# E PRESIDENT INAUGURATED.

## The Ceremonies at Washington

es at Washington Monday in the see of a multitude gathered from all parts of the United States and fortands. It was the most brilliant amouration over witnessed at Wash-

Mimultaneously. Theodore Roosevelt stion, headed by Senator Mark Hanna. of New York became vice president of he United States

The coromony that marked the sec-ad assumption by President McKinley of the cares of state was most impressive, and full of suggestion of the development of the republic during the

On the return trip he had for companions in his carriage members of the committee specially chosen by congress to take charge of the inaugurhimself a national figure.

The nations of the world, great and small, paid their tribute to the president in attendance at the ceremonies at the capitol and in reviewing the great parade. In addition to the splendid diplomatic representation, there was present for the first time the head

while at the navy yard floated the grim double turreted monitor Puritan symbolic of later day warfare.

Further down the Potomac lay other vessels, unable to get up the river to Washington, but whose crews swelled be list of paraders.

The states of the union rendered their homage to the president, and demonstrated that no party feeling dominated the great event, by the attendance of sixteen governors, representing north, south and west, most of them accompanied by numerous staffs.

Mrs. McKinley Gives Lunchoon. Mrs. McKinley was hostess at a luncheon similar to that given by the President. Fifty women, including all those known socially as the 'cabinet ladies," were the guests. It was practically a complement of the luncheon given to their husbands at the same hour by the president and, of course, carried out the same idea of being the first formal luncheon of the second administration. The guests, besides the wives and some of the daughters of the cabinet members. included the ladies of the diplomatic corps, and the occasion was fully as formal and at the same time memorable as the luncheon given by the president to his advisers.

Senator Depew and Miss Paulding entertained at dinner Sunday evening in honor of Vice-President Elect and Mrs. Roosevelt. The guests were Secretary and Mrs. Root, Senator and Mrs. Lodge, Senator and Mrs. Eikins. Major General the Hon, and Mrs. Eaton of London, Mrs. Sheridan, General and Mrs. Green, Mrs. Kernochan, Commander and Mrs. Cowles, Lady Cunard of London, Mrs. Paget, Miss Johnson, Frederic Harrison, Mr. Smalley of the London Times, Mr. and Mrs. A. J. Cassuit, M. Van Alen, Senator Bacon, and Senator Daniel.

Busy Scoue in the Capital. At the Capitol Sunday business was in full blast, both houses being in session, and the crowd did not lose the opportunity of the novel sight of seeing the national legislators transacting business on the Sabbath. As all the other public buildings were closed all naturally turned their steps towards the building in which the senators and representatives perform their public duties. As a result the rotunda, lobbies, corridors and galleries were densely packed. It was an interesting and picturesque sight. Utizens and soldiers roamed about arm in arm taking in the sights. Handsome men draped in brilliant and bright uniforms were there. With them were beautiful women, attired in magnificent gowns, which cost enough to support for months the poorer ones who rubbed elbows with their more fortunate neighbors. There were privates and colonels with locked arms, studying the pictures portraying the great epochs in the country's history, all unconscious of the criticism of the regular army officers, who object to the democratic manner in which the volunteer officers and men meet on a

visitors paced the Capitol corridors.

There was a fire on Fourteenth street about noon Sunday. Pennsylvania avenue was full of Pennsylvania soldiers. When the fire engines went up the hill fully 500 soldiers chased after them. The soldiers were from the country and are used to running to fires.

Although strictly formal, this affair was very brief, as the president and cabinet were wanted to take their places in the line of the inaugural parade. Escorted by 28,000 troops, the governors of eleven states and a number of civic bodies, the president rode foun Penusylvania avenue for the secand time as chief executive of the na-

### A Wonderful Parade.

The estimate of the size of the in angural parade, as given out at mill tary headquarters, was 31,240, includ Ing: Military, volunteer and regular 22.246; veteran organizations, 1,200 elvie societies, 7,800. General Francis Greene was grand marshal. It took four and a half hours for the parade to gons the reviewing stand.

Every presidential inauguration in recent years has had its parado, always creditable in size and variety, and usu ally having some distinctive feature That which followed President McKinlay Monday on his return from the capttol to the white house, and pamed in review there before him, was different from all its predecessors in the majestie priominance of the military fea-

Some Illinois Wheat Enjared. The United States weather bureau

has issued the following climate and crop bulletin for Illinois: "A good covering of snow protected wheat in the northern part of the state during February and in that part of the state the crop is believed to have suffered no injury. It was generally in good condition before the snow fell. Over the greater part of the central district the snow disappeared shortly after the middle of the month, and wheat was subjected to alternate freezing and thawing weather which followed. Considerable damage is believed to have resulted. The greatest injury appears to have occurred in the western part of the district. In the southern district there appears to have been considerable injury because of the severe weather. A few correspondents speak

of the injury from the Hessian fly. "Rye seems to have suffered less than wheat. Grasses appear not to have suffered greatly."

Alleged Embessier Caught.

After an exciting chase through three counties Sheriff Cohlmeyer Nashville succeeded in overtaking and arresting Charles Meentemeyer, a fugitive wanted in Franklin county for the alleged embezzlement of \$7,000. Meentemeyer was formerly a prominent business man of Nashville. For the past two years he has been conducting a brokerage business at Benton, Ill., and is accused of emberling funds placed in his hands by business men of the city for investment. He was arrested at Ashley after resisting the officers, and taken to Nashville and placed in jail to await the arrival of the sheriff of Franklin county.

