boutes of Baggy Maglish Clothes. The reason for the "baggy" appearance of English clothes is given by a writer in The King, who discusses what he calls the "absurd theory that a | Work in Both Houses at Springman's clothes should fit. It seems a paradox to say that a good tailor never tries to make them fit, but it is a pregnant truth nevertheless. I remember a worthy tailor holding forth to me with due solemnity on this subject. 'My American customers,' he said, 'sometimes try to persuade me that a New York tailor is ahead of us Londoners because he gives a better fit. I reply that if I wanted to make my clothes fit the figure I could do just as well or even better than my American rival. But I don't. Clothes, sir, should hang, not fit. It takes a genius to make them hang well, while the merest tyro can make them fit. Wear a suit that fits you for a week and it is out of shape and wrinkled. A suit that hangs properly, on the contrary, always looks well and shows the art of its cutter, for It has style, which the other lacks." That is expert opinion, and is suggestive."

A Remedy for the Grippe.

Physicians recommend KEMP'S BALSAM for patients afflicted with the grippe, as it is especially adapted for the throat and lungs. Don't wait for the first symptoms, but get a bottle today and keep it on hand for use the moment it is needed. If neglected, the grippe brings on pneumonia. KEMP'S BALSAM prevents this by keeping the cough loose and the lungs free from inflammation. All druggists, 25c and 50c.

REPORT OF THE PROCEEDINGS.

Mr. Lyon Offers a Bill Amending the Game Law by Allowing Sale in Illinois of Game Killed in Other States-Other Measures.

Wednesday, January 23.

The following bills were introduced: By Mr. Crafts of Cook County-To amend the primary-election law by providing that a party convention must be held in the district in which the delegates to such convention reside, that the temporary chairman of the convention shall be elected by roll call, and that there shall be no adjournment except by roll call until the nominations are made. By Mr. Farnum of Chicago-Providing a 10 per cent tax on the gross earnings of telegraph companies. By Mr. McClenathan-To punish the crime of kidnapping by life imprisonment. By Mr. Nohe-Providing that all cities of 10,-000 inhabitants and over shall have the right to sell electric light and power to consumers; also a bill repealing that section of the gas frontage act of 1897 applying to electric lighting companies, thus making the law apply solely to gas companies. By Mr. Spiegel of Chicago-To regulate telephone charges, fixing the rate for telephones in cities of 50,000 or more inhabitants at \$4 per month, between 20,000 and 30,000 inhabitants at \$2 per month and in cities of less than 25,000 inhabitants \$1 a month.

Thursday, January 24.

The senate caused somewhat of a sensation this morning by amending senate rule No. 60 so as to exclude exmembers of the senate who are lobbying in the interest of corporations. In the house Mr. Donohue offered a resolution calling on congress to pass a law providing for election of United States senators by direct vote of the people. Bills in house: By Mr. Witt-To prohibit the manufacture and sale of cigarettes. The bill provides that whoever by himself, agent or servant shall manufacture for sale, sell, keep for sale, give away or in any manner dispose of any cigarettes, tobacco rolled in paper or in any rice paper or paper of any kind used in the making or manufacture of cigarettes, or shall make, manufacture, sell or keep for sale any tobacco or cigarettes, compounded with opium or with any narcotic or soporific, shall be fined not less than \$50 and not more than \$200, or imprisonment in the county jail nor less than thirty days, or both, in the discretion of the court. By Mr. Jones of Cook-Providing that the person under arrest shall be given the right to consult his attorney in pri-

Friday, January 25.

Less than a score of members of the house were present at the morning session of that body. Little business was transacted, the house adjourning until Monday, after the announcement by Speaker Sherman of the standing committee. The following are the chairmen of the standing committees:

Appropriations, Rankin of Warren; elections, Chamberlain; congressional apportionment, Scrogin; senatorial apportionment, Bundy; contingent expenses, Funk. The senate convened at 9 o'clock and remained in session just two minutes. Three members were present. Senator Springer was elected president pro tem. After prayer by the chaplain and the reading of the journal, a part of which was dispensed with on motion of Senator Funderberk, an adjournment was taken until Mon-

NOTES OF THE SESSIONS.

Mr. Crafts introduced a bill which provides that not more than one incorporated village may exist in the same incorporated town under a special charter. This bill applies to the town of Cicero and is a duplicate of the bill introduced by Senator Humphrey.

Ex-Senator Bollinger, republican, of the Forty-eighth district, will ask a recount of the vote for senator in his district, cast at the last election. His democratic opponent, Roy Alden, was declared elected by a plurality of fortyfive votes. Mr. Bollinger says that there are irregularities shown in many of the precincts in every county of the district. He is positive the result will show him to be elected.

Many members of the legislature think \$1,000 a session is too small pay for lawmakers, and they have started a movement to double the salaries of representatives and senators. As the constitution of the state prohibits the increase of salary during the term of office, the members of this legislature cannot increase their own salaries, but it is planned to pass a bill to give each representative and senator a clerk, the clerk to receive a salary of \$1,000 a year. The scheme, of course, is to employ "dummy" clerks, the members of the legislature to receive the extra \$1,000.

Senator Stubblefield introduced a bill exempting from the provisions of the medical practice act persons who practice massage treatments. Also a bill appropriating \$5,000 to collect papers and documents for the Illinois histori-

cal library. A number of the members of the house and senate are at work with maps and figures looking up the question of senatorial apportionment. Kane, Peoria, La Salle and St. Clair are the only counties outside of Cook which will be senatorial districts in themselves under the new census.
