

Over-Work Weakens Your Kidneys.

Healthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmor's Swamp-Root, the great kidney remedy is soon realized.

It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble.

Mention this paper when writing Dr. Kilmor & Co., Binghamton, N. Y.

Robert Buck

Palpitation of the Heart.

A severe attack of nervous prostration left my heart in a very weak state. It would palpitate and flutter at the slightest exertion, and I was unable to attend to business.

I tried several remedies without benefit, until I began using Dr. Miles' Heart Cure which cured me completely.

W. Wolney, Jackson, Miss.
