COLORADO.

That is the title of a very beautiful seventy-two-page book published by the C. R. and Q. railroad. It is most entertaining and informative, besides being illustrated with exceptionally fine engravings. The rates to Colorado are so cheap this year that many will take their vacation there. They should ask the C. R. and Q. ticket agent for this book. Price, 6 cents.

It's Easy To Take

Thin, pale, anemic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anemia. SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

We have known persons to gain a pound a day while taking it.

Wm. B. Scott, Chemist, New York.
