockford has a club of over 150 first Republican voters.

THE TARIES IS AN ISSUE.

Bryon's Election Will Again Pince the Country on Proc Trade Lines.

The Democratic national platform of 1892 denounced the protective tariff as unjust, inequitable and unconstitutional and declared that "it has benefited no branch of bus!ness except that of the sheriff." The national Democratic plat-form of 1896 reaffirmed that of 1892, and the Democratic national platform of 1900 reaffirmed that of 1898, and only a few days ago Mr. Bryan took occasion to say in a public speech that the tariff issue is neither dead nor sleeping, but is a matter that will be "reformed"-which means placed on free trade liner-if he is elected and is supported by a Democratic congress. It does not require much political sagacity to foresee that if Bryan be elected president in 1900 the whole influence of his personality and of the immense patronage at his disposal will be used to secure a Demorcatic majority in congress at the election of 1902. And he has told us what he will do as soon as he gets power to do it.

Now the merchants, mechanics and farmers of Illinois have prospered exceedingly under the operation of protective laws. During Harrison's admlistration prosperity and protection walked hand in hand. In November, 1892 the people foolishly placed Cleveland in power for a second term; the CARFENTER AND BUILDER. free trade Wilson tariff law was enacted. Panic and poverty instantly followed in its steps. In 1896 the people re-established a policy of Republicanism and protection, and instantly prosperity reappeared. The foundries, forges and factories began to run on full time, the pay of the laborer was increased, the trade of the merchant was enlarged, the demand for the products of the farm, and the price of them, advanced. In the four years between Simonson's Drug Store and get a trial bot-1896 and 1900 \$65,000,000 was added to the of Dr. Caldwell's Syrup Pepsin. the value of live stock and farm products of Illinois.

It would be folly in the degree of prosperity to one of adversity. And do not forget that it is just as important to vote for Richard Yates and the whole of the Republican state ticket as it is to vote for McKinley and Roosevelt.

Why Henry Raab Flopped.

Mr. James McNamara, who is touring southern Illinois counties, has sent a letter to Chairman Fred H. Rowe, chairman of the Republican state central committee, from Belleville, in which he recounts portions of the record of Heury Raab, who bolted Bryan in 1896 and is now chairman of the Democratic state German bureau in Chicago. Mr. McNamara says:

"Captain Charles Becker, former state treasurer, chairman of the Bt Clair county Republican organization, and one of the best known and mosthighly respected German citizens of southern Ifilnois, tells me that Henry Raab bolted the Bryan tieket in 1896 and supported McKinley. He subsequently asked for and expected a United States consulship, which he failed to secure. He denounced McKinley for his so-called imperialism, but stated he did not intend helping the Democratic ticket this year. In fact, he did nothing until he was offered a salary of \$500 a month to assume charge of the Democratic state German bureau, which he now holds. This offer came from the Democratic state central committee at Chicago. Former Governor Gus Koerner, also a life-long Demoeratic friend of Mr. Raab's, told me son are the only Democrats who bolted

ook Out For It.

The great Democratic roorback of the campaign is about due. Beware of It. Don't believe it.

It has without any doubt been care ters for months, in readiness to be aprung at the last moment in the campaign, so that election day will pass before its faisity can be thoroughly No one can tell in what shape it will appear.

It may be a pure forgery, as was the Morey letter of 1880. It may be a charge that some influential Republican is involved in a great

It may be that some Republican will be accused of writing something hurt ful to labor.

It may be that President McKinley or Governor Roosevelt or Judge Yates will be accused of murdering his grandmother's aunt's cousin, or some thing equally absurd.

Look out for it! Don't be influenced by it! It will be false in whatever shape it

Judge Yates and the Fishers. Judge Yates, in his campaigning tour down the Illinois river recently, was surprised at the importance of the fishing industry of this river and promised, if elected governor, to see that it is given proper encouragement in the future. He said in a speech some things that not a great many people know: that the annual catch of the Illinois river is worth in cold cash, \$1,500,000; that there are in the Association of Illinois Fishermen 2.000 members and that there are dependent upon these 2,000 at least 10,000 persons. The Illinois river sent to eastern markets last year 600 car loads of fish, the carp catch of the Illinois controlling the entire carp market in the United States. Judge Yates came in close touch with the fishermen and they will join in the thousands to

make certain his election in November.

Is for the American Policy. W. G. Ferguson, aged 75, a resident Odin. Marion county, visited Republican state headquarters a few days ago, and said: "I have always been a Democrat, a warm personal friend of Judge Bryan and his boy, without Dr. Caldwell's Syrup Pepsin.
