## GREAT DAYS

... AT THE ...

# PAN-AMERICAN

HE postponement of some of the special days has crowded many great events into the month of October. Toronto day opened the month with many thousand visitors from Canada on the 3d. Pennsylvania day, on Oct. 4, with Governor William A. Stone, his staff and several regiments of the national guard, made a splendid showing. New York day comes Oct. 9, following Brooklyn day. These two days will be the occasion for reunions of people west and east, as New Yorkers are found all over the Union.

The Citizens' Committee of Brooklyn has been hard at work for several months preparing for Oct. 8, and the programme which has been arranged promises a rare treat for those who are fortunate enough to gain admission to the Temple of Music during the time ay evening in hall Cen. of its presentation. The special oration Month every Saturday evening in hall Cen-tral block. Visiting brothers cordially invited. of the day will be delivered by the B. Horton, N. G. H. F. Legenhausen, Hon. St. Clair McKelway, editor of the Brooklyn Eagle. The Hon. Ludwig Nissen will preside at the gathering, and other addresses will be delivered by Mayor Diebl of Buffalo, William C. Bryant, chairman of the Brooklyn Citizens' Committee, and Hon. W. I. Buchanan, director general of the Exposition. The music incidental to the occasion will be furnished by the Innes band of New York city. Elaborate fireworks have been planned for the even-

On New York day Governor Odell will be escorted to the Temple of Music by sixteen out of town organizations in addition to the three located in Buffalo. Over 3,000 men will be in line, composing one of the largest and most imposing parades which has ever taken place in times of peace. All branches of service will be represented-infantry, cavalry, artillery, naval and signal. An elaborate programme has been arranged for the Temple of Music and a reception in the New York State building with magnificent fireworks in the

Illinois day, on Oct. 7, is to be one of the great days of the Exposition. While the death of President McKinley made it necessary to postpone the day from Sept. 16, Governor Yates and the State commission have determined that the day shall be an event of great importance at the Exposition. Thousands of Illinois people are coming. The

great middle west, Obio, Indiana and Illinois, with Michigan, have sent great crowds already to the Pan-American, and there is every indication that the attendance from that section will be greater than ever during the month of

Buffalo will have a great day on Oct. 19. At the Chicago fair Chicago day was the crowning event of the Exposition. So Buffalo people are laboring hard to make Buffalo day the climax in

The list is constantly being added to. National Grange day, Oct. 10, will bring Patrons of Husbandry from every part of the nation. Atlantic City people and New Jersey people will visit the Exposition on Oct. 11, Atlantic City

Alaska day, on the 28th, will bring into prominence the products and people of that great golden land of the midnight sun, ice, snow and wealth. Every day from Oct. 1 to the 31st will be replete with interest, from Carnival week, which opens the month with the gorgeous floats of King Rex and the m replica of Mardi Gras pageantry, to the magnificent pyrotechnic display on the pm aight of the last day of the month.

No exposition ever held in the United pm States so appealed to the American ... 9.02 p m .. 10.00 p m public as has the Pan-American Ex-10.20 p m position in its architectural beauty and symmetry, its gorgeous flowers, now in the fine beauty of fall bloom; its gardens and fountains and its special 8.35 a m amusements, music and carnival features. "No person," said Secretary of 11.05 a m Agriculture Wilson during a visit on .12.02 p m Sept. 10, "should miss seeing the Expm position. It is magnificent beyond com-2.20 pm pare." Never again will the world see 4.05 pm such an Illumination. Not every city has the wonderful electric plant driven 5.49 pm by Niagara Fails, and without some such plant it will be impossible to reproduce the solemn grandeur, the glorious beauty, the impressive radiance

m of this City of Light. There are yet a few more weeks in which to see this vision with all its attendant beauties.

Conventions at Buffalo.

October will be a great convention month at Buffalo. Thousands of mem-Sam bers of organizations will take this opthat time. Beginning with the International Cremation congress from Oct. States Government building and the m 1 to 3, the month closes with the Amerlean Langshan club on Oct. 28.

> National Grange Day. Thursday, Oct. 10, will be National Grange day at the Pan-American Exusbington held in 1900 the Nationa

OCTOBER FLOWERS.

There is a Beautiful Display of Them at the Pan-American -- The Gardens of the City of Light Are One of its Most Attractive Features. Artistic Scenes Which the Lover of Beauty Should Not Fail to Sec.

