

What Mexico Means to

In our country we have the following, says El Correo de Soconusco: The highest mountain in North America, Popocatepetl; the deepest mine in the world, Valenciana; the richest vein in the world, and the one which has yielded the most silver, that of the mountain of Guanajuato; the most extensive and wonderful caves, those of Cacahuamilpa and Villa Garcia; the oldest city in the Americas, formerly Toluca, now Toluca; the oldest commercial house in America, the book store of Abadano, founded 21 years ago; the city in which printing was first established in the new world, Mexico, in 1533; the sanctuary most venerated in which only may be compared that of Lourdes in France; the people, whose tongue, like that of the Basques, cannot be classified among any of the continent, the Seri; the capital, with a higher altitude than the other cities of its country, Mexico; the biggest known tree, the "Santa Maria del Tule" in Oaxaca; the most recently created volcano, Jorullo; finally, the ruler now in power who has done most to preserve peace in all the countries of America freed from Spanish rule, General Porfirio Diaz.

An "M. D.'s" Open Letter.

Benton, Ill., May 20—R. H. Dunaway, M. D., of this place, in an open letter, makes the following startling statement: "I had Diabetes with all its worst symptoms. I applied every remedy known to the profession, as well as every prescription suggested in our books. In spite of all, I was dying, and I knew it. "As a last resort, and with scarcely any faith whatever, I commenced taking Dodd's Kidney Pills. In one week I saw a great improvement. After I had taken five boxes, I was sound and well. This is ten months ago, and I have not taken any medicine of any kind since, and am convinced that my cure is a permanent one. "As a practicing physician with years of experience, I most positively assert that Dodd's Kidney Pills are the best medicine in the world today, for Diabetes or any other Kidney Disease. Since using them myself, I have used them in many cases in my practice, and they have never failed. "I am making this statement as a professional man, after having made a most thorough test of Dodd's Kidney Pills, and because I feel it my duty to the public and to my professional brethren. The truth can never hurt anyone, and what I have said is the absolute truth. R. H. DUNAWAY, M. D. It is no wonder that the public are enthusiastic over this new medicine, when our leading physicians themselves, are being won over to its use.

War Bicycle Exhibited.

One of the special bicycles built for the use of the British troops in South Africa which went through the campaign with Gen. Ian Hamilton's column was recently exhibited in London, where its excellent condition, considering the knocking about it had received, excited general comment. England seems busy with the organization of cyclist soldiers, and many companies of wheelmen will figure in the Easter maneuvers.

TROOPS USE BULLETS.

Albany Merchant Killed and Two Other Men Receive Fatal Injuries.

Riot and bloodshed, coming Thursday night at the close of a day of comparative peace, added a long list to the victims of the strike on the United Traction company's lines at Albany. One citizen was killed and another was fatally wounded, while one non-union workman had his skull fractured and cannot recover. A large number of others were wounded more or less seriously. Obedient to orders to shoot if assaulted, guardsmen of the Twenty-third Regiment opened fire at dusk upon a mob of strikers, sympathizers and innocent bystanders. The hurling of a stone against the soldiers was the signal for the attack.

William Walsh, a merchant, was fatally shot by national guardsmen while sitting in front of a store on Broadway; removed to hospital, where he died during the evening.

The fatally injured are: Leroy Smith, merchant and prominent citizen, shot while sitting in front of his store in company with Walsh.

William Marshall, a non-union motorman, skull fractured.

Others injured are: George Booze, citizen, cheek slashed open by bayonet.

Gilbert Hall, non-union motorman, shot by mob.

William Rooney, citizen, shot by national guards.

An incident of Friday was the arrival of the Ninth regiment from New York city. More non-union men arrived also, and cars were started from the North Albany barns, as well as from the Quail street barn, the company operating fourteen cars, seven from each barn, and opening up the Central avenue branch. The Ninth regiment came to Albany with 524 officers and men, in command of Colonel William C. Morris. E. Leroy Smith, who was wounded by a bullet discharged by Lieutenant Wilson of Company E, Twenty-third regiment, died in the Albany hospital. Albany's Committee of Thirteen, which is much like the Citizens' union in New York, issued an address severely condemning the police for their inability to suppress the disorder and charged them with being in league with the strikers.

Murder Mystery in Washington. The entire Washington (D. C.) detective force is engaged on a murder case which has all the contradictory and mysterious elements of the Sherlock Holmes stories. An uproar was heard in a family hotel—the Kenmore—Wednesday morning about 2 o'clock; three shots were fired; a voice cried twice for help; a wild commotion ensued; and in the morning the police found in one of the hotel rooms the dead body of James Seymour Ayres, Jr., 21 years old, of unoffending disposition and apparently unblemished record. He had been shot three times. The victim was a clerk in the census bureau and was appointed from Michigan. His father, J. S. Ayres, Sr., is an insurance agent and lives at Grand Rapids.

