# MINISTER SAVED

Rev. Henry Langford entirely cured of Nervous Prostration by Dr. Greene's Nervura Blood and Nerve Remedy.

REV. HENRY LANGFORD.

Rev. Henry Langford, the eminent Baptist divine, of Weston, W. Va., has just expressed his nervous and physical prostration. He is pastor of four churches. "For ten years," he said, "I have been nervous and growing worse all these years. During the last year or two years I became so nervous I could scarcely sign my name as it could be read. I was convinced that I could not read my own sermon notes after they had been laid aside awhile."

"I was unable to hold my head steady in the pulpit, nor could I hold or handle my books and papers without embarrassment, owing to the trembling and weakness of my hands and arms. I was so nervous that I could scarcely feed myself. In fact, my nervous system was paralyzed."

"I tried many remedies recommended by physicians, but found no permanent relief. One day I was in the store of R. S. Ogden, at Saville, W. Va., and he said to me: 'You take one bottle of Dr. Greene's Nervura blood and nerve remedy, and he said you'll be all right again, you need not pay for it.'"

"I took two bottles of this medicine and found so much relief that I bought two more bottles and now I am wonderfully improved in health and in strength. Dr. Greene's Nervura blood and nerve remedy did it. I can heartily and truthfully recommend it to the sick. No man cannot be said in praise of this splendid medicine. I say this for the good of others who are from nervous and prostrating disease who can be cured by this remedy. For myself, I am thankful to God that I found Dr. Greene's Nervura blood and nerve remedy, and for what it has done for me."

## OLDEST MAN IN AMERICA

Tells How He Escaped the Terrors of Many Winters by Using Peruna.

Mr. Isaac Brock, the Oldest Man in the United States

Mr. Isaac Brock, of McLennan county, Tex., has attained the great age of 111 years, having been born in 1788. He is an ardent friend to Peruna and speaks of it in the following terms:

"During my long life I have known a great many remedies for coughs, colds, catarrh and diarrhoea. I had always supposed these affections to be different diseases, but I have learned from Dr. Hartman's books that these affections are the same and are properly called catarrh.

"As for Dr. Hartman's remedy, Peruna, I have found it to be the best, if not the only reliable remedy for these affections.

"Peruna has been my stand-by for many years, and I attribute my good health and my extreme age to this remedy. It exactly meets all my requirements.

"I have come to rely upon it almost entirely for the many little things for which I need medicine. I believe it to be especially valuable to old people."

Isaac Brock.

Catarrh is the greatest enemy of old age. A person entirely free from catarrh is sure to live to a hale and hearty old age. A free book on catarrh sent by The Peruna Medicine Co., Columbus, O.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

## DIE IN A GALE ON ERIE.

Eight Persons Go Down to Watery Graves.

### THE BARGE FOSTER SINKS.

She Was in Tow of the Iron Duke at the Time of the Accident—The High Waves Make Rescue of Crew Impossible.

In the midst of one of the most bitter gales that ever swept Lake Erie, the ore barge Charles Foster, in tow of the Iron Duke, plunged to the bottom at 4 o'clock Sunday morning ten miles off Erie, Pa., and eight persons were drowned, as follows: Capt. John Bridges of Cleveland. First Mate; name unknown. Second Mate; name unknown. Seaman Robert Wood. Seaman William Kelly of Port Austin, Mich. Cook Mrs. May of Detroit. Two unknown deck hands.

The Charles Foster was one of the fleet of James Corrigan of Cleveland, and for two months had been running from Duluth to this port with iron ore. Her cargo consisted of 1,500 tons of ore.

Capt. Ashley of the Iron Duke made this port in safety. In an interview he said:

"The Foster was in tow about 600 feet astern. I was up all night and there were three men on watch with me. The seas were rolling tremendously from the northwest, and the gale carried with it a blinding, stinging snowstorm. We made the harbor light all right. When we turned for the harbor a sea much heavier than any experienced struck us. I ran to the stern. Just as I got there the Foster plunged in an awful sea and dove nose first. There was not a cry from a soul of the crew of eight she carried. Just as she pitched down I saw a man on her fore-castle with a lantern. The tow line parted when she went down. The storm was so heavy that I could not put about to hunt for any one. There would not have been a particle of use anyhow, because in those tremendous seas no one could have lived a minute, even if the water had not been icy cold. Had there been a cry for help I would have turned and risked my ship, but there was no use. I had all I could do to make port in safety myself."

The loss of the Foster's crew runs the number of lives lost on the lakes this season up to 118. The previous total of 110 was already the largest for many seasons. The Foster went down not far from the scene of the loss of the steamer John B. Lyon earlier in the season, when nine men were drowned.

### TELEGRAPHERS ON STRIKE.

The Santa Fe Railroad Is Partially Tied Up.

A great strike of the telegraphers of the Atchison, Topeka and Santa Fe railroad is on. The strike situation, based on latest dispatches, is summarized as follows:

Number of operators employed on Santa Fe system, estimated by Third Vice President Barr, 1,200; estimated by members of the Order of Railway Telegraphers, 2,000. Number of union operators out east of Albuquerque, estimated by strikers, 500. Number of operators out west of Albuquerque, estimated by railway management, 150; estimated by strikers, 400. Cause of strike, refusal of the railroad management to arbitrate rules and regulations, particularly to grant eight hours continuous exemption from work in twenty-four.

The Kansas City Times says: "Within the next forty-eight hours the walk-out of the Santa Fe operators may widen into a general strike and the members of the Order of Railway Telegraphers be joined by those of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and the Brotherhood of Railway Trainmen. Such is the danger that telegraphers say now threatens the great passenger and freight business of the Santa Fe from Chicago to the Pacific coast and the Gulf of Mexico.

**Fired by Student Mob.**  
Football yells, victorious players on the shoulders of their admirers, wild rushes between students and firemen and the whole scene lighted up by the shooting flames of the burning hundred building of Morgan Park (Ill.) academy, which the students had set on fire to celebrate their victory over the South Side academy, marked the football demonstration at Morgan Park. The mob finally drove away the firemen and dispersed to avoid a conflict with the police. The building, a substantial two-story frame structure, was burned to the ground and the loss of \$1,000 was not covered by insurance. This building, it is said, has long been an eyecore to the students, who failed to see a desirable contrast between it and the six brick buildings on the campus.

**W. C. T. U. to Have a Paper.**  
The National Woman's Christian Temperance union convention came to a close in Washington after a very successful and interesting week. A report by the executive committee that the National W. C. T. U. should own and control an official organ was adopted, as was a resolution declaring the union should work for the adoption of a constitutional amendment prohibiting polygamy. Columbus, O., Fort Worth, Tex., and Portland, Me., were asked the honor of entertaining the convention in 1907.
