MAY MAKE UP A CABINET.

Spain's Queen Will Ask Sivola to Form Ministry.

The queen regent of Spain, Maria Christina, is sadly perplexed as to the selection of a new premier. She desires above everything to avoid a renewal of the anti-clerical disturbances and demonstrations. For this reason she fears to call on Senor Sagasta, the liberal minister, to form a cabinet, as his anti-clerical ideas are well known.

A cablegram from Madrid says the regent will not hear of anything being done that might displease the pope and play into the hands of the pretender, Don Carlos, by giving offense to the religious orders, especially the Jesuits. She has therefore determined to

\$2.50 SENT FREE!

The Well Known Chicago Heart Specialist, Franklin Miles, M. D., L.L. B., will send \$2.50 Worth of His New and Complete Treatment to our Readers.

There never was a better opportunity for persons suffering from diseases of the heart, nerves, liver, stomach or dropsy to test, free, a New and Complete Treatment for these disorders. Dr. Miles is well known as a leading specialist in these diseases, and his liberal offer is certainly worthy of serious consideration by every afflicted reader.

This new system of Special Treatment is thoroughly scientific and immensely superior to the ordinary methods. It consists of several remedies carefully selected to suit each individual case, and is the final result of twenty-five years of very extensive research and experience in treating this class of diseases. It consists of a curative elixir, tonic tablets, laxative pills and usually a plaster selected for each case. Extensive statistics clearly demonstrate that Dr. Miles' New Treatment is three times as successful as the usual treatment.

Thousands of remarkable testimonials from prominent people will be sent upon request which prove the doctor to be one of the world's most successful physicians. Mr. Julius Kelster, of 350 Michigan Avenue, Chicago, testifies that Dr. Miles cured him after ten able physicians had failed. Mrs. R. Trimmer, of Greenspring, Pa., was cured after many physicians had pronounced her case "hopeless."

Col. E. E. Spiceman, of the 9th United States Regulars, located at San Diego, Cal., says: "Dr. Miles' Special Treatment has worked wonders in my son's case when all else failed. I had employed the best medical talent and had spent \$2,000 in so doing. I believe it is a wonderful specialist. I considered it my duty to recommend him." "For years I had severe trouble with my stomach, head, neuralgia, sinking spells and dropsy. Your treatment entirely cured me," writes Hon. W. A. Warren, of Jamestown, N. Y.

As all afflicted readers may have \$2.50 worth of treatment especially adapted to their case, free, we would advise them to send for it at once. Address Dr. Franklin Miles, 203 to 207 State St., Dept. 1, Chicago. Mention this paper.

police and citizens began searching the city of Terre Haute for her slayer and there were threats that he would be lynched if caught. Miss Finkelstein had dismissed school and started to the house at which she was boarding. It was getting late, and as she was hurrying through a desolate piece of woodland a negro armed with a gun, who evidently had been hunting, called upon her to stop. She quickened her steps, thinking to escape, but the negro opened fire with a shotgun and several of the shot struck her in the face. Thinking the negro meant to rob her Miss Finkelstein stopped and waited for the man to approach, and when he came up to her she handed him her purse containing \$3 and started to go. The negro, however, grabbed her around the waist and held her. The girl struggled and the negro drew a razor and cut her throat. She continued to struggle and scream and the negro finally fled. Miss Finkelstein, weakened from her struggle and loss of blood, walked half a mile to a house, where she fell, and was taken in. She gave a good description of her assailant. An ambulance was summoned, and Miss Finkelstein was brought to a hospital in Terre Haute, where she died at 11:30 p. m. Miss Finkelstein has no relatives in Terre Haute, but she has many friends among the Jewish residents of the city, who know her heroic struggles as the main support of a widowed mother with six young children. Seven years ago her father, a pack peddler, was murdered in a saloon at Hymera, a mining town. After that time she graduated from the high school and then spent two years in the State Normal school. She has been teaching two years at the little country schoolhouse. Her mother and brothers and sisters moved to Chicago some time ago, and the daughter sent to them nearly all her salary as teacher.

Of the forty tons four are missing and are scattered about town.

Barrels mostly filled with sand and stone, with a top layer of sugar, have been sold for \$8 each. Mrs. Bertha Ault, 367 West Van Buren street, was one of the victims. She purchased a barrel of the alleged sugar for \$8 and soon discovered that she had paid for a barrel of sand.
