

ALL THE TESTIMONY HEARD

Only the Arguments Remain to Be Heard by Schley Court.

TWO WITNESSES ARE BARRED

Evidence of Newspaper Men Contradicting Capt. Sigbee Is Declared Not Material by the Court—Will End some Day This Week.

Washington dispatch: Two new witnesses were before the Schley court of inquiry in the forenoon, and both of them were called in the interest of Admiral Schley. They were Frank B. Richards and George Lynch, both of whom went through the Cuban campaign as newspaper correspondents. Mr. Richards was on the press boat Premier, and testified concerning the interview with Captain Sigbee, while the latter was in command of the St. Paul off Santiago in May, 1898. Mr. Lynch was on the Somers N. Smith, and was called to relate his recollection of Capt. Sigbee's communication to that boat, concerning which Photographer Hare and Correspondent Scovel already have testified.

The first witness to take the stand today was Capt. Sigbee, formerly of the St. Paul, who was recalled for the purpose of reviewing his former testimony. Admiral Schley also was called for this purpose, and his statement occupied a good portion of the time of the court. His testimony in chief occupied five days, and as many of his statements were made off-hand there were innumerable verbal changes to be made, as well as some additions. During the day Capt. Lemly submitted for the consideration of the court a large mass of documentary evidence, including Capt. Goodrich's report concerning cable-cutting, made on April 29, 1898; the reports made by Capt. Philip of the Texas, Capt. Higginson of the Massachusetts, Capt. McCalla of the Marblehead, and Capt. Cotton of the Harvard; Commodore Schley's report of May 30; Capt. Wise's report of the operations of the Yale off Santiago, the log of the Spanish ship Cristobal Colon, Admiral Sampson's orders to Capt. Folger of the Scorpion, all of the reports of the commanding officers of the battle of July 3. Commodore Schley's letter to the senate, one of Capt. Sigbee's letters, and also the letter of the secretary of the navy to the senate as printed in executive document C.

Admiral Schley took the stand again and corrected his testimony before the arguments in the inquiry were begun. Thus he was the last to testify in the famous case in which the events surrounding the sea fight of Santiago are involved.

There has been no change of the program arranged on Friday for the presentation of argument by counsel.

Scout Officer Robbed Here.

Scott Witt, a farmer from Pingree Grove, Ill., made a charge to Captain Wheeler in Chicago that he had been robbed on a public street by a police officer in full uniform. Witt lost \$40 and a gold watch. Witt told Justice Sabath that he went to Chicago to collect some bills from milk dealers. Early Sunday evening he sat down at Desplaines and Harrison streets and fell asleep. He was aroused by feeling somebody searching his pockets. He opened his eyes, he says, to find a uniformed police officer standing over him.

Many Uses for Liquid Air.

The Consolidated Liquid Air company, with principal offices in New York city, was incorporated at Albany, with a capital stock of \$1,000,000, divided into shares of the par value of \$5 each. The company proposes to manufacture liquid air for refrigeration, power, light, navigation and medical application. The company will also manufacture ships, locomotives, automobiles, stationary engines, elevators and other moving vehicles and plants to which liquid air may be applied. The company will operate in America and in Europe.

Woman Bitten by a Mad Dog.

Omaha dispatch: A pet bull terrier which had been the mascot of Fred Lake's fraternity at Pennsylvania, went mad and bit Mrs. George B. Lake, wife of a well-known Western jurist. The injured woman started this afternoon for Chicago to undergo treatment. The dog was supposed to be suffering from pneumonia, but when it died in spasms after biting Mrs. Lake the family became suspicious and summoned a veterinarian, who declared the dog had hydrophobia.

Business Part of Town Burned.

Lisbon, N. H., dispatch: Starting in the peg mill of James G. Moore fire destroyed a large part of the business section of this town to-day. The burned buildings include Brigham's hotel, the bank building, Cogswell & Oliver's store, a block owned by Mrs. Charles Parker, and the store of the Fred Parker company. The total loss will amount to fully \$100,000.

Government Buys Indian Lands.

Major McLaughlin, special agent of the interior department, has concluded a treaty at Devils Lake, N. D., with the Fort Totten reservation Indians and the government. The Indians agree to sell 104,000 acres for \$550,000, the sum of \$145,000 to be paid after ratification and \$20,000 a year for twenty years. They also agree to relinquish all rights to a recognized claim against the government of \$80,000. Senator Hammon believes the reservation will be ready for settlement next spring.

A pathetic message was received by Dr. Gould of Rockland, recently from that lonely place called Matineus. Dr. Gould has a system of pigeons which convey messages from there to the mainland, and there came a pigeon to the homing loft at Tenant's Harbor conveying news of the serious illness of Mrs. E. A. Young. The silent messenger that flew across twenty miles of seas to Tenant's Harbor was found to have seven No. 1 shots imbedded in her body and wings. With this injury, by a thoughtless sportsman, the bird had flown across with her message, and, true to instinct, the bird had delivered her message. Shortly after the homecoming the bird died.—Kennebec (Me.) Journal.

"Straws Show Which Way the Wind Blows" and the constantly increasing demand for and steady growth in popularity of St. Jacob's Oil among all classes of people in every part of the civilized world, show conclusively what remedy the people use for their Rheumatism and bodily aches and pains. Facts speak louder than words, and the fact remains undisputed that the sale of St. Jacob's Oil is greater than all other remedies for outward application combined. It acts like magic, cures where everything else fails, conquers pain.

Mme. Pompadour's Wonderful Library. A recently discovered catalogue of the library of Madame Pompadour, which was sold at auction in 1765, enumerates 266 theological works, 76 legal, 511 pertaining to natural history, 3,434 to belles lettres, and 4,892 historical works.