Guilty of Sattley His Vote. In the Appellate court at Mount Vernon decision was rendered in the case of George Persefield, appellant, vs. the people of Illinois. The case came up from Union county. Perseñeld was accused of having sold his vote at the election in November, 1900, the only positive evidence against him to this effect being his own confession, alleged to have been made to A. J. Hunsacker, T. R. Mullins and F. M. Coleman, that he was to receive \$5 in cash and a job at one of the state institutions should the party to whose tenets he was converted by the offer win in the general election.

Boy of 11 Years Is Indicted.

Probably the youngest person ever indicted in Illinois is Tony Hull, aged years, who was indicted by the St. Clair county grand jury and lodged in jail at Belleville. Hull was arrested school in East Carondelet and brought to Belleville. He is charged with having perjured himself by swearing that in a fight between Frank Heisman and John Simons at East Carondelet Heisman brained Simon with a shovel. It is charged be received a gold watch for falsely swearing. Young Hull is the son of John Hull a wealthy resident of Caron-Solet.

Shoots Wife and Himself. Edward Van Dorp, a well-to-do Belgian workman, while in a fit of jealousy, shot and fatally wounded his wife at Kewanes. He then turned the revolver upon himself, the bullet passing through the right side of the body. Van Dorp returned a week ago from Europe and charged his wife with unfaithfulness. Quarrels followed and the tragedy was the result. She is 25 years old and was married to Van Dorp five years ago at Oconto, Wia where her parents now reside. The shooting was witnessed only by the 4year-old daughter.

First District Scale Fixed. In a four hours' session at Springfield the sub-committee of miners and operators of Illinois reached an agreement on the mining scale for the first district, where the hardest fight was promised. The scale in the first district is to remain the same as last year and it is not believed that any material changes will be made in the other districts. This is a victory for the operators, for they had positively refused to consider the 5 per cent increase demanded by the miners.

Frank Paw Is Arrested. Frank Pew was arrested at Sandwich and taken before the Federal officers at Chicago for sending threatening letters through the mails. Secret service men have been working on the case for two weeks. Pew signed a statement that he was the one who wrote the letters which were addressed to Charles Lasuer, who was shot while preparing for bed on the evening of Dec.

The youngest was asked by the recorder: "Where did you get the money with which to play craps?" My mother gave me a quarter for being a good boy, sir," replied the youthful gambler. He received the minimum fine.

A Remedy for the Grippe.

Physicians recommend KEMP's BALSAM for patients afflicted with the grippe, as it is especially adapted for the throat and lungs. Don't wait for the first symptoms, but get a bottle today and keep it on hand for use the moment it is needed. If neglected, the grippe brings on pneumonia. KEMP's BALSAM prevents this by keeping the cough loose and the lungs free from inflammation. Ati druggists, 25c and 50c.

GRAND JURY, THE PROPER, MAYE SO DECIDED

Used by Hundreds of Thousands in Spring es a Blood Redicion

Dr. Greene's Nervura blood and nerve remedy is indeed "The World's Great Spring Medicine." It has come to be recognized by almost everybody as the best possible spring medicine to take and hundreds of thousands of our people use it during the trying spring months, to tone up anew the relaxed nerves and re-invigorate and carich the blood.

A spring medicine is a necessity if one wishes to keep in perfect health and vigor during the changes from winter to summer. This grand spring tonic, this perfect spring medicine, Dr. Greene's Nervura blood and norve remedy, is exactly what the system needs at this season. It not only purifies, but makes rich, red blood; it not only strengthens and invigorates the nervous system, but re-energises and revitalizes the nerves by feeding them with renewed nerve force and power. It is not only an aid to digestion, but it creates a regular, natural and healthy action of the bowels, liver, kidneys, which in the spring are always sluggish and inactive.

In fact, it is just what people need to make them well and keep them well during these months, so threatening to the health of all, and when it is considered that Dr. Greene's Nervura blood and nerve remedy is made entirely from pure, health-giving vegetable remedies, and that people give it more testimonials of cure than any other remedy on earth, no one can doubt that it is the very best spring remedy for everybody to use. Mr. Gustave Leibach, of 337 First

St., Jerney City, N. J., says: "I was troubled with sick headaches, and could not sleep on account of the pains in my head. I was suffering night and day with dyspepsia, could not eat anything, my stomach would sour so. I had to starve myself to have any case. I had to give up work at last, I was so nervous and miserable. and I was falling away in flesh so that my friends hardly knew me. I tried several remedies, but without avail. At last someone recommended Dr. Greene's Nervura blood and nerve remedy. I tried one bottle and began to improve. I started in to eat all right; then I picked up my health; my headaches disappeared, and my weakness and sour stomach went away. I used three bottles and could sleep all night with case; I used six bottles and full like a new man. I can now do a hard day's work without any trouble, and I am as happy as a bird in spring, I was ao miserable, always suffering, always in pain, but now I am like a now man."

Use Dr. Greene's Nervura blood and nerve remedy this spring, for it is the discovery and prescription of a wellknown physician, Dr. Greene, of 35 W. 14th St. New York City, who is responsible for its beneficial action and who can be consulted free of charge, personally or by letter.