Oil Struck in Illinois. For several years it has been generally known that the southern portion of Coles county, Illinois, lay within the oil and gas belt which extends from Findlay, Shelby county, east to the Indiana fields, but no particular attention was paid to the fact until a few days ago, when three prominent Indiana experts and capitalists, who have inspected the territory, announced their findings. At Findlay both gas and oil have been struck. At Windsor one well on the Smyser farm was opened that expelled a current of gas, which, when lighted, could be seen here, a distance of twelve miles. Last Tuesday, while drilling on the Sargent farm, crude oil was struck, which readily burned.

Stranger Commits Suicide. A mystery developed at Burlington, Ia., in the suicide by shooting of a well-dressed middle-aged man, a stranger, in Crapo park. His handkerchief bears the name of F. Shephard. An envelope of a Chicago druggist containing morphine was found in his pocket, but not a cent in money or valuables. The first joint of the man's forefinger is missing and may be the only clue to identification.

Marriage Stirrs the Elite. Society circles at Cincinnati were stirred by the announcement that Miss Marjorie Harmon, daughter of Judson Harmon, ex-attorney general of the United States, was secretly married to George Heckle of Boston. Miss Harmon was a brilliant debutante of last year and had met Mr. Heckle during a visit of the family in the east.

Knockout for Oshkosh Fight. The Jack Root-"Kid" Carter twelve-round contest, which was to have taken place at the rink in Oshkosh, Wis., Thursday night, was declared off by Adjutant General Boardman, who, acting for Governor La Follette, notified Manager Moore of Appleton that under no consideration would he permit the contest to be held.

Edwin F. Uhl Dies. Edwin F. Uhl, former assistant secretary of state and ambassador to Germany under the Cleveland administration, died Friday at Grand Rapids, Mich. He had been ill nearly a year, suffering from a complication of diseases, among them Bright's disease. Mr. Uhl was president of the Grand Rapids National bank, director in the Fifth National, and had large interests in various manufacturing institutions. His wife, two sons and two daughters survive him.

WHAT WE HEAR FROM ASSINIBOIA, WESTERN CANADA.

"Don't Think of Coming, but Come."

To the Editor: The above is the emphatic manner in which a friend in Yorkton writes to a friend near St. Paul, Minnesota, and it is pretty nearly right, too, with the advantages that Western Canada offers to those seeking homes. The Assinibola district is one of the best. The writer from whose letter we quote goes on to say: "John, if you miss this chance you are foolish, for you can get out cheap when there are so many coming, and I would not tell you to come if I thought you could not do well, and if you don't come in the spring you will have to go away back, for you do not want to think that there is no one living out here but us. I saw nicer buildings out here than I ever saw before, and if the country was no good what would they want them for? John, if you sold everything you have and came out here you would be worth more than ever you were before, and if you can bring your team. You can get anything you want on tick, and when they do that with strangers they are not afraid they can't make enough to pay for it. I saw as nice wheat as I ever saw in my life, and if they could not grow grain what would the flour mill be for, and it cost \$20,000."

Now this was what Mr. Thomas Fitzpatrick, of Yorkton, Assinibola, Western Canada, wrote to a friend. There will be opened up this summer new districts in Saskatchewan and Assinibola at low prices, particulars of which can be had of any agent of the government of the Dominion of Canada, whose advertisement appears elsewhere in the columns of your paper. Yours truly, An Old Reader.

Wouldn't Be Necessary. Teacher—Now, Tommy, suppose you had two apples, and you gave another boy his choice of them, you would tell him to take the bigger one, wouldn't you? Tommy—No, mum. Teacher—Why? Tommy—"Cos 'twouldn't be necessary."—Tit-Bits.

WHY MRS. PINKHAM

Is Able to Help Sick Women When Doctors Fail.

How gladly would men fly to woman's aid did they but understand a woman's feelings, trials, sensibilities, and peculiar organic disturbances. Those things are known only to women, and the aid a man would give is not at his command.

To treat a case properly it is necessary to know all about it, and full information, many times, cannot be given by a woman to her family physician.

Mrs. G. H. CHAPPELL. She cannot bring herself to tell everything, and the physician is at a constant disadvantage. This is why, for the past twenty-five years, thousands of women have been confiding their troubles to Mrs. Pinkham, and whose advice has brought happiness and health to countless women in the United States.

Mrs. Chappell, of Grant Park, Ill., whose portrait we publish, advises all suffering women to seek Mrs. Pinkham's advice and use Lydia E. Pinkham's Vegetable Compound, as they cured her of inflammation of the ovaries and womb; she, therefore, speaks from knowledge, and her experience ought to give others confidence. Mrs. Pinkham's address is Lynn, Mass., and her advice is absolutely free.

Bad Breath. Undigested, decaying food remnants, in the mouth and stomach, giving off pestiferous gases, are the cause of that awful breath, so repulsive as to cause a halt in friendship, affection, love,—any form of intimacy. Nobody can stand its overpowering stench, and it is a cause of terrible misery to those afflicted and their dear ones. There is only one way to cure it—disinfect the digestive canal with CASCARETS! Clean it out, keep it clean, let CASCARETS stimulate the lining of mouth and stomach, and put it in shape to work naturally and properly. Nothing but CASCARETS will bring about the desired result. BE SURE YOU GET THEM! Illustration of a Cascarets tablet and a person's face.
