Mr. A. G. Prince, Agent, Downers Grove, Ill. Dear Sir: We have been using the Blue Flame Oil Gas Burner in our kitchen stove for several weeks and it has given great satisfaction, it is not a bit of trouble. The heat is so steady the cooking is much better than it would be with a coal fire. After once lighting it will run all day without looking after it. I consider it a first class heater and burner. Yours truly, Frank E. Mayer. Oct. 29th, '01.
