There is no economy in buying cheap soaps. Most all yellow or brown soaps contain a large per cent of rosin as a filling. Rosin has no washing properties whatever, but is used in soap as a filler and to make it cheap. Maple City Self Washing soap is strictly pure and will go much farther than any rosin-filled soap and do better work. It saves a vast amount of labor and is much easier on the clothes than so much rubbing. Try it as directed on the wrapper.
