W. A. GOODWIN, JR., Naperville, Ill.

HORTICULTURE EXHIBIT.

Will Be One of the Principal Features of the Exposition.

Horticulture, viticulture and floriculture are linked together in one great class. In the midst of a country of orchards and vineyards the Pan-American Exposition will have abundant material close at hand and of the finest quality from which to make an exhibit worthy of the great event. The extensive floral decorations of the grounds constitute a rich display in floriculture, and several acres, including hundreds of beds, are devoted to the exhibits made by leading florists of the country. Flowers in profusion will welcome the earliest visitors and breathe out their fragrance and display their incomparable beauty the season through. Thousands of trees and shrubs flourish throughout the grounds. Double rows of thrifty trees surround the principal buildings. Foliage and flowers there will be in great profusion. In the horticultural embellishment of the grounds the Pan-American will far surpass the efforts of all former expositions.

In the handsome and commodious Horticultural Building all the popular fruits of the different countries represented in the Pan-American Exposition will be displayed. With a suitable refrigerating room upon the grounds, it will be possible for the management to make a daily fresh display of fruit. Throughout the term of the Exposition, when certain fruits are at their best, special displays will be made of certain varieties. The exhibit from southern California will be particularly large, and New York and other states will be represented fittingly. Bottled productions will also have a place here, the wine growers of the Chautauqua, central New York and Hudson river regions having applied for space for extensive exhibits. The opportunity for a timely display of choice native fruits will be improved. Dried and preserved fruits will be exhibited here. Articles and appliances used in horticulture will also be shown in this division.

The exhibits of nursery stock, including orchard and ornamental trees, shrubs and evergreens, will be unquestionably among the finest, if not the finest, ever made. The most prominent nurserymen in the country have interested themselves and will aim to outdo any former show of the kind. No less interest is taken by the leading florists, who are arranging exceptionally fine displays. Many large beds of flowers were planted some months ago, and they will add in beautifying the scene from the early days of the Exposition.

MARK BENNETT

The Maine Building.

The resources of the State of Maine will be exhibited at the Pan-American Exposition next summer in a building at once unique and appropriate. It

will be circular in form, with projecting entrances, and the decorations will be typical of things in the Pine Tree State. The building will challenge the attention and win the admiration of every visitor to the Exposition.

ELECTRIC SCIENCE.

Feature of Great Importance at the Pan-American.

Electricity and electrical appliances are to receive such attention as to make this one feature of the Pan-American Exposition of the greatest importance in the history of electrical development. In addition to the spectacular uses of electricity in illuminating buildings, towers, courts and fountains there will be very important demonstrations of the application of the force to many new purposes. Among them will be wireless telegraphy, the X rays, the automobile, telegraphy to and from moving trains by induction, the improvements in the electric light and telephone. The wonderful labor saving qualities of electricity

WITH THE MERCHANTS.

National Light oil at Nash's.
Foley's Honey and Tar at Haller's.

STOPS THE COUGH,

And works off the cold. Laxative Bromo Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

TO CURE A COLD IN ONE DAY,

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25 cents.

HOW TO CURE THE GRIP.

Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of grip not to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip not one case has been reported that did not recover. For sale by Bush and Simonson.

PNEUMONIA CAN BE PREVENTED.

This disease always results from a cold or an attack of the grip and may be prevented by the timely use of Chamberlain's Cough Remedy. That remedy was extensively used during the epidemics of LaGrippe of the past few years, and not a single case has ever been reported that did not recover or that resulted in pneumonia, which shows it to be a certain preventative of that dangerous disease. Chamberlain's Cough Remedy has gained a world wide reputation for its cure of colds and grip. Bush & Simonson.

LaGRIPPE QUICKLY CURED.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called LaGrippe" says F. L. Hewitt, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with the Grippe". Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any attack of pneumonia. It is pleasant to take, too, which makes it most desirable and of the most popular preparations in use for these ailments. For sale by Bush and Simonson.

ADMINISTRATOR'S NOTICE.
