Tired

that's all. No energy, no vim, no vigor, no ambition. The head aches, thoughts are confused, memory fails. Life becomes a round of work but half accomplished, of eating that does not nourish, of sleep that fails to refresh and of resting that never rests. That's the beginning of nervous prostration.

"I was very nervous and so tired and exhausted that I could not do my work. One dose of Dr. Miles' Nervine quieted my nerves and drove away the lameness. Seven bottles did wonders in restoring my health."
 Mrs. M. E. LACY, Fortville, Ind.
