YOUR DUTY NEXT TUESDAY.

But five days remain of the campaign supposedly upon an economic issue, really a campaign upon whose results depend the vital principles of republican government and the prosperity of the nation.

Anide from all partisan feeling we believe the election of Wm. McKinley and the whole republican ticket next Tuesday will be for the best interests of the people. far the republican party has never failed the people, and until it does, is worthy of your support, and Wm. McKinley was chosen nuanimously as its leader.

Wm. Bryan is the leader of the various famatical factions that have always endesvered to gain a footbold in the great political parties. He has a following of men who are dangerons demagogues largely dominated by ideas, decidedly auarchistic. Their platform in a menace to the stability of our republican form o government and four years ago was repulisted by the forement old line democratic leaders including President Cleveland

Anto the Democratic ery of imperialism no one supposes for an instant that the American people will tolerate imperialism directed against themselves in any form, and the risk today is certainly not real. olorate imperialism directed on our part. When Admiral Dewey de- ventional held in Chicago in 1896," No stroyed the Spanish fleet in Manila harbor, sound money democrat in Illinois can con and our army reduced the city, destroy- sistently vote the democratic ticket this lag the only government in existence year. there, ought we to have turned the city over to be looted by Aguinaldo and his followers, as the latter demanded? Ought we to have turned the American, English, Garman and other white inhabitants, as replace it with another government at lature, if in session. want an good, especially as the city and all in it, by the express terms, of the capitulation, of May 13, 1898, were entrusted to our protection. "This city, its inhabitante, lia churches, and religious worships, its educational establishments and its private property of all descriptions, are need under the special safeguard of the faith and honor of the American army." and them, as soon as the inhabitants of the lippings are capable of self government in hand it over to them, as Mr. McKinley "It is our purpose to establish the Philippines, a government suitable the meeds and conditions of the inhabante, and to give them self government sen they are ready for it, and as rapidly

as they are ready for it." The ery of militarism is equally absurd. not for the sake of illustration let us swell e regular army of the United States tom 63,000 to 80,000 Then let us take entimate of our population as 80,000, This would give us the ratio of 1,000 ms to 1 soldier, and this is the milim which terrifles William Jennings Bryan into stage fever and agua.

The thing to be decided is whether we are to abandon the gold standard, with bimetallic currency which it gives us, try the experiment of free, unlimited of independent coinage of silver at the of 18 to 1, which never gave this or

The duty of all patriotic Americans is to vote to open the mills and not the mints to uphold the honor of the nation, instead of reducing this broad land to the level of China and Mexico. Cast your ballot for Wm. McKinley of Ohio, and do not let any false notions of partisan fealty dater you from repudiating the base attack upon our courts our foreign policy and the present sound financial policy of this nation.

For myself, fellow-citizens, I can only may that I believe it is the duty of every man to offer himself to public service in the very highest capacity of which either he or his friends deem him to be capable. So believing, I have tendered my services, and if the people shall see fit to confirm me to the high office of governor of Illinois I will endeaver to do welf my duty. I will try to serve the state faithfully; I will endeavor to bring about good legislation and prevent bad. I will try, if elected, to make good appointments. If, by mistake, I make bad ones, I will rectify the mistakes and remove the appointees. I will andeavor to see that the state institutions For Representative. Chas. H. Backus 1% votes and humanity. > While looking at the national and state part of the ticket, do not overlook the county candidates. They are the ones who are standing the brunt of the fight in this county; they are good men, qualified for the positions they are nominated for election. There may be an attempt at still hunt against the county canditates on the assumption that republicans are all interested in the head of the ticket, and care little for the fellows at the bottom end. The wise thing is for every repub Hean to go to the polls as early in the day of election as possible. Make one mark in the ballot, and that in the circle at the top to the left of the word republican, and leave it alone. Vote the ticket straight.

The four great pledges made in the Re publican platform on which McKinley was elected four years ago were: 1. To place the gold standard on a firm basis. 2. To reform the damaging Wilson tariff so as to protect American capital and labor. 3. To reassert the Mouroe doctrine in its full extent. 4. To maintain a firm and dignified foreign policy with American control of the Hawaiian islands. All these pledges have been faithfully ful-

Control of the next Congress by the Re publicans is very important. See to it that your ballot is east in the right way to help elect a Republican Congressman well as the peaceful Filipinos, over to and a Republican Senator. > The same irresponsible elements that villified Lincoln while he was attempting to put down an insurrection are slandering McKinley while he is attempting to restore order in the Philippines and it must be a consolation for President Me-Kinley to know that many of the men who annoyed Lincoln lived to learn that they were wrong.

"If there is any one who believes the Gold Standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it." Hon. William Jennings Bryan, Knozville, Tenn , Sept. 16, 1896.

It ought not to be difficult to convince the wage earner that if there were benefits arising from a degenerated currency they would reach him least and last of all .-Grever Cleveland.

Before casting your hallot remember that the Republican party is the only on pledged to defend the gold standard, while the Democratic party is pledged to destroy

The only valid argument thus far advanced against expansion is that the adother country anything but silver mission of Hawaii gave the Democrats the one rote necessary to put 16 to 1 in