The Pan-American is one of the greatest flower shows that ever was, but there are so many other things in which it is great that the rarity and beauty of its floral features are perhaps apt to be overlooked. If people would take more time to allow the artistic and beautiful features of the Exposition to impress their senses and permeate their inmost being instead of racing from one part of the grounds to another, trying to see every exhibit and every show on the Midway, they would go home feeling greater benefit from their stay in the Rainbow City.

The Pan-American is full of gardens which tempt the visitor to rest awhile and drink in the beauties of nature. It may seem surprising that in the month of October there are flowers worth looking at, but such is the fact. The rains of the past few weeks have kept the landscape as fresh and beautiful as in May and June, and as one flower goes out of the scene another takes its place. On opening day the hyacintha filled the air with their dainty fragrance, in June tulips lifted their proud heads, later in the month of brides and sweet girl graduates came roses, with their rich perfume, and as the summer passed the other flowers in their season sprang up as if by magic to take the place of those which had done their blossoming and served their turn in the entertainment of the visitors to the City of Light. And now one sees the tall canna, the gay geranium sud such old fashioned flowers as grandmother's garden had-the phlox, the pink, the begonia, the petunia and other posies which are no less beautiful because they do not happen to be novel.

In entering the grounds by the Elmwood gate visitors pass two tall and curious looking trees, which perhaps few in their anxiety to reach the heart of the Exposition stop to notice. If they realized that they were century plants just budding, a thing which, as all know, century plants only do once in a long, long time, they would doubtless stop and look with open mouths and wondering gaze. It is a sight which one cannot see very often anywhere else. One of these century plants in nearly forty feet in height.

The Rose Gardens around the Woman's building, having for their background the outlines of the Spanish renaissance buildings about the main court and the Electric Tower looming up at its north end, with the Mirror Lakes and the Triumphal Bridge and the groups of statuary abounding, form a scene whose artistic aspect must appeal to even the least methetic visitor. The cannas are very effective decorative plants, with their tall leaves in green and red and brown. A rich canna one sees here is named Governor Roosevelt. It would seem appropriate now to change its name to President

On the opposite side of the Triumphal Bridge is the Wooded Island, and here one roams amid old fashioned flowers, growing as though they had sprung up there all by themselves without any assistance from the landscape gardener and his corps of assistants. But of course that is not the case. The studied carelessness of the gardening of this island is only one of the pretty deceits employed to produce the impression that it is all the work of Mother Nature herself.

Have you seen the fairylike effects in the garden about the Fountain of Abundance at night? It is one of the new things. This small garden is very beautiful by day, and at night electric lights of different colors have been hidden among the flowers and planks, so that one sees the surface of the ground dotted with these little spots of light, bringing out the beauty of the flowers; and all forming a scene impossible to describe, but very charming indeed to witness. It is quite a pretty surprise even to old Pan-American visitors.

Did you ever notice in crossing the Court of Lilles, south of the Machinery building, a heavy vapor arising from the basin in the center of that court? Sometimes it has so much the appearance of smoke that people think something must be afire in the garden, but It is only the steam or vapor created by the heating of the water in that basin for the benefit of the tropical lilies which grow therein. These lilles, which are known as the Victoria Regia, have enormous leaves, some of them three

feet in diameter. Other gardens where there are flow-Horticulture group, where the gay gerantoms and sweet petunias contrast their colors with the green flags growing in the basin and with the white Statuary disposed along their slopes.

There was a floral fete at the Exposition during the first week of October,

and this in its way, of course, was an

affair of much beauty and magnifi-cence; but, as a matter of fact, there have been foral fetes at the Pan-Amer-ican since opening day.

SUMMER EXCURSION RATES.

COLURADO.

That is the title of a very beautiful seventy-two-page book published by the C., B. and Q. raiiroad. It is most entertaining and informative, besides being illustrated with exceptionally fine engravings. The rates to Colorado are so cheap this year that many will take their vacation there. They should ask the C., B. and Q. ticket agent for this book. Price, 6 cents,

HOMESEEKERS' EXCURSION.

On Oct. 1 and 15 you can buy low rate round-trip tickets to Nebraska and many other parts of the western country as far as the pacific coast. Remember that while the light rainfall which prevailed during July in Nebraska and other of the older states, injured the corn crop this year, and 50 per cent of the acreage was planted in wheat, which made a big crop-for which the farmers are getting big money. Ask C. B. & Q. agent for particulars about tickets. Go and look far a new home in Nebraska, a prosperous country where a farm can be bought for one year's rent of an eastern farm.
